NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT MARCH 31, 2017 (Contd.)

(25) SIGNIFICANT ACCOUNTING POLICIES TO THE FINANCIAL STATEMENTS: 31ST MARCH, 2017

SIGNIFICANT ACCOUNTING POLICIES

Brief Description of the Company:

L&T Capital Company Limited (the 'Company) was incorporated in India on April 6, 2000. The Company is 100% subsidiary of Larsen & Toubro Limited.

The Company is a registered intermediary for distribution of mutual fund products and is very active in the market. Under this, the company tracks the performances of all mutual funds and suggests investments to its clients.

1. Statement of compliance:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2016. These financial statements comprising of balance sheet, statement of profit and loss, statement of changes in equity and statement of cash flows as at March 31, 2017 have been prepared in accordance with Indian Accounting Standards ('Ind AS') as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Previous period numbers in the financial statements have been restated to Ind AS.

2. Presentation of financial statements:

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards.

3. Basis of Preparation:

The Company maintains its accounts on accrual basis following the historical cost convention (except for the revaluation of certain fixed assets).

In accordance with Ind AS 101 First-time Adoption of Indian Accounting Standard, the Company has presented a reconciliation from the presentation of financial statements under Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP") to Ind AS of Shareholders' equity as at March 31, 2016 and April 1, 2015 and of the comprehensive net income for the year ended March 31, 2016.

Previous period comparative numbers in the financial statements are presented for opening balance sheet as at April 1, 2015 along with March 31, 2016 and have been restated to Ind AS.

The financial results and financial information for the year ended March 31, 2016 have been compiled by the management after making the necessary adjustments to give a true and fair view of the results in accordance with Ind AS. These have neither been audited nor reviewed. The Ind As financial results and other financial information as of and for the year ended March 31, 2016 has been audited.

4. Summary of significant accounting policies:

The significant accounting policies adopted by the Company, in respect of the financial statements are set out as below:

(a) Current versus non- current classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT MARCH 31, 2017 (Contd.)

(b) Property, plant and equipment and intangible assets:

Property, plant and equipment and Capital work in progress, are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognized in the statement of profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

In accordance with Ind AS 101 provisions related to first time adoption, the Company has elected to consider historical cost as per Indian GAAP as their deemed cost as at the opening balance sheet as at April 1, 2015 under IndAS. All additions during the reported year are considered at Cost.

Depreciation and amortization are computed as per the straight-line method using the rates arrived at based on the useful lives estimated by the management. The estimated useful life considered for depreciation of fixed assets is as follows:

Sr. No.	Category of Assets	Assets life (in years)
1.	Computers & Laptops	3 years
2.	Office Equipments	5 years
3.	Plant & Machinery	15 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) Revenue Recognition

Revenue from operations

i. Fees are recognised as income on successful completion of assignments.

ii. Other Income

- Interest income is accrued at applicable interest rate.
- Other items of income are accounted as and when the right to receive arises.

(d) Taxes on income

i. Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income tax Act 1961, and based on expected outcome of assessments / appeals.

Current income tax relating to items recognized outside profit or loss is recognized either in other comprehensive income or in equity. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

ii. Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

iii. Deferred tax assets relating to unabsorbed depreciation/business losses/losses under the head 'capital gains' are recognised and carried forward to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

iv. Other deferred tax assets are recognised and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

v. Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries and associates, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized either in other comprehensive income or in equity as applicable. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT MARCH 31, 2017 (Contd.)

(e) Fair value measurement

The Company has measured the financial instruments at fair value at the balance sheet date.

Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs, other than quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly; and,
- Level 3 inputs are unobservable inputs for the asset or liability

(f) Financial instruments – initial recognition and subsequent measurement

Financial assets

Initial recognition and measurement:

The Company classifies its investments and financial assets in the following measurement categories:

- those to be measured at cost (investment in subsidiaries)
- those to be measured subsequently at fair value through other comprehensive income, and
- those to be measured subsequently at fair value through profit and loss

Subsequent measurement:

- Financial assets at fair value through profit or loss: Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value presented as finance costs (negative net changes in fair value) or finance income (positive net changes in fair value) in the statement of profit or loss.

Financial liabilities

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade payables, accrued expenses and advance from customers.

Subsequent measurement:

- Fair value through profit or loss: Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. All changes in fair value of such liability are recognized in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

(g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 1, 2015, the company has examined and determined that there are no arrangements that contain lease on the basis of facts and circumstances existing on the date of transition.

(h) Provisions, Contingent liabilities and Contingent assets

Provisions are recognised for liabilities that can be measured only by using a substantial degree of estimation, if

- the Company has a present obligation as a result of a past event;
- a probable outflow of resources is expected to settle the obligation; and
- the amount of the obligation can be reliably estimated.

Contingent liability is disclosed in case of

- present obligation arising from past events, when it is possible that an outflow of resources will be required to settle the obligation.
- a present obligation arising from past events when no reliable estimate is possible; and
- a possible obligation arising from past events where the probability of outflow of resources is not remote.

Contingent assets are neither recognised nor disclosed.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT MARCH 31, 2017 (Contd.)

(i) Employee Benefits

- Short-term employee benefits

  All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as, salaries, short-term compensated absences, etc., and expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

- Post-employment benefits

  (a) Defined contribution plans: The Company's superannuation scheme, state governed provident fund scheme and employee pension scheme are defined contribution plans. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

  (b) Defined benefit plans: The employees' gratuity fund scheme is wholly funded. The present value of the obligation under defined benefit plan is based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of services as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

  The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans, is based on the market yields on government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

  Actuarial gains and losses are recognised immediately in the statement of profit and loss.

  (c) Long-term employee benefits: The obligation for long term employee benefits such as long-term compensated absences is recognised as defined benefits plans.

(j) Cash and Cash equivalents

Cash and Bank Balances that have insignificant risk of change in value including term deposits, which have original durations up to three months, are included in cash and cash equivalents in the Cash Flow Statement.

(k) Cash Flow Statement

Cash Flow Statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

i. transactions of a non-cash nature.

ii. any deferrals or accruals of past or future operating cash receipts or payments and

iii. items of income or expense associated with investing or financing cash flows

Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

(l) Earnings per share

Basic and diluted earnings per share are computed in accordance with Ind AS-33 – Earnings per share.

Basic earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

The Agenda of the Meetings were circulated to the Directors in advance. Minutes of the Meetings of the Board of Directors were circulated amongst the Members of the Board for their perusal.

15. REMUNERATION COMMITTEE

The Company has constituted a Remuneration Committee on 18th August 2012. The Remuneration Committee is empowered to take decisions regarding payment of managerial remuneration. The Composition of the Committee is as under:

Name	Designation
Mr. K. Ravindranath	Chairman
Mr. Harold Douglas Evans	Member
Mr. William Crissman Shipman	Member
Mr. D. R. Saxena	Member

16. ADEQUACY OF INTERNAL FINANCIAL CONTROLS:

The Company has designed and implemented a process driven framework for Internal Financial Controls ('IFC') within the meaning of the explanation to Section 134(5)(e) of the Companies Act, 2013. For the year ended March 31, 2017, the Board is of the opinion that the Company has sound IFC commensurate with the nature and size of its business operations and operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps, if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations

17. DIRECTORS RESPONSIBILITY STATEMENT:

The Board of Directors of the Company confirms that:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures.

b) The selected accounting policies were applied consistently, made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2017, and of the profit or loss of the Company for that financial year ended on that date

c) proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities:

d) The Annual Accounts have been prepared on a going concern basis and

e) Proper systems are in place to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

18. PROTECTION OF WOMEN AT WORKPLACE:

The parent company Larsen & Toubro Limited (L&T) has formulated a policy on 'Protection of Women's Rights at Workplace' which is applicable to all group companies. This has been widely disseminated. There were no cases of sexual harassment received in the Company during F.Y. 2016-17.

19. COMPLIANCE WITH SECRETARIAL STANDARDS ON BOARD AND ANNUAL GENERAL MEETINGS:

The Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Board Meetings and Annual General Meetings.

20. FINANCIAL STATEMENTS:

Directors have pleasure in attaching the Financial Statements pursuant to Section 129(1) of the Companies Act, 2013 and prepared in accordance with the Accounting Standards prescribed by the Institute of Chartered Accountants of India, in this regard.

The Auditors report to the shareholders does not contain any qualification, observation or adverse comment.

21. AUDITORS:

The Auditors, M/s Sharp & Tannan, hold office until the conclusion of the ensuing Annual General Meeting. As per the provisions of the Companies Act, 2013, Certificate from the Auditors has been received to the effect that they are eligible to act as auditors of the Company under Section 141 of the Companies Act, 2013. The Board recommends the appointment of S&T as Auditors of the Company for the Five (5) years from the conclusion of the ensuing AGM until the conclusion of the 15th AGM. Their appointment shall be ratified at every Annual General Meeting of the Company.

22. ACKNOWLEDGEMENT

Your Directors take this opportunity to thank the customers, supply chain partners, employees, Financial Institutions, Banks, Central and State Government authorities, Regulatory authorities, and all the various stakeholders for their continued co-operation and support to the Company. Your Directors also wish to record their appreciation for the continued co-operation and support received from the Joint Venture partners

For and on behalf of the Board

ANNEXURE 'A' TO THE BOARD REPORT

A. CONSERVATION OF ENERGY

(a) Energy Conservation measures taken (b) Additional investments & proposals, if any, being implemented for reduction of consumption of energy (c) Impact of measures at (a) & (b) above for reduction of energy consumption and consequent impact on the cost of production of goods	The Company provides Engineering services from an Engineering office. All computers and electrical appliances used in the office have built-in energy Saving features. Overall power conservation measures are undertaken by common administration of the campus.

B. TECHNOLOGY ABSORPTION

FORM B

(Disclosure of particulars with respect to Technology Absorption)

RESEARCH & DEVELOPMENT (R&D)

1. Specific areas in which R&D carried out by the Company 2. Benefits derived as a result of the above R&D 3. Future plan of action (a) Capital (b) Recurring (c) Total R&D expenditure as a percentage of total turnover	The Company's primary activity is the provision of Engineering services in the field of pipelines and Field Development projects. The services provided fall under the category of design and Engineering. We are continuously upgrading our track record of detailed engineering to higher sizes of the pipelines. The Company successfully carried out Detailed engineering for a Pipeline Project for Transporting Ethane in Dense phase for Reliance, ,Effluent water pipeline with HDPE Liner for Kuwait Oil Company, etc. involving Technological Challenges.

TECHNOLOGY ABSORPTION, ADAPTATION & INNOVATION

1. Efforts in brief, made towards technology absorption, adaptation & innovation 2. Benefits derived as a result of the above efforts, e.g. product improvement cost-reduction, product improvement etc.	Any technology absorption in the way of our business requirement is carried out through knowledge received from the parent companies and also the same can be derived through association with academic institutions like IIT's where the specific specialization is at its best. The Company undertook hydraulic simulation studies using advanced software like Olga, Pipesim besides working on 3D software like SP3D, PDMS, Microstation etc. The company also undertook Seismic studies in association with IITs.

C. FOREIGN EXCHANGE EARNINGS & OUTGO

(1) Activities relating to exports; initiatives taken to increase exports; development of new export markets for product and services; and export plans	We are executing international engineering assignments with worldwide EPC companies and direct end users. The Company is making continuous efforts to secure more export orders on the basis of the sound proven track record and customer relationships already built abroad.
(2) Total Foreign Exchange used and earned:	
Foreign Exchange earned	₹ **1200.64** Lakhs
Foreign Exchange used	₹ **15.22** Lakhs

ANNEXURE 'B' TO THE BOARD REPORT

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF L&T - GULF PRIVATE LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **L&T - GULF Private Limited** (the 'Company'), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss, the Statement of Changes in Equity, and the Cash Flows Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the 'Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the State of Affairs of the Company as at 31st March, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the **Annexure 'A'**, a Statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
   (b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
   (c) the Balance Sheet, the Statement of Profit and Loss, the Statement of change in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
   (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
   (e) on the basis of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act; and
   (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure 'B'**;
   (g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
      (1) the Company does not have any pending litigations which would impact its financial position in its financial statements;
      (2) the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
      (3) the Company is not required to transfer any amount to Investor Education and Protection Fund.
      (4) The Company had provided requisite disclosures in its financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016 and these are in accordance with the books of accounts maintained by the Company.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 of our report of even date)

(i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) As explained to us, these fixed assets have been physically verified by the management in accordance with a phased programme of verification, which in our opinion is reasonable, considering the size of the Company and nature of its assets. The frequency of physical verification is reasonable and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us, the Company does not have any immovable properties.

(ii) The Company did not have any inventory during the year except the engineering man hours spent on various jobs which could not be invoiced to the clients and treated as Work in Progress.

(iii) According to the information and explanations given to us, the Company has not granted loans, secured or unsecured to companies covered in the register maintained under Section 189 of the Act. Accordingly, the Paragraph 3 (iii) (a) and (b) of the Order are not applicable.

(iv) According to the information and explanations given to us, the Company has not given any loans, made any investments, given any guarantees and security. Accordingly, the Paragraph 3 (iv) of the Order are not applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposit during the year and hence reporting under clause (v) of CARO 2016 is not applicable to the Company.

(vi) To the best of our knowledge and as explained, the Central Government has not prescribed maintenance of cost records under Section 148(1) of the Act.

(vii) (a) According to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, service tax, cess and any other statutory dues, where applicable, to the appropriate authorities. According to the information and explanations given to us, there are no arrears of outstanding statutory dues as at the last day of the financial year for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and the records of the Company examined by us, there is no case of dispute pending pertaining to the income-tax, service tax or cess as at 31st March, 2017.

(viii) According to the information and explanations given to us and as per the records of the Company examined by us, the Company has not defaulted in repayment of dues to banks. The Company did not have any outstanding dues to any financial institution. The Company has not issued any debentures. Accordingly, the Paragraph 3 (viii) of the Order is not applicable to the Company.

(ix) According to the information and explanations given to us, the Company has not raised money by way of initial public offer or further public offer (including debt instruments). Accordingly, the Paragraph 3 (ix) of the Order is not applicable to the Company.

(x) During the course of our examination of the books and records of the Company, carried out in accordance with generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any fraud by the Company or any fraud on the Company by its officers or employees noticed or reported during the year.

(xi) According to the information and explanations given to us, the managerial remuneration has been paid and provided in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

(xii) According to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, the Paragraph 3 (xii) of the Order is not applicable to the Company.

(xiii) According to the information and explanations given to us, all the transactions with the related parties are in compliance with Sections 177 and 188 of the Act and the relevant details have been disclosed in the Financial Statements etc., as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us, the Company had not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the Paragraph 3 (xiv) of the Order is not applicable to the Company.

(xv) According to the information and explanations given to us, the Company had not entered into any non-cash transactions with directors or persons connected with him during the year. Accordingly, compliance with the provisions of Section 192 of the Act is not applicable to the Company.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) of our report of even date)

We have audited the internal financial controls over financial reporting of L&T- GULF Private Limited (the 'Company') as of 31st March, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the 'Act').

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTE 11

SIGNIFICANT ACCOUNTING POLICIES

I. General Information:

L&T-GULF Private Limited (“the Company”) is a private limited company incorporated in India. Its parent and ultimate holding company is L&T Hydrocarbon Engineering Limited. The registered office of the company is located at L&T House, N. M. Marg, Ballard Estate, Mumbai – 400 001.

L&T-GULF Private Limited (LTG) is an internationally reputed Design and Engineering Consultancy Organization catering to the integrated engineering for Hydrocarbon onshore cross country pipelines, LTG was established in 2008 as a joint venture between L&T Hydrocarbon Engineering Limited, India and GULF Interstate Engineering, USA. LTG has engineering office in Faridabad, India.

LTG provides the complete gambit of engineering and consultancy services for onshore cross country Pipelines and Oil & Gas Field development Projects including Feasibility Studies, Front End Engineering & Design, Basic Engineering, Detailed Engineering, Project Management & Procurement Assistance.

II. Significant accounting policies

1. Basis of preparation:

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable.

Up to the year ended March 31, 2016, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company’s first Ind AS financial statements. The date of transition to Ind AS is April 1, 2015. Refer Note 3.28 for the details of first-time adoption exemptions availed by the Company.

The Company maintains its accounts on accrual basis following the historical cost convention,except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

The preparation of financial statements in conformity with Ind AS requires that management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Examples of such estimates include the useful lives of tangible and intangible fixed assets, deferred tax assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

2. Presentation of financial statements

The balance sheet and the statement of profit and loss are prepared and presented in the format prescribed in the schedule III to the Companies Act, 2013(“the Act”). The cash flow statement has been prepared and presented as per the requirements of Ind AS 7“Statement of Cash Flows”.

NOTES FORMING PART OF ACCOUNTS (Contd.)

The disclosure requirements with respect to items in the balance sheet and statement of profit and loss, as prescribed in the schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under Ind AS.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of schedule III. Per share data are presented in Indian Rupees to two decimals places.

3. Revenue Recognition

Revenue from services provided is recognized using proportionate completion method when no significant uncertainty exists regarding the amount of consideration that will be derived from rendering the service.

Revenue recognized under proportionate completion method is determined on the basis of time spent, cost incurred and/or milestone achieved depending on the terms of the specific contracts.

The Company's revenue recognition policy is as follows:

a)	In respect of Lump sum/Fixed Price Contracts	:	Proportionate completion method
b)	In respect of contracts having both fixed price		
	Component and reimbursable price component		
	In respect of Fixed price component	:	Proportionate completion method
	In respect of reimbursable component	:	On accrual basis
c)	Income from deputation of personnel	:	On accrual basis
d)	Any other income	:	On accrual basis

In respect of (a) and (b) above, the stage of completion of contract in progress is determined on an appropriate basis having regard to the nature and terms of each contract.

4. Employee benefits

a. Short term employee benefits:

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognized in the period in which the employee renders the related service.

b. Post-employment benefits:

i. **Defined contribution plans:** The Company's superannuation scheme, state governed provident fund scheme, employee state insurance scheme and employee pension scheme are defined contribution plans. The contribution paid/payable under the schemes is recognized during the period in which the employee renders the related service.

ii. **Defined benefit plans:** The employees' gratuity fund schemes managed by trust is the Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method. The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the balance sheet date.

Actuarial gains and losses are recognized immediately in the statement of profit and loss.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognized when the curtailment or settlement occurs. Past service cost is recognized as expense on a straight-line basis over the average period until the benefits become vested.

c. Long term employee benefits: The obligation for long term employee benefits such as long term compensated absences, long service award etc. is recognized in the similar manner as in the case of defined benefit plans as mentioned in (b)(ii) above.

d. Termination benefits: Termination benefits such as compensation under voluntary retirement cum pension scheme are recognized as expense in the period in which they are incurred.

5. Employee stock ownership schemes

The Employees Stock Option Scheme (the Scheme) provides for grant of equity shares of Larsen & Toubro Limited (the holding company) to employees of the company. The Scheme provides that employees are granted an option to subscribe to equity share of the holding company that vest in a graded manner. The options may be exercised within specified period. The holding company follows the fair value method to

NOTES FORMING PART OF ACCOUNTS (Contd.)

account for its stock based employee compensation plans. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period.

6. Taxes on income

Current tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income-tax Act, 1961 and based on the expected outcome of assessments/appeals.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

7. Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the consolidated balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

All other fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method as follows:

Category of Assets	Life	Rate of depreciation
Furniture and Fixtures	10 Years	10.00%
Multifunctional devices (fax machine/scanner/printers), inkjet/ laser jet printers, switches (audio/ video), polycom and projectors	4 Years	25.00%
Office Equipment like Refrigerator, Air Conditioner and other related equipment	4 Years	25.00%
Desktops and laptops given to employees under the Company's scheme	3 Years	33.33%
Other laptops	3 Years	33.33%
Motor cars	7 Years	14.28 %
Hardware & Computers	3 Years	33.33 %

The company, based on technical assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

NOTES FORMING PART OF ACCOUNTS (Contd.)

For transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

8. Intangible assets and amortization

Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortization and cumulative impairment. Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are amortized as follows:

a. Specialized software: over a period of six years.

b. Technical know-how: over a period of six years in case of foreign technology and three years in the case of indigenous technology.

Administrative and other general overhead expenses that are specifically attributable to acquisition of intangible assets are allocated and capitalized as a part of the cost of the intangible assets.

Intangible assets not ready for the intended use on the date of the balance sheet are disclosed as“Intangible assets underdevelopment”.

Amortization on impaired assets is provided by adjusting the amortization charges in the remaining periods so as to allocate the asset’s revised carrying amount over its remaining useful life.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and arerecognized in profit or loss when the asset is derecognized.

9. Impairment of assets

As at each balance sheet date, the carrying amount of assets is tested for impairment so as to determine:

a. The provision for impairment loss, if any; and

b. The reversal of impairment loss recognized in previous periods, if any.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined:

a. In the case of an individual asset, at the higher of the net selling price and the value in use;

b. In the case of a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit’s net selling price and the value in use.

(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life).

10. Inventories

Work in progress (Engineering services) is the difference in the realizable value of completed part and billed part of the job, (where the job is for a lump sum consideration) if major portion of the job is complete, and at cost in other cases.

11. Provisions, contingent liabilities and contingent assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

a. The Company has a present obligation as a result of a past event

b. A probable outflow of resources is expected to settle the obligation and

c. The amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of

a. A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation

b. A present obligation arising from past events, when no reliable estimate is possible

c. A possible obligation arising from past events where the probability of outflow of resources is not remote.

Contingent assets are neither recognized, nor disclosed.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

i. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.

NOTES FORMING PART OF ACCOUNTS (Contd.)

- For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

a. **Foreign exchange gains and losses**

For financial liabilities that are denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognized in 'Sales, Administration and Other expenses'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in profit or loss.

12. **Impairment of financial assets**

The company applies the expected credit loss model for recognizing impairment loss on trade receivables.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

13. **First-time adoption – mandatory exceptions, optional exemptions**

i. **Overall principle**

The company has prepared the opening balance sheet as per Ind-AS as of April 1, 2015 (the transition date) by recognizing all assets and liabilities whose recognition is required by Ind AS, derecognizing items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind-AS as required under Ind AS, and applying Ind AS in measurement of recognized assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the company as detailed below.

ii. **De-recognition of financial assets and financial liabilities**

The company has applied the de-recognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after April 1, 2015 (the transition date).

iii. **Impairment of financial assets**

The company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognized in order to compare it with the credit risk at the transition date. Further, the company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind AS, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

iv. **Past business combinations**

The company has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date of April 1, 2015. Consequently,

- The company has kept the same classification for the past business combinations as in its previous GAAP financial statements;
- The company has not recognized assets and liabilities that were not recognized in accordance with previous GAAP in the consolidated balance sheet of the acquirer and would also not qualify for recognition in accordance with Ind AS in the separate balance sheet of the acquire;
- The company has excluded from its opening balance sheet those items recognized in accordance with previous GAAP that do not qualify for recognition as an asset or liability under Ind AS;
- The company has tested the goodwill for impairment at the transition date based on the conditions as of the transition date;
- The effects of the above adjustments have been given to the measurement of non-controlling interests and deferred tax.

The above exemption in respect of business combinations has also been applied to past acquisitions of investments in associates, interests in joint ventures and interests in joint operations in which the activity of the joint operation constitutes a business, as defined in Ind AS 103.

v. **Deemed cost for property, plant and equipment, investment property, and intangible assets**

The company has elected to continue with the carrying value of all of its plant and equipment, investment property, and intangible assets recognized as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

vi. **Determining whether an arrangement contains a lease**

The company has applied Appendix C of Ind AS 17 Determining whether an Arrangement contains a Lease to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.

NOTES FORMING PART OF ACCOUNTS (Contd.)

14. Extraordinary and exceptional Items

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the Company are classified as extraordinary items. Specific disclosure of such events/transactions is made in the financial statements. Similarly, any external event beyond the control of the Company, significantly impacting income or expense, is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company,is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

15. Cash and bank balances

Cash and bank balances include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term and liquid investments being not free from more than insignificant risk of change in value, are not included as part of cash and cash equivalents.

16. Segment accounting policies

Segment accounting policies are in line with the accounting policies of the Company. In addition, the following specific accounting policies have been followed for segment reporting:

i. Segment revenue includes sales and other income directly identifiable with/allocable to the segment including inter segment revenue.

ii. Expenses that are directly identifiable with/allocable to segments are considered for determining the segment result. Expenses which relate to the Company as a whole and not allocable to segments are included under “unallocable corporate expenditure”.

iii. Income which relates to the Company as a whole and not allocable to segments is included in “unallocable corporate income”.

iv. Segment result includes margins on inter-segment capital jobs, which are reduced in arriving at the profit before tax of the Company.

v. Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable corporate assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

17. Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

a. Estimated amount of contracts remaining to be executed on capital account and not provided for

b. Uncalled liability on shares and other investments partly paid

c. Funding related commitment to subsidiary, associate and joint venture companies and

d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

18. Operating cycle for current and non-current classification

Operating cycle for the business activities of the Company covers the duration of the specific project/contract/product line/service including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

19. Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

I. transactions of a non-cash nature

II. any deferrals or accruals of past or future operating cash receipts or payments and

III. items of income or expense associated with investing or financing cash flows

Cash and cash equivalents (including bank balances) are reflected as such in the cash flow statement. Those cash and cash equivalents which are not available for general use as on the date of balance sheet are also included under this category with a specific disclosure.

NOTES FORMING PART OF ACCOUNTS (Contd.)

20. Employee benefits recognized in the balance sheet are as follows:

a) Defined Benefit Plans

i) The amounts recognized in the Balance Sheet in respect of Gratuity Fund are as follows –

Particulars	Gratuity Plan		Trust managed Provident Fund Plan	
	2016-17 (₹)	2015-16 (₹)	2016-17 (₹)	2015-16 (₹)
A. Present value of funded obligation	**5,933,593**	*39,97,343*	**4,33,16,601**	*3,33,50,862*

$ Employer's contribution to Provident Fund.

Note: The fair value of the plan assets under the trust managed provident fund plan has been determined at amounts based on their value at the time of redemption, assuming a constant rate of return to maturity.

The funds are managed by LIC of India. Hence broad category of plan assets as a percentage of total plan assets is not furnished.

Major category of plan assets for Trust managed provident Fund Plan.

Particulars	2016-17	2015-16
Government of India Securities	20.45%	25.32%
State Government Securities	21.19%	15.84%
Special Deposit Scheme	8.38%	9.32%
Public Sector Unit Bond	32.84%	39.25%
Corporate Bonds	14.50%	8.94%
Mutual Funds	2.64%	1.33%
Others (to specify)	0%	0%

Principal valuation assumptions at the balance sheet date for Gratuity Plan:

Particulars	2016-17	2015-16
Discount Rate p.a.	7.40%	8.20%
Salary Escalation p.a.	7.50%	9.00%
Expected rate of return on assets p.a.	6.00%	6.00%

Discount Rate: The discount rate is based on the prevailing market yields of Indian Government Securities as at the 31st March, 2017 for the estimated term of the obligations.

Salary Escalation Rate: The estimates of the future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

Expected rate of return on plan assets: This is based on the actuary's expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

Retirement Age: The employees are assumed to retire at the age of 58 years.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Mortality: Published rates under the Indian Assured Lives Mortality (2006-08) Ulttable .

Disability: Leaving service due to disability is included in the provision made for all causes of leaving service.

Attrition rate: Rates of leaving service at specimen ages are as shown below:

Age	As at 31.03.2017	As at 31.03.2016
21-25	7%	7%
26-35	6%	6%
36-45	2%	2%
46-57	1%	1%

The amounts pertaining to the defined benefit plan are as follows.

Summary of plan assets and liabilities of Gratuity Fund

General descriptions of defined benefit plans:

Gratuity Plan: The Company operates a gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary last drawn for each completed year of service. The same is payable on termination of service, or retirement whichever is earlier. The benefit vests after five years of continuous service.

Trust Managed Provident Fund Plan: The interest payment obligation of trust-managed provident fund is assumed to be adequately covered by the interest income on long term investments of the fund. Any shortfall in the interest income over the interest obligation is recognized immediately in the Profit and Loss Account as actuarial losses.

21. Inter-segment reporting

The company is rendering Engineering consultancy and allied services only, hence geographical segments have been identified and considered as primary basis for segmental information.

7. **NUMBER OF MEETINGS OF THE BOARD OF DIRECTORS :**

The Meetings of the Board are held at regular intervals. During the year / period under review 1 meeting was held on 03.10.16.

The Agenda of the Meeting is circulated to the Directors in advance. Minutes of the Meetings of the Board of Directors are circulated amongst the Members of the Board for their perusal.

8. **FINANCIAL STATEMENTS:**

The Auditors report to the shareholders does not contain any qualification, observation or adverse comment.

With reference auditors comment on material uncertainty related to going concern, The Board believes that the Company is well placed with the continued financial support from the parent Company and it is deemed appropriate to prepare the accounts on a going concern.

9. AUDITORS:

M/s PKF Bouresli & Co. Kuwait are the auditors of the Company. They will continue to be auditors of the Company for the ensuing financial year.

10. DIRECTORS RESPONSIBILITY STATEMENT:

The Board of Directors of the Company confirms:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for that period;

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the local statutes for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The Directors have prepared the Annual Accounts on a going concern basis;

e) The Directors have laid down an adequate system of internal financial control with respect to reporting on financial statements and the said system is operating effectively;

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

11. ACKNOWLEDGEMENT

Your Directors acknowledge the invaluable support extended by the Government authorities in Kuwait and take this opportunity to thank them as well as the customers, supply chain partners, employees, Financial Institutions, Banks and all the various stakeholders for their continued co-operation and support to the Company.

For and on behalf of the Board

Place : Dubai, UAE.
Date : 24th April, 2017

INDEPENDENT AUDITOR'S REPORT

THE PARTNERS OF KANA CONTROLS GENERAL TRADING AND CONTRACTING COMPANY W.L.L. KUWAIT

REPORT ON THE FINANCIAL STATEMENTS

OPINION

We have audited the financial statements of Kana Controls General Trading and Contracting Company W.L.L. ('the Company'), which comprise the statement of financial position as at 31 March 2017, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 March 2017, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the State of Kuwait, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to Note 2.2 in the financial statements, as of 31 March 2017, the Company has retained losses that exeeds its share capital by KD 74,052 (31 March 2016: KD 90,002). Article 273 of the Company law No 1 of 2016, requires holding an extra ordinary meeting of the members to decide on the continuity of the Company. These financial statements have been prepared on a going concern basis which assumes that the Partners' will provide continuing financial support to sustain operation for the foreseeable future. Our opinion is not modified in respect of this matter.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Furthermore, in our opinion, proper books of accounts have been kept by the Company and the financial statements, are in accordance therewith. We further report that we have obtained all the information and the explanations that we required for the purpose of our audit and that the financial statements incorporate all information that is required by the Companies Law No. 1 of 2016, and its executive regulations, and the Company's Memorandum of Association and that an inventory was duly carried out and that, to the best of our knowledge and belief, no violations of the Companies Law No. 1 of 2016, as and its executive regulations, or of the Memorandum of Association have occurred during the year ended 31 March 2017 that might have had a material effect on the business of the Company or on its financial position.

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2017

1. COMPANY'S LEGAL ENTITY AND ACTIVITIES

Kana Controls General Trading and Contracting Company (the "Company") was established in the Kuwait as a limited liability company in accordance with memorandum of association authenticated under no. 10292 dated April 4, 1990. The Company was entered in the commercial register on 8 April 1990 under no.40932. The memorandum of association was amended on 10 September 2013 vide no. 5564.

The Company's objectives are carrying on the business of general trading and contracting except owning properties & shares.

The number of employees of the Company as on 31 March 2017 was 11 (31 March 2016: 10).

The Company is located in Farwaniya, block No. 44, Building No.6, Office 14, 5th floor, Kuwait.

The new Companies Law No.1 of 2016 was issued on 24 January 2016 and was published in the Official Gazette on 1 February 2016 which cancelled the Companies Law No. 25 of 2012, and its amendments. According to article No. 5, the new Law will be effective retrospectively from 26 November 2012. The new executive regulation of Law No.1 of 2016 was issued on 12 July 2016 and was published in the Official Gazette on 17 July 2016 which cancelled the executive regulations of Law No. 25 of 2012.

The financial statement for the year ended 31 March 2017 was approved for issuance in accordance with the approval of the partners on 24/04/2017.

2. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Presentation

The financial statements are prepared in accordance with International Financial Reporting Standards – IFRS (International Accounting Standards issued by International Accounting Standards Board and Interpretations issued by the International Financial Reporting Interpretation Committee). These Standards require management to make estimates and assumptions that may affect amounts reported in these financial statements. It also requires management to exercise its judgement in the process of applying the Company's accounting policies.

Standard issued and applied for the first time

The following new and revised Standards and Interpretations have been adopted in the current year. Unless otherwise disclosed, their adoption has had no material impact on the amounts reported in these financial statements. Amendments to:

- IAS 7 in respect of the disclosure initiative regarding changes in liabilities arising from cash flows. The additional disclosure will help investors to evaluate changes in liabilities arising from financing activities, including changes in cash flows and non-cash changes, such as foreign exchange gains or losses.
- IAS 12 with regards to the recognition of a deferred tax asset relating to the unrealised losses. The amendment is a narrow-scope amendment and provides clarity as to when a deferred tax asset may be recognised for unrealised losses on debt instruments measured at fair value.

Standards and Interpretations issued but not yet adopted

At the date of authorisation of these financial statements, the following Standards and Interpretations which have not been applied in these financial statements, were in issue but not yet effective for the year presented:

- IFRS 9 in respect of Financial Instruments which will be effective for the accounting periods beginning on or after 1 January 2018. IFRS 9 addresses the classification, measurement and derecognition of financial assets and financial liabilities, introduces new rules for hedge accounting and a new impairment model for financial assets.
- IFRS 15 in respect of Revenue from Contracts with Customers which will be effective for accounting periods beginning on or after 1 January 2018. IFRS 15 replaces IAS 18 and IAS 11 (and the related interpretations) and introduces the principal that revenue is recognised when control of a good or service transfers to a customer.
- IFRS 16 in respect of Leases which will be effective for accounting periods beginning on or after 1 January 2019. IFRS 16 will result in almost all leases being recognised in the statement of financial position, as the distinction between finance and operating leases is removed. Under this standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term leases and low value leases.
- IFRS 2 in respect of Share-based Payment Transactions will be effective for accounting periods beginning on or after 1 January 2018. The amendments provide additional guidance with respect to the classification and measurement requirements of cash-settled share-based payment transactions as well as transactions where the entity has to withhold amounts due to local tax requirements.

The Company is still in the process of evaluating the impact of the above standards on the financial statements.

2.2 Fundamental accounting concepts

As of 31 March 2017, the Company has retained losses that exceed its share capital by KD 74,053 (31 March 2016: 90,002). These events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Article 273 of the Company law No 1 of 2016, requires holding an extra ordinary meeting of the members to decide on the continuity of the Company. These financial statements have been prepared on a going concern basis as partners have committed to provide further ongoing financial support for their operation.

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2017 (Contd.)

2.3 Accounting convention

The financial statements have been prepared in accordance with the historical cost convention following accrual basis.

2.4 Cash and cash equivalents

Cash and cash equivalents comprise of cash on hand and at banks and short term bank deposits with a maturity date not exceeding three months from the date of deposit.

2.5 Receivables

Receivables are stated at their nominal value, less an allowance for any doubtful debts. Management determines the adequacy of the allowance based upon reviews of individual customers, current economic conditions, past experience and other pertinent factors.

2.6 Inventories

Inventories are stated at the lower of cost or net realizable value after making allowance for any slow moving and obsolete items. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The cost of inventories is based on the average cost and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition.

2.7 Property, plant and equipment

Property, plant and equipment are stated at the historical cost less accumulated depreciation. The realizable values of property, plant and equipment are reviewed at each financial position date to determine whether the book value exceeds the realizable value in which case book value is written down to the realizable value. If the useful life of property, plant and equipment are different from the estimated lives of those assets, then the useful lives are adjusted from the beginning of the year in which the change occurred in without going into retroactive periods.

Property, plant and equipment are depreciated on straight-line basis to reduce the value of the property to its residual value over their estimated useful lives as follows:

Motor vehicles	6-7 years
Furniture	6-7 years
Office equipment	6-7 years

2.8 Impairment of tangible assets

At each financial position date, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the impairment is recorded in the statement of income. The impairment loss represents the difference between the carrying value of the asset and the estimated recoverable amount of the asset. Recoverable amount is the higher of fair value less costs to sell and its value in use. Value in use represents the estimated future cash flows discounted at appropriate discount rate.

An impairment loss recognized in prior periods for an asset shall be reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. The carrying amount of the asset shall be increased to its recoverable amount. Reversal of an impairment loss shall not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognized for the asset in prior years.

2.9 Post employment benefits

The Company is liable to make payments to employees at termination of their service through a defined benefit plan under Kuwait Labour Law. This liability is unfunded and has been computed as the amount payable as a result of involuntary termination of all employees on the financial position date. The Company estimates that this method will give a reliable approximation of the value of this obligation in relation to employees' accumulated period of service.

2.10 Revenue recognition

Revenue from sales is recognized when the significant risks and ownership of goods are transferred to the buyer, and no significant doubt remain regarding the derivation of consideration associated with the selling goods and the costs that may be incurred from the possibility of returned goods existence.

Revenues of contracts are recognized when the outcome of contract can be estimated reliably by reference to the stage of completion at the financial statements date. An expected loss on the construction contract is recognized as an expense immediately. The percentage of completion is measured for long-term contracts based on contract cost incurred up to the date of financial position date as a percentage of total estimated costs, surveys of work performed or the completion of a physical proportion of the contract work in accordance with the certificates issued by the projects engineers or the cost incurred. Revenues of short-term contracts are recognized based on invoices issued by the company up to the financial year end.

Other categories of income are recognized when earned, at the time the related services are rendered and/or on the basis of the terms of the contractual agreement of each activity.

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2017 (Contd.)

2.11 Accounting for leases

Where the Company is the lessee

Operating leases

Leases of assets under which the lessor effectively retains all the risks and benefits of ownership are classified as operating leases. Payments under operating leases are charged to the consolidated statement of income on a straight-line basis over the period of the lease.

When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognized as an expense in the period in which termination takes place.

Finance leases

Lease of assets under which the Company assumes substantially all the risks and rewards of ownership are classified as finance lease. Finance lease are capitalized at the commencement of lease at the lower of the fair value of the leased property and the present value of the minimum lease payments. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding.

Where the Company is the lessor

Operating leases

Assets leased under operating leases other than investment property are included lease hold rights or property, plant and equipment in the consolidated statement of financial position. They are amortized or depreciated over their expected useful lives on a basis consistent with similar assets. Rental income is recognized on a straight-line basis over the lease term.

2.12 Financial instruments

Classification

In the normal course of business, the Company uses financial instruments, principally cash and cash equivalents, trade and other receivables, term loans, bank overdraft, notes payable, bills payable, trade and other payables, due to related parties and finance lease liabilities.

In accordance with the International Accounting Standard (IAS) 39, the Company classifies financial assets as “loans and receivables”, available for sale” and “fair value through profit or loss”. Management decides the appropriate classification of each instrument at the time of acquisition. All financial liabilities are classified as “other than at fair value through profit or loss”.

Recognition and de-recognition

The Company recognizes financial assets and financial liabilities on the date it become a party to the contractual provisions of the instrument. A financial asset is de-recognized when the right to the cash flows from the financial assets expires or, when the Company transfers substantially all the risks and rewards of ownership. A financial liability is derecognized when the obligation specified in the contract is discharges, cancelled or expired.

All regular way purchase and sale of financial assets are recognized using trade date accounting. Regular way purchase or sales are purchases or sale of financial assets that require delivery of assets within the time frame generally established by regulations or conventions in the market place.

Measurement

Financial Instruments

All financial assets or financial liabilities are initially measured at fair value, Transaction costs that are directly attributable to the acquisition are added except financial instruments classified as at “fair value through profit or loss”.

Financial Assets at fair value through profit or loss

This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss at inception. A financial asset is classified in this category if acquired principally for the purpose of selling it in the short term or if so designated by management. Unrealized gains and losses arising from changes in fair value are included in the consolidated statement of income.

Loans and receivables

These are non derivative financial assets with fixed or determinable payments that are not quoted in an active market. These are subsequently measured and carried at amortized cost using the effective yield method.

Available for sale

These are non-derivative financial assets not included in the above classification and principally acquired to be held for an indefinite period of time, which may be sold in response to needs for liquidity or changes in interest rates, exchange rates or equity prices. These are subsequently measured and carried at fair value and any resultant gains or losses are recognized in equity. When the “available for sale” assets is disposed of or impaired, the related accumulated fair value adjustments are transferred to the consolidated statement of income as gains or losses.

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2017 (Contd.)

Financial liabilities

Financial liabilities other than at fair value through profit or loss are subsequently measured and carried at amortized cost using the effective yield method.

Fair value

The fair values of quoted instruments are based on quoted closing bid prices. If the market for a financial asset is not active or the financial instrument is unquoted, fair value is derived from recent arm's length transactions, discounted cash flow analysis, other valuation techniques commonly used by the market participants or determined with reference to market values of similar instruments. The fair value of financial instruments carried at amortized cost is estimated by discounting the future contractual cash flows at the current market interest rates for similar instruments.

Impairment and un-collectability of financial assets

An assessment is made each financial position date to determine whether there is objective evidence that a specific financial asset may be impaired. If such evidence exists, any impairment loss is recognized in the consolidated statement of income. Impairment is determined as follows:

1. For assets carried at fair value, impairment is the difference between cost and fair value, less any impairment loss previously recognized in the consolidated statement of income;
2. For asset carried at cost, impairment is the difference between carrying value and the present value of future cash flows discounted at the current market rate of return for a similar financial asset;
3. For asset carried at amortized cost, impairment is the difference between carrying amount and the present value of future cash flows discounted at the original effective interest rate.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the financials assets no longer exist or have decreased. The reversal of impairment losses are recognized in the consolidated statement of income except for available for sale equity investments which are recognized in the fair value reserve.

2.13 Foreign currency translation

The functional currency of the Company is the Kuwaiti Dinars ("KD") and accordingly, the financial statements are presented in KD. Transactions denominated in foreign currencies are translated into KD at the rate of exchange prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currencies are retranslated into KD at rates of exchange prevailing at the financial position date. The resultant exchange differences are taken to the statement of comprehensive income.

2.14 Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

2.15 Contingencies

Contingent liabilities are not recognized in the financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized but disclosed when an inflow of economic benefits is probable.

3. CRITICAL ACCOUNTING JUDGEMENTS AND ESTIMATES

At each financial position date, management assesses, whether there is any indication that assets may be impaired. The determination of impairment requires considerable judgement and involves evaluation factors including industry and market conditions. The key assumptions concerning the future and other key source of estimation uncertainty at the financial position date, that have a significant risk of causing a material adjustment to the carrying amounts of the assets and liabilities within the next financial year are discussed below:

Impairment of trade receivables

An estimation of the collectible amount of trade receivables is made when collection of the full amount is no longer probable. For individually significant amounts, this estimation is performed on an individual basis. Amounts which are not individually significant, but which are past dues, are assessed collectively and a provision applied according to the length of time past dues, based on historical recovery rates. At the balance sheet date the management estimates KD 73,518 (31 March 2016: KD 73,518) provision for doubtful debts. Any difference between the amounts actually collected in future periods and the amounts expected will be recognized in the statement of comprehensive income.

Impairment of inventories

Inventories are held at the lower of cost and net realizable value. When inventories become old or obsolete, an estimate is made of their net realizable value. For individually significant amounts, this estimation is performed on an individual basis. Amounts which are not individually significant, but which are old or obsolete, are assessed collectively and a provision applied according to the inventory type and the degree of aging or obsolescence, based on historical selling prices. At the financial position date the management estimates KD 18,486 (31 March 2016: KD 42,476) provision for obsolete inventories. Any difference between the amounts actually realized in future periods and the amount expected will be recognized in the statement of comprehensive income.

	165,164	*228,537*

13. RISK MANAGEMENT

Risk is inherent in the Company's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company's continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to interest rate risk, credit risk, liquidity risk and currency risk.

Interest rate risk

The Company doesn't have any significant interest bearing assets and liabilities which are exposed to interest rate risk.

Credit risk

The significant financial assets which expose the Company to credit risk are bank balances, trade and other receivables and due from related parties. The Company seeks to limit its credit risk with respect to customers/parties by setting credit limit for individual customers/parties, monitoring outstanding receivables and limiting transactions with specific counterparties.

The Company deals with high credit rating financial institutions; accordingly, it is not subject to any significant credit risk.

Credit risk is limited to the carrying value of financial assets in the statement of financial position.

Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its funding requirements. Liquidity risk management includes maintaining sufficient cash and marketable securities, the availability of funding from an adequate amount of committed credit facilities and the ability to close out market positions. The Company's management increases capital or borrowings based on ongoing review of funding requirements. The Company's management maintains flexibility in funding by maintaining availability under committed credit lines.

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position to contractual maturity date. The amounts disclosed in the table are contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	31 March 2017 0 to 12 months Kuwaiti Dinars
Liabilities	
Due to related parties	**760,613**
Trade and other payables	**225,624**

	31 March 2016 0 to 12 months *Kuwaiti Dinars*
Liabilities	
Due to related parties	*668,935*
Trade and other payables	*247,877*

Liquidity risk is managed and monitored by the Company as follows:

1. Day-to-day funding, managed by monitoring future cash flows to ensure that requirements can be met. This includes replenishment of funds as they mature.
2. The Company may also arrange for short term finance to meet maturing commitments.

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2017 (Contd.)

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchanges rates. The Company seeks to limit exposure to currency risk by monitoring the amounts of cash equivalent held in various currencies and by ensuring that these amounts are commensurate with the level of operations in the respective currencies.

Cash and cash equivalents, due from related parties, trade and other payables and due to related parties denominated in different foreign currencies are KD 4,634 (31 March 2016: KD 25,593), KD 324,530 (31 March 2016: KD 131,578), KD 84,301 (31 March 2016: KD 98,270) and KD 760,613 (31 March 2016: KD 655,896) respectively.

The table below indicates the Company's foreign currency exposure at 31 March 2017 and 31 March 2016, as a result of its monetary assets and liabilities. The analysis calculates the effect of a reasonably possible movement of the Kuwaiti Dinar currency rate against the foreign currencies, with all other variables held constant, on the statement of comprehensive income (due to the fair value of currency sensitive monetary assets and liabilities).

Year	Increase (decrease) in foreign exchange rates to KD	Effect on profit for the year (KD)
2017	+ 5%	(25,788)
2017	- 5%	25,788
2016	+ 5%	(29,850)
2016	- 5%	29,850

Capital management

The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise partners' value.

The Company manages its capital structure and makes adjustments to it in light of changes in business conditions. No changes were made in the objectives, policies or processes during the year ended 31 March 2017 and 31 March 2016. Capital comprises share capital, reserves and accumulated losses and is measured at KD (42,188) as at 31 March 2017 (31 March 2016: KD (58,138)).

14. FINANCIAL INSTRUMENTS – FAIR VALUE

The Company's financial assets and financial liabilities include the following financial instruments:

Trade and other receivables

Due from related parties

Cash and cash equivalents

Due to related parties

Trade and other payables

Fair Value

Fair value is the amount for which an asset could be exchanged and a liability is settled between knowledgeable willing parties, on an arm's length transaction. The fair value of these financial instruments is not significantly different from their book value.

BOARD'S REPORT

Dear Members,

The Directors have pleasure in presenting their report and Audited Accounts for the year ended March 31, 2017.

FINANCIAL RESULTS / FINANCIAL HIGHLIGHTS (IND AS):

(₹ in crore)

Particulars	**2016-17**	*2015-16*
Profit / (Loss) before Depreciation, exceptional and extra ordinary items & Tax	**(24.36)**	*(24.02)*
Less: Depreciation, amortization and obsolescence	**27.13**	*32.11*
Profit / (Loss) before tax	**(51.49)**	*(56.13)*
Less: Provision for tax	**–**	*0.02*
Profit / (Loss) for the period carried to the balance sheet	**(51.49)**	*(56.15)*
Add: Balance brought forward from previous year	**(287.78)**	*(231.65)*
Balance carried to Balance Sheet	**(339.27)**	*(287.78)*

STATE OF COMPANY AFFAIRS:

The Company's name was changed from "L&T AHMEDABAD-MALIYA TOLLWAY LIMITED" to "AHMEDABAD-MALIYA TOLLWAY LIMITED" as approved by the Registrar of Companies with effect from February 23, 2017.

The gross revenue and other income for the financial year under review were ₹180.06 crore as against ₹185.31 crore of the previous financial year registering a decrease of 2.83%. The loss for the year was ₹51.49 crore as against loss of the previous year of ₹56.15 crore.

The Government of Gujarat, on August 15, 2016 exempted small vehicles, like cars, jeep and vans along with Gujarat State Road Transport Corporation (GSRTC) buses from paying toll across the 27 toll plazas of the 12 state highways. Subsequently the Gujrat Government declared its decision to compensate for the losses incurred by the Concessionaires on this account.

The Company submitted reports to the Gujrat Government / GSRDC, reflecting the factual data as presented in the project Schedule M and clearly provided bifurcation of the forced exemptions and violations. These reports were transparent and have stood the test of GSRDC audits and the compensations were made to the Company without any deduction, from the day / time the exemption was enforced. In addition, the Company has also enabled a real-time data synchronization with GSRDC systems through Electronic Data Interchange (EDI) facility enabling verification of the vehicles passing through the plazas.

CAPITAL & FINANCE:

During the year under review, the Company had allotted 2,43,15,240 numbers of 0.01% Optionally Convertible Cumulative Preference Shares of ₹10/- each to L&T Infrastructure Development Projects Limited (L&T IDPL), the Holding Company.

The Company at its Extraordinary General Meeting held on March 27, 2017 have altered the terms of issue of 22,16,35,440 numbers 0.01% Optionally Convertible Cumulative Preference Shares of ₹10/- each into 0.01% Compulsorily Convertible Preference Shares of ₹10/- each.

CAPITAL EXPENDITURE:

As at March 31, 2017 the gross fixed and intangible assets including leased Assets, stood at ₹1,465.83 crore and the net fixed and intangible assets, including leased assets stood at ₹1,353.16 crore. Capital Expenditure incurred during the year amounted to ₹7.19 crore.

DEPOSITS:

The Company has not accepted deposits from the public and no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND:

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY/ASSOCIATE/JOINT VENTURE COMPANIES:

The Company does not have any Subsidiary/Associate/Joint Venture Company.

PARTICULARS OF LOANS GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY:

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 except sub-section (1) of the Companies Act, 2013 (Act) are not applicable to the Company. However, full particulars of the loans given, investments made or guarantees given or security provided is given in Note No.5 & 6 of notes to accounts of this Annual Report.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES:

All the related party transactions were in the ordinary course of business and at arm's – length.

All related party transactions (RPT) during the year have been approved in terms of the Act, adhere to the RPT Policy of its Holding Company and guidelines thereunder. Further, the Company has not entered into any material contracts or arrangements during the year to disclose in Form AOC-2 is given in Annexure I to this Report.

AMOUNT TO BE CARRIED TO RESERVE:

Appropriation of profits to any specific reserves is not applicable to your Company.

DIVIDEND:

The Directors do not recommend payment of dividend for the financial year, in view of the losses incurred during the year.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY, BETWEEN THE END OF THE FINANCIAL YEAR AND THE DATE OF THE REPORT:

No material changes or commitments adversely affecting the financial position of the Company have occurred between the end of the financial year and the date of this report.

DETAILS OF SIGNIFICANT & MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS:

During the year under review, there were no material and significant orders passed by the regulators or courts or tribunals impacting the going concern status and the Company's operations in future.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

In view of the nature of the activities which are being carried on by the Company, Section 134(3)(m) of the Act read with Rule 8(3) of the Companies (Accounts) Rules, 2014 conservation of energy, technology absorption does not apply.

FOREIGN EXCHANGE EARNINGS AND OUTGO

During the year the Company had incurred expenditure in foreign currency for an amount of ₹25,75,758/- towards payment against annual maintenance contract for toll equipment.

RISK MANAGEMENT POLICY:

The Company follows the risk management policy of its Holding Company and has in place a mechanism to inform the Board Members about risk assessment and minimization procedures and periodical review to ensure that executive management controls risk by means of a properly designed framework.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY

Your Company has designed and implemented a process-driven framework for Internal Controls on Financial Reporting System within the meaning of the explanation to Section 134(5)(e) of the Act. For the year ended March 31, 2017, the Board is of the opinion that the Company has adequate internal controls commensurate with the nature and size of its business operations and these are operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Auditors of the Company have reviewed the adequacy of the Internal Financial Control over Financial Reporting of the Company and the operating effectiveness of such control are reported in "Annexure A" of the Auditors' report for the financial year 2016-17.

CORPORATE SOCIAL RESPONSIBILITY:

Since the Company does not fulfil the criteria specified under Section 135 of the Act, the provisions of Corporate Social Responsibility are not applicable.

ANNEXURE III

FORM NO. MR-3

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR 2016-17

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members,
AHMEDABAD – MALIYA TOLLWAY LIMITED
P.O. BOX NO.979, MOUNT POONAMALLEE ROAD
MANAPAKKAM
CHENNAI-600089

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **AHMEDABAD – MALIYA TOLLWAY LIMITED** (here-in-after called the 'Company') for the financial year ending on **31st March 2017**. Secretarial Audit was conducted in a manner that provided me/us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report :-

That in my opinion, the company has, during the audit period has complied with the applicable statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the said financial year under the provisions of

(i) The Companies Act, 2013 (the Act) and the rules made there under;

(ii) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008

I have also examined whether adequate systems and processes are in place to monitor and ensure compliance with general laws like labour laws, competition laws, environment laws etc

In respect of financial laws like Tax laws, etc. I have relied on the audit reports made available during our audit for us to have the satisfaction that the Company has complied with the provisions of such laws

I have also examined compliance with the applicable Secretarial Standards issued by The Institute of Company Secretaries of India.

During the audit period the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that:-

The Board of Directors & the Committees of the Company are duly constituted. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through and there were no dissenting views by any of the Board members during the year.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has complied with all requirements under the new Companies Act 2013 to the extent notified and applicable with respect to all events/actions having a major bearing on the Companies affairs **except appointment of whole-time secretary as required by Rule 8A of Companies (Appointment and remuneration of Managerial Personnel Rules 2014)**

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF AHMEDABAD-MALIYA TOLLWAY LIMITED

Report on the Financial Statements

We have audited the accompanying Ind AS financial statements of Ahmedabad-Maliya Tollway Limited ('the Company'), which comprise the balance sheet as at 31 March 2017, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31 March, 2017, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure, a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

    (c) the balance sheet, the statement of profit and loss, the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;

    (d) in our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rule issued there under;

    (e) on the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act;

    (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure -A"; and

(g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The company has not pending litigation which would impact its financial position;

ii. The company did not have any long-term contract including derivative contract for which there were any material foreseeable losses;

iii. There were no amounts which were required by the company to be transferred to the Investor Education and Protection Fund, and;

iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November, 2016 to 30 December, 2016 and these are in accordance with the books of accounts maintained by the Company. However we are unable to obtain sufficient and appropriate audit evidence to report on whether the disclosures with respect to currency held other than SBNs are in accordance with books of account maintained by the company and as produced to us by the management. ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OFAHMEDABAD-MALIYA TOLLWAY LIMITEDFOR THE YEAR ENDED AS ON 31ST MARCH 2017

Annexure referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report on even date:-

i. a) The company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;

b) The Fixed Assets have been physically verified by the management at regular intervals and no material discrepancies were noticed on such verification

c) The title deeds of immoveable properties are held in the name of the company.

ii. As the company is engaged in the business of infrastructure development, operations and its maintenance and there is no inventory in hand at any point of time, hence paragraph 3(ii) of the Order is not applicable to the company.

iii. The Company has not granted any loans, secured or unsecured to companies, firms, limited liabilities partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Hence, reporting under clause (a) to (c) of Para 3(iii) are not applicable.

iv. The Company has not entered into any transaction in respect of loans, investments, guarantee and securities, which attracts compliance to the provisions of the sections 185 and 186 of the Companies Act, 2013. Therefore the paragraph 3(iv) of the Order is not applicable to the company.

v. The Company has not accepted deposits in terms of the provisions of section 73 to 76 of the Companies Act, 2013 and rules framed there under. Therefore the paragraph 3(v) of the Order is not applicable to the company.

vi. The Company is prima-facie maintaining the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013.

vii. a) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the company has been generally regular in depositing undisputed statutory dues including provident fund, employee state insurance, income tax, service tax, value added tax, cess and other statutory dues during the year with the appropriate authorities. As on 31st March 2017, there are no undisputed statutory dues payables for period exceeding for a period more than six month from the date they become payable.

b) According to the information and explanations given to us, there were no statutory dues pending in respect of income tax, sales tax, VAT, custom duty and cess etc. on account of any dispute.

viii. In our opinion and according to the information and explanation provided to us, the company has not defaulted in repayment of loans or borrowing to a financial institution, bank or dues to debenture holders. The company has not taken any loans or borrowings from Government.

ix. Money raised by way of term loans were applied for the purpose for which it was raised. The Company has not raised money by way of initial public offer or further public offer.

x. According to the information and explanation given to us by the management which have been relied by us, there were no frauds on or by the company noticed or reported during the period under audit.

xi. The Company has not paid any managerial remuneration, hence therefore para 3(xi) of the Order is not applicable to the company.

xii. The company is not a Nidhi Company, therefore para 3(xii) of the Order is not applicable to the company.

xiii. In our opinion and according to the information provided to us, the transaction entered with the related partied are in compliance with section 177 and 188 of the Act and are disclosed in the financial statements as required by the applicable accounting standards.

xiv. The Company has made preferential allotment of Preference Shares during the year under review and company has complied with the requirement of section 42 of the Act.

xv. According to the information provided to us, the company has not entered into any non-cash transaction with directors or the persons connected with him covered under section 192 of the Companies Act 2013. Therefore, paragraph 3(xv) of the Order is not applicable to the company.

xvi. According to the information provided to us, the company is not required to be registered under section 45IA of the Reserve Bank of India Act, 1934. Therefore, paragraph 3(xvi) of the Order is not applicable to the company.

ANNEXURE-A

Annexure referred to in paragraph 2 under the heading "Report on Other Legal and Regulatory Requirements" of our report on even date:-

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ahmedabad-Maliya Tollway Limited("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my /our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(v) Terms / rights attached to shares

Equity shares of ₹ 10 each

The Company has only one class of equity share having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share.

The Company has not issued any securities during the year with the right/option to convert the same into equity shares at a later date.

The Company has not reserved any shares for issue under options and contracts/commitments for the sale of shares/disinvestment.

The shares issued carry equal rights to dividend declared by the company and no restrictions are attached to any specific shareholder.

Optionally convertible cumulative redeemable preference shares

The preference shares carry a preferential right vis-a-vis Equity Shares of the Company with respective to payment of dividend and repayment in case of a winding up or repayment of capital.

Preference share holders carry non-participating rights in the surplus funds.

Preference share holders would be paid dividend on a cumulative basis

The preference shares are redeemable after completion of the 7th year or before the completion of 10th year from date of allotment at the option of the Company. Preference shares to the extent not redeemed at the end of 10th year from the date of allotment , shall stand converted into equity shares of ₹ 10 /- per share at par.

Compulsory convertible cumulative Preference Shares of ₹ 10 each

The preference shares carry a preferential right vis-a-vis Equity Shares of the Company with respective to payment of dividend and repayment in case of a winding up or repayment of capital.

Preference share holders shall be Non-participating rights in the surplus funds.

Preference share holders shall be Non-participating rights in the surplus assets and profit on winding up which may remain after the entire capital has been repaid

Preference share holders would be Paid dividend on non cumulative basis

Preference share holder carry voting rights as per provisions of Section 47 (2) of the Act

Since the Company does not have profits, no dividend is accrued or payable.

Preference share will be converted into equity share at the option of the company or at the completion of 10th year from the date of allotment.

H) NOTES FORMING PART OF ACCOUNTS

1 Corporate Information

Ahmedabad Maliya Tollway Limited is a Special Purpose Vehicle (SPV) incorporated on 09th September , 2008 for the purpose of widening of existing two-lane to four lane of 181.06 kilometers Road stretch in between Ahmedabad-Viramgam-Maliya to make it four lane divided Carriageway facility under Viability Gap Funding scheme of Government of India and operation and maintenance thereof, under the Concession Agreement dated 17th September, 2008. The Concession is for a period of 22 years including the construction period. At the end of the concession period, entire facility will be transferred to Gujarat State Road Development Corporation Ltd (GSRDC). The company achieved commercial operation on 12th April 2012 upon receipt of the provisional completion certificate executed between the Company and Egis India Consulting Engineers Pvt Ltd (Independent Engineer)

2 Disclosure pursuant to Ind AS 19 “Employee benefits”: (as per IndAS reports)

(i) Defined contribution plan:

The Company’s provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 15,24,997 (previous year : ₹ 13,50,846) being contribution made to recognised provident fund is recognised as expense and included under Employee benefit expense (Note 20) in the Statement of Profit and loss.

NOTES FORMING PART OF ACCOUNTS (Contd.)

(ii) Defined benefit plans:

a) Features of its defined benefit plans:

Gratuity:

The benefit is governed by the Payment of Gratuity Act, 1972. The Key features are as under:

Plan Features

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of ₹ 10,00,000 was applied
Vesting conditions	5 years of continuous service (Not applocable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

Leave Encashment:

Features of the defined benefit plan	Remarks
Salary for Encashment	Basic Salary
Salary for Availment	Cost to company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	300
Benefit Formula	(Leave Days) × (Salary)/ (Leave Denominator)
Leave Denominator	30
Leaves Credited Annually	30
Retirement Age	58 Years

iii) The company is responsible for governance of the plan.

iv) Risk to the Plan

Following are the risk to which the plan exposes the entity :

A Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

B Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cashflows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads

NOTES FORMING PART OF ACCOUNTS (Contd.)

to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Insurer managed funds	100%	–	–
Investments quoted in active markets	–	–	–
Cash and cash equivalents	–	–	–
Unquoted investments	–	–	–
Total	100%	0%	0%

l) Details of Asset-Liability Matching Strategy

There are no minimum funding requirements for a Gratuity benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

3) Disclosure pursuant to Ind AS 23 “Borrowing Costs”

Borrowing cost capitalised during the year ₹ Nil. (previous year :₹ Nil).

4) Disclosure of segment information pursuant to Ind AS 108 “Operating Segments”

The Company is engaged in the business of construction, operation and maintenance of Toll road projects on a Build Operate Transfer basis in a single business segment. Hence reporting of operating segments does not arise. The Company does not have operations outside India. Hence, disclosure of geographical segment information does not arise.

5) Disclosure of related parties / related party transactions pursuant to Ind AS 24 “Related Party Disclosures”

7) Disclosure pursuant to Ind AS 33 "Earnings per share"

Basic and Diluted Earnings per share (EPS) computed in accordance with Ind AS 33 "Earnings per share".

Particulars		2016-17	2015-16
Basic and Diluted			
Profit for the year attributable to owners of the Company for calculating basic earnings per share (₹)	A	**(514,788,472)**	*(561,551,625)*
Weighted average number of equity shares outstanding for calculating basic earnings per share	B	**149,000,000**	*149,000,000*
Basic earnings per equity share (₹)	A / B	**(3.45)**	*(3.77)*

Potential equity shares that will arise on conversion of Compulsary Convertible Cumulative Preference Shares are resulting into anti dilution of EPS in the current year. Hence they have not been considered in the computation of diluted EPS in accordance with Ind AS 33 "Earnings Per Share."

8) Disclosure pursuant to Ind AS 36 "Impairment of Assets"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

NOTES FORMING PART OF ACCOUNTS (Contd.)

9) Disclosures as per Ind AS 37 - "Provisions, Contingent Liabilities and Contingent assets "

a) Nature of provisions:

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (GSRDC) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per industry practice, the periodic maintenance is expected to occur after 5-7 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching cost concept and based on technical estimates, a provision for major maintenance expenses is reviewed and is provided for in the accounts annually.

Particulars	**As at 31 March 2017**	*As at 31 March 2016*	*As at 01 April 2015*
Opening balance	**293,379,214**	*161,262,153*	*81,999,000*

Closing cash in hand as on 30.12.2016	–	10,436,940	10,436,940

11) First time adoption of Ind AS

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' . This amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows' .The amendments are applicable to the company from April 1, 2017.

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

Exemptions availed

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS.

Deemed cost of Property, plant and equipment

Company has elected to measure all of its Property, Plant and Equipment and Investment property at their previous GAAP carrying amount on the date of transition to Ind AS.

Amortization of Tolling Rights

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

12) Transitional details

i) Borrowings

Under previous GAAP, transaction costs incurred in connection with borrowings are capitalised and amortised accordingly. For transition to IndAS, such transaction costs are adjusted with the fair value of the borrowings on initial recognition. Interest on the borrowings is accounted under the Effective Interest Rate method (EIR). Accordingly borrowings as at 31 March 2015 have been reduced by ₹ 4,11,75,177/- . Consequently an amount of ₹ 527,34,478/- has been derecognised from toll collection rights with an effect of ₹ 1,15,59,301/- to retained earnings.

NOTES FORMING PART OF ACCOUNTS (Contd.)

ii) Provisions

Under previous GAAP, the Company has accounted for provisions, including periodic major maintenance provision, at the undiscounted amount. In contrast, Ind AS 37 requires that where the effect of time value of money is material, the amount of provision should be the present value of the expenditures expected to be required to settle the obligation.Ind AS 37 also provides that where discounting is used, the carrying amount of a provision increases in each period to reflect the passage of time. This increase is recognised as borrowing cost. This led to a decrease in periodic major maintenance provision on 31st March 2015 is ₹ 7,68,36,847/- was adjusted against retained earnings.

iii) Mezzanine Debt

The Company received interest free loan in the nature of promoters' contribution from the Holding Company under the Common Loan Agreement entered with the Project Lenders. As per the terms of the agreement, such interest-free loan was repayable after the lenders are paid in full hence were classifed as "Promoters' Mezzanine Debt" and disclosed under Long term borrowings from related parties. For transition to IndAS, since the Company does not have an unconditional right to settle the obligation, the interest-free Mezzanine debt is fair valued on initial recogntion. The difference between the amount received and fair value on initial recognition is recognised as "Equity Component of Other Financial Instruments" and included as part of "Other equity". Consequently, interest free mezzanine debt is reduced by ₹ 72,68,95,122 by a corresponding adjustment to "Equity Component of Other Financial Instruments".

iv) Current investments

Under previous GAAP, investment in mutual funds were stated at lower of cost and fair value. Any gain/loss on disposal was accounted for in the statement of profit and loss. For transition, mutual fund investments are categorised as Financial instruments at Fair Value Through Profit or Loss (FVTPL). Any unrealised gains/losses are included in the carrying amount of such investments as at the reporting date. Consequently the carrying amount of mutual fund investments is increased by ₹ NIL with a corresponding increase in the reserves.

13) Since May 2014, the company through series of letters represented to GSRDC that the company will be deferring the payment of revenue share because of shortfall in toll collection. The company has further informed that the revenue share so deferred will be paid along with interest at RBI Bank Rate plus 2% based on the position of Cash Flow of the Company. As on 31st March 2017, the unpaid revenue share is ₹ 53,05,94,296 and interest is ₹ 6,81,27,511/-. GSRDC vide letter dated 11th April 2017 has approved the deferment of the revenue share based on representation of company. Based on this letter liability of ₹ 8.03 Cr has been shown as current liability and balance has been shown as long term liability.

14) Government of Gujarat had taken a decision to grant exemption to Car/Jeep/ Van category and passenger bus owned by GSRDC from paying toll tax w.e.f 15th August 2016. Based on this on 12th August 2016 GSRDC issued detailed letter to the Concessionaire about its implementation. The letter also mentioned the procedure for reimbursement of loss to the Concessionaire towards shortfall in collection. The Company is submitting the claims for loss on account of this on monthly basis. GSRDC has made the payment against the claims till the month February 2017.

15) In view of decision of Government of India on 8th Nov 2016, Toll collection on National Highways were suspended as per NHAI orders from 9th Nov 2016 to 2nd Dec 2016. The Company's project being a State Road Project under the Concession from GSRDC. GSRDC did not suspend the toll on State Highways during this period and company made all the possible efforts to collect toll from users. Due to non-availability of lower denomination notes/change money coupled with resistance from Public, the company lost substantial amount of toll revenue. The company is following up with Government of Gujarat as well as GSRDC for reimbursement of loss suffered on the lines of policy adopted by NHAI.

16) The name of company is changed from L&T Ahmedabad Maliya Tollway Limited to Ahmedabad Tollway Limited w.e.f 23rd February 2017.

17) Disclosure pursuant to Ind AS 11 - "Construction Contracts"

a) Amount of contract revenue recognised in the year : ₹ 70,432,008/-

Method used to recognise the constructions revenue - Percentage Completion

Methods used to determine the stage of completion - Work Done

b) Aggregate amount of costs incurred and recognised profits (less recognised losses) to date; ₹ 184,559,529/-

18) Disclosure pursuant to Ind AS 19 - " Leases"

Future minimum rentals for non-cancellable leases as on 31st March 2017 is as follows :

Particulars	**As at 31 March 2017**	*As at 31 March 2016*	*As at 01 April 2015*
	₹	₹	₹

Default and breaches

There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.

There are no breaches during the year which permitted lender to demand accelerated payment.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Fair value of Financial asset and liabilties at amortized cost

Particular	Note no.	31.03.2017		*31.03.2016*		*01.04.2015*	
		Carrying amount	Fair value	*Carrying amount*	*Fair value*	*Carrying amount*	*Fair value*
FINANCIAL ASSETS							
Security Deposits	5	12,290,652	12,290,652	12,361,903	12,361,903	12,260,397	12,260,397
Total Financial Assets		12,290,652	12,290,652	12,361,903	12,361,903	12,260,397	12,260,397
FINANCIAL LIABILITY							
Term Loan from Banks	12	10,979,761,051	10,979,761,051	11,693,105,719	11,693,105,719	12,016,934,855	12,016,934,855
Loans from related parties	12	538,333,000	538,333,000	401,466,608	401,466,608	1,590,537,519	1,590,537,519
Revenue Share Payable to GSRDC (Including Interest)	13	598,721,807	598,721,807	413,306,244	413,306,244	304,718,503	304,718,503
Total Financial Liabilities		12,116,815,858	12,116,815,858	12,507,878,571	12,507,878,571	13,912,190,877	13,912,190,877

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan and Loan from Related Party approximate fair value as the instruments are at prevailing market rate.

The carrying value of Revenue Share Payable to GSRDC (Including Interest) reasonably approximates its fair value, hence their carrying value is considered to be same as their fair value.

Refer Note H(23) for information on Financial Asset pledged as security

24) Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

ii Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates.The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate only, which is the inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	31.03.2017	*31.03.2016*	*01.04.2015*
Senior Debt from Banks - Variable rate borrowings	**10,979,761,051**	*11,693,105,719*	*12,016,934,855*

NOTES FORMING PART OF ACCOUNTS (Contd.)

Sensitivity analysis based on average outstanding Senior Debt

	FY 2016-17	*FY 2015-16*
Increase or decrease in interest rate by 25 basis point	**28,341,083**	*29,637,551*

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	Note No.	31.03.2017	*31.03.2016*	*01.04.2015*
Investments in Mutual Funds	7	**–**	*401,216,363*	–

	31.03.2017	*31.03.2016*
Increase or decrease in NAV by 2%	**0.00**	*8,024,327.26*
Note - In case of decrease in NAV profit will reduce and vice versa.		

iv Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The following are the contractual maturities of financial liabilities

As at March 31, 2017	Carrying Amount	upto 1 year	1 - 2 years	2 - 5 years	> 5 years

NOTES FORMING PART OF ACCOUNTS (Contd.)

v **Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. The company has other receivables primarily from government authority i.e. GSRDC. Hence, the management believes that the company is not exposed to any credit risk.

25) Previous Year Figures are regrouped whereever required.

NOTES FORMING PART OF ACCOUNTS (Contd.)

24 Disclosure pursuant to Appendinx - A to Ind AS 11 - " Service Concession Arrangements"

24.1 Description and classification of the arrangment

Ahmedabad Maliya Tollway Limited is a Special Purpose Vehicle (SPV) incorporated on 09th September , 2008 for the purpose of widening of existing two-lane to four lane of 181.06 kilometers Road stretch in between Ahmedabad-Viramgam-Maliya to make it four lane divided Carriageway facility under Viability Gap Funding scheme of Government of India and operation and maintenance thereof, under the Concession Agreement dated 17th September, 2008. The Concession is for a period of 22 years including the construction period. At the end of the concession period, entire facility will be transferred to Gujarat State Road Development Corporation Ltd (GSRDC). The company achieved commercial operation on 12th April 2012 upon receipt of the provisional completion certificate executed between the Company and Egis India Consulting Engineers Pvt Ltd (Independent Engineer)

24.2 Significant Terms of the arrangements

24.2.1 Revision of Fees:

Fees shall be revised annually on April 01 subject to the provisions Article 27 of the Concession Agreement dated Sept 17, 2008.

25.2.2 Concession Fee, Other Fees and Excess Revenue Sharing:

As per Article 7 of the Concession Agreement, the company is liable to pay Concession Fee Re 1 every year. The company is also liable of payment of Additional Concession Fee at the rate of 12.13% of total realisable fee. The rate of additional concession fee increases by 1% for each subsequent period of concession. i.e. 13.13% for second year , 14.13% for third year and so on

24.3 Rights of the Company for use Project Highway

a To demand, collect and appropriate, Fee from vehicles and perosns liable for payment of Fee for using the Project Highway or any part thereof and refuse entry of any vehicle if the Fee due is not paid.

b Right of Way, access and licence to the Site.

24.4 Obligation of the Company

a The comapny shall not assign, transfer or sublet or create any lien or Encumbrance on the CA or the Concession granted or on the whole or any part of the Project Highway nor transfer, lease or part possession thereof, save and except as expressly permitted by CA or the Substitution Agreement.

b The company is under obligation to carry out the routine and periodic maitenance of Project Highway as per Schedule L of the CA.

24.5 Details of any assets to be given or taken at the end of concession period

At the end of the Concession period the company shall deliver the actual or constructive possession of the Project Highway, free and clear of all encumbrances.

24.6 Details of Termination

CA can be terminated on account of default of the company or GSRDC in the circumstances as specified under article 37 of the CA.

24.7 Significant Changes in the terms Original Concession Agreement till 31st March 2017.

a As per supplimentary Agrement dated 18th December 2015 GSRDC has extended the concession period by 103 days due to various issues during construction period.

b In view of Shortfall on toll collection, GSRDC vide letter dated 11th April 2017 has given in principle approval for deferment of the payment of this outstanding revenue share and interest outstanding on 31st March 2017 and for revenue share relating to the future years till 2021-22. The supplementory agreement incorporating the same is yet to be executed.

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1. Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015] and Companies (Indian Accounting Standards) Amendmend Rules, 2016.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act. Previous period numbers in the financial statements have been restated to Ind AS.

These financial statements are the first financial statements of the Company under IndAS. Refer Note 12 for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

NOTES FORMING PART OF ACCOUNTS (Contd.)

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items which are measured at fair values:

- Certain financial assets and liabilities
- Net defined benefit (asset) / liability

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(d) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards, electronic or digital mode of payment is accounted on cash basis. The compensatation receivable for categories vehicles exempted from Toll by Concessioning Authority is accounted on cash basis except for the last month of year where it is recognised on estimated realisable value basis.

b) Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future

NOTES FORMING PART OF ACCOUNTS (Contd.)

cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

c) Fair value gains on current investments carried at fair value are included in Other income.

d) Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

e) Contract revenue for fixed price contracts is recognised only to the extent of cost incurred that it is probable will be recoverable till such time the outcome of the job cannot be ascertained reliably. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

Percentage of completion is determined based on the proportion of actual cost incurred to the total estimated cost of the project. The percentage of completion method is applied on a cumulative basis in each accounting period to the current estimates of contract revenue and contract costs. The effect of a change in the estimate of contract revenue or contract costs, or the effect of a change in the estimate of the outcome of a contract, is accounted for as a change in accounting estimate and the effect of which are recognised in the Statement of Profit and Loss in the period in which the change is made and in subsequent periods.

For the purposes of recognising revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

For this purpose, actual cost includes cost of land and developmental rights but excludes borrowing cost. Expected loss, if any, on the construction activity is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense in the Statement of Profit and Loss in the period in which such probability occurs.

f) Other items of income are recognised as and when the right to receive arises.

4 Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdraft is shown within borrowings

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Freehold land is carried as historical cost.Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use. Assets costing less than rupees five thousand each is fully depreciated in the year of purchase.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

NOTES FORMING PART OF ACCOUNTS (Contd.)

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	Estimated useful life (in years)
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Wind power generating plant	20
Electrical installations	10

7 Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 Intangible assets

Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to Gujarat State Road Development Corporation Ltd (GSRDC), if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from Gujarat State Road Development Corporation Ltd (GSRDC) are reduced from the carrying amount intangible assets to the extent of actual receipts.

Intangible assets that not ready for the intended use on the date of the Balance Sheet are disclosed as “Intangible assets under development”.

9 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

NOTES FORMING PART OF ACCOUNTS (Contd.)

(i) Short term employee benefits

'All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

'The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

10 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

NOTES FORMING PART OF ACCOUNTS (Contd.)

11 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The company / Group's chief operating decision maker is the Chief Executive Officer and Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

12 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance leases:

(a) Property, plant and equipment acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

(b) Property, plant and equipment given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

13 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

14 Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

15 Impairment of assets

'The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

16 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only be occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements

17 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost.

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES FORMING PART OF ACCOUNTS (Contd.)

A financial asset which is not classified in any of the above categories are measured at fair valued through profit or loss

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest, dividends, losses and gains relating to financial instruments or a component that is a financial liability shall be recognised as income or expenses in profit or loss.. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when obligation specified in the contract is discharged or cancelled or expires.

Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivable and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109. Impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the statement of profit and loss

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

The Company designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

18 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

19 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

NOTES FORMING PART OF ACCOUNTS (Contd.)

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

20 First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
3. The Company has opted to continue with the carrying value for all of its PPE as recognised in its previous GAAP financial as deemed cost at the transition date.
4. The Company has decided to continue with the revenue based amortisation method for existing road concessions.

The terms of reference of the Nomination and Remuneration Committee are in line with the provisions of the Act. During the year under review, one meeting was held and the details are given hereunder:

Date	Strength of the Committee	No. of members Present
March 15, 2017	3	2

The Committee has formulated a policy on Director's appointment and remuneration including recommendation of appointment of the key managerial personnel and other employees and the criteria for determining qualifications, positive attributes and independence of a Director.

DECLARATION OF INDEPENDENCE

The Company has received Declaration(s) of Independence as stipulated under Section 149(7) of the Act confirming that he/she is not disqualified from continuing as an Independent Director.

DIRECTORS RESPONSIBILITY STATEMENT

The Board of Directors of the Company confirms that:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the loss of the Company for that period;

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The Directors have prepared the Annual Accounts on a going concern basis; and;

e) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

PERFORMANCE EVALUATION OF THE BOARD, ITS COMMITTEES AND DIRECTORS

The Nomination and Remuneration Committee and the Board have laid down the manner in which formal annual evaluation of the performance of the Board, Committees, Chairman and individual Directors has to be made.

It includes circulation of questionnaires to all Directors for evaluation of the Board and its Committees, Board composition and its structure, its culture, Board effectiveness, Board functioning, information availability, etc. These questionnaires also cover specific criteria and the grounds on which all Directors in their individual capacity will be evaluated.

The inputs given by all the Directors were discussed in the meeting of the Independent Directors held on December 07, 2016 in accordance with Schedule IV of the Act. The performance evaluation of the Board, Committees, Chairman and Directors was also reviewed by the Nomination and Remuneration Committee and the Board of Directors.

DISCLOSURE OF REMUNERATION

The Board of Directors wish to express their appreciation to all the employees for their outstanding contribution to the operations of the Company during the year. The information required under Section 197(12) of the Act and the Rules made thereunder, is provided below.

The Directors of the Company are not paid any remuneration. Hence, the remuneration of the Directors to that of the employees of the Company is not comparable.

REMUNERATION OF KMP

(Amount in ₹)

Name of the KMP	Designation	Remuneration in FY 2016-17	Remuneration in FY 2015-16	% decrease in remuneration of FY 2016-17 as compared to previous financial year	Performance of the Company	
					% increase in revenue of FY 2016-17 as compared to previous financial year	% decrease in profit after tax of FY 2016-17 as compared to previous financial year
Mr.Ojes Cheriyan Madappattu (From 15th March 2017)	Manager	1,31,068/-**	NA*	NA*	Refer note ***	Refer note ***

**Remuneration from March 15, 2017 to March 31, 2017

* Mr.Ojes Cheriyan Madappattu was appointed on March 15, 2017. Hence previous year remuneration not applicable.

*** Commencement of Operation has been achieved on September 24, 2016 hence it is not comparable.

The Median Remuneration of Employees (“MRE”) was ₹ 7,14,948 and ₹ 8,09,260 in the financial year 2016-17 and 2015-16 respectively. The Decrease in MRE in the financial year 2016-17 over the previous financial year is 11.65%

The number of permanent employees on the rolls of the Company as of March 31, 2017 and March 31, 2016 was 9 and 12 respectively.

The revenue growth during the financial year over the previous financial year was Nil. The average Increase in remuneration of employees is 7% over the previous financial year. The company is still in the Implementation Stage, hence the increase in remuneration of employees and KMP is not comparable with the performance of the Company.

Average percentage increase made in the salaries of employees other than the KMP in the financial year 2016-17 was 7%. The change in remuneration of Manager over the previous financial year is not comparable since Mr.Ojes Cheriyan Madappattu has been appointed as Manager with effect from March 15, 2017 of the Company.

The remuneration paid to the employees is as per the remuneration policy of the Company.

The Company has no employee employed throughout the financial year who was in receipt of a remuneration of ₹ 102 lakhs or more, or employed for part of the year and was in receipt of a remuneration ₹ 8 lakh or more a month under Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

The Following are the detail of employees received remuneration (Cost to the Company) during the Financial Year 2016-17:

S.No	Employee Name	(Amount in.₹)
1	Ojes C Madappattu (For 2016-17)	1572815
2	Saurabh Singh	1435000
3	Nilesh Tiwari	1376563
4	T V Sendil Prabhakaran	940015
5	Kakarla Sathar Kiran	714948
6	Saravanan R	685678

ANNEXURE II

FORM NO. MR-3

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31/03/2017

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To

The Members,
M/S. KUDGI TRANSMISSION LIMITED,
Chennai.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. KUDGI TRANSMISSION LIMITED (CIN U40106TN2012GOI111122) (hereinafter called the company) Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of M/s.KUDGI TRANSMISSION LIMITED books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31/03/2017 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31/03/2017 according to the provisions of (i) The Companies Act, 2013 (the Act) and the rules made there under (ii) The National Highways Authority of India Act, 1988.

M/s KUDGI TRANSMISSION LIMITED is an unlisted public limited company and hence compliance under the Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992('SEBI Act') viz: (a) The Securities and Exchange Board of India(substantial Acquisition of shares and Takeovers) Regulations, 2011, (b) The Securities and Exchange Board of India(Prohibition of Insider Trading) Regulations,1992, (c) The Securities and Exchange Board of India(Issue of Capital and Disclosure Requirements) Regulations,2009, (d) The Securities and Exchange Board of India(Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines,1999, (e) The Securities and Exchange Board of India(Issue and Listing of Debt Securities) Regulations, 2008, (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client, (g) The Securities and Exchange Board of India(Delisting of Equity Shares) Regulations, 2009 and (h) The Securities and Exchange Board of India(Buyback of Securities) Regulations, 1998 are not attracted.

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India and during the period under review the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc as mentioned above.

Further that the management of the Company as informed that all the Related Party Transactions entered by the Company during the period under review have been entered at Arm's Length Basis and therefore, compliance of provisions of Companies Act, 2013 in respect of any of these transactions do not arise.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

In respect of resolution passed in circulation the company followed a healthy system of circulating the detailed agenda to all the Directors in a single file system, followed by placing the concerned agenda in the subsequent meeting.

A review of the minutes of the Board meetings held during the year indicate that wherever required detailed deliberations were carried out in respect of all the agenda items that were required to be so carried out and there were no dissenting views in respect of any of the items.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, the company has obtained the required approval of its members in the Annual General Meeting held on 28/09/2016 and Extra-Ordinary General Meeting held on 02/05/2016 & 27/03/2017

I further report that during the period under review, the Board of Directors of the Company has approved the following:

- Shifting of Registered Office of the company from New Delhi to Chennai has been noted in the Board Meeting held on 22/07/2016.
- Mr. Ojes Cheriyan Madappattu has been appointed as Manager of the company w.e.f 15/03/2017
- the Board of Directors in their meeting held on 15/03/2017 has approved to exercise the borrowing powers exceeding the aggregate of paid up capital and free reserves subject to members consent.

- the Board of Directors in their meeting held on 15/03/2017 has approved for issuance debentures upto ₹.1500 crore by the company to refinance the existing borrowers
- The Board has also made allotment of 15000 debentures, each of ₹.10,00,000/- on 31/03/2017

I further report that my audit was subjected only to verifying adequacy of systems and procedures that are in place for ensuring proper compliances by the Company and I am not responsible for any lapses in those compliances on the part of the Company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF KUDGI TRANSMISSION LIMITED

REPORT ON THE IND AS FINANCIAL STATEMENTS

We have audited the accompanying Ind AS financial statements of Kudgi Transmission Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Changes in Equity, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE IND AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March 2017, its financial performance including Other Comprehensive Income, changes in equity and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we enclose in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the said order.
2. As required by Section 143 (3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.

   (e) On the basis of the written representations received from the directors as on 31st March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of Our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November 2016 to 30th December 2016 and these are in accordance with the books of accounts maintained by the Company. Refer Note H (10) to the Ind AS financial statements.

ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

1. a. The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;

   b. The Fixed Assets have been physically verified by the Management at regular Intervals and no material discrepancies were noticed on such verification.

   c. The title deeds of immovable properties are held in the name of the Company.

2. The Company is engaged in the business of infrastructure development and maintenance and hence clause 3 (ii) of the Companies (Auditor's Report) Order 2016 relating to inventory is not applicable.

3. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.

4. According to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act, 2013 are complied with in respect of loans, investments, guarantees and securities given by the Company, if any.

5. The Company has not accepted deposits and the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under are not applicable to the Company.

6. The Company is maintaining the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act in respect of services carried out by the Company.

7. a. According to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with the appropriate authorities.

   b. According to the information and explanation given to us, the Company has no statutory dues which have not been deposited on account of disputes.

8. The Company has not defaulted in repayment of loans or borrowings to a financial institution, bank, Government or dues to debenture holders.

9. The moneys raised by way of debt instruments and term loans were applied for the purposes for which those are raised.

10. Based on the information and explanation given to us, no material fraud by the Company or any fraud on the Company by its officers or employees has been noticed or reported during the year.

11. According to the information and explanations given to us and based on our examination of the records of the Company, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Companies Act 2013.

12. The Company is not a Nidhi Company and hence clause3 (xii) of the Companies (Auditor's Report) Order 2016 is not applicable.

13. According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 where applicable and the details of such transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.

14. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.

16. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of **Kudgi Transmission Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

H) NOTES FORMING PART OF FINANCIAL STATEMENTS

1) Corporate Information

Kudgi Transmission Limited was incorporated on November 27, 2012 under the Companies Act 1956 as a wholly owned subsidiary of M/s. REC Transmission Projects Company Limited (RECTPCL) as a Special Purpose Vehicle company to develop transmission system (Project) required for evacuation of power from NTPC Kudgi TPS (3X800 MW in Phase-I). The certificate of commencement of business was issued on January 11, 2013. M/s.RECTPCL has floated a bid on Build Own Operate and Maintain (BOOM) basis for selection of Transmission Service Provider for the above said project and M/s. L&T Infrastructure Development Projects Limited (L&TIDPL) was the successful bidder. Accordingly, the Company was acquired by L&TIDPL from REC TPCL on August 30, 2013 (effective date). The project is for 35 years from the Scheduled Commercial Operation Date,which is 18 months for first transmission element (Kudgi TPS to Narendra (new) 400 kV 2xD/C) and 28 months for second transmission element (Narendra (new) to Madhugiri 765 kV D/C and Madhugiri to Bidadi 400 kV D/C) from effective date as per the Transmission Service Agreement dated 14th May 2013 entered into with potential Long Term Transmission Customer(s). The Company commenced operations of project on September 24, 2016.

The Company achieved commercial operations date on September 24, 2016, hence previous year figures are not comparable.

2) The Company has not earned any income/incurred any expenditure in foreign currency during the year. (previous year: ₹ Nil)

3) Disclosure pursuant to Ind AS 19 “Employee benefits”:

(i) Defined contribution plan:

The Company’s provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 3,35,416 (previous year :Nil) being contribution made to recognised provident fund is recognised as expense and included under Employee benefit expense in the Statement of Profit and loss (Note 17) and an amount of ₹ 5,48,889 (previous year : ₹ 11,24,699) included under Financial asset - Lease Receivable.

(ii) Defined benefit plans:

a) Characteristics of its defined benefit plans and risks associated with them :

Gratuity:

The Company operates gratuity plan through LIC’s Group Gratuity scheme where every employee is entitled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement whichever is earlier. The benefit vests after five years of continuous service.

The benefit is governed by the Payment of Gratuity Act, 1972. The Key features are as under:

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of ₹ 10,00,000 was not applied
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

Leave Encashment:

Features of the defined benefit plan	Remarks	
Salary for Encashment	Basic Salary	
Salary for Availment	Cost to company	
Benefit event	Death or Resignation or Retirement or Availment	
Maximum accumulation	300	
Benefit Formula	(Leave Days) × (Salary)/ (Leave Denominator)	
Leave Denominator	Employee	30
Leaves Credited Annually	Employee	30
Retirement Age	58 Years	

The company is responsible for governance of the plan.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

11) Disclosures pursuant to Ind AS 1 - "Presentation of Financial Statements"

For the purpose of the company's capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximize shareholder value.

12) First time adoption of Ind AS

The financial statements, for the year ended March 31, 2017, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2017, together with the comparative period data as at and for the year ended March 31, 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

13) The following is a brief summary of the IGAAP adjustments made by the Company on account of transition to IndAS from the previous IGAAP.

(i) Service concession arrangements - Unconditional right to receive cash

Under Indian GAAP, service concession arrangements that gave the Company a right to received cash from or at the direction of the authority were recognised as Tangible assets. For transition, the right to receive cash is recognised as a financial asset on initial recognition at the fair value of the consideration received/receivable. Finance income is accounted on the financial asset using the effective interest rate method and the contractual cash flows are allocated between interest and principal repayments so as to completely amortize the receivable at the end of the concession period. Accordingly, tangible assets recognised under the previous GAAP in respect of annuity projects are de-recognised and consequently a financial asset is recognised on the transition date.

(ii) Current investments:

Under Indian GAAP, investment in mutual funds were stated at lower of cost and fair value. Any gain/loss on disposal was accounted for in the statement of profit and loss. For transition, mutual fund investments are categorized as Financial instruments at Fair Value Through Profit or Loss (FVTPL). Any unrealised gains/losses are included in the carrying amount of such investments as at the reporting date. Consequently the carrying amount of mutual fund investments is increased by ₹ 2,26,301/- with a corresponding increase in the reserves.

(iii) Construction income and construction expense:

The operator is required to recognize contract revenue and costs in accordance with Ind AS 11. As per Ind AS 115, operator has to recognize revenue when(or as) the operator satisfies a performance obligation by transferring promised asset to customer. The cost of each activity, viz, construction, operation and maintenance , are recognized as expenses by reference to stage of completion of that activity.

Note:

(a) Financial Asset :

Under Indian GAAP, service concession arrangements that gave the Company a right to receive cash from or at the direction of the authority were recognised as tangible assets. For transition, the right to receive cash is recognised as a financial asset on initial recognition at the fair value of the consideration received/receivable. Finance income is accounted on the financial asset using the effective interest rate method and the contractual cash flows are allocated between interest and principal repayments so as to completely amortize the receivable at the end of the concession period. Accordingly, tangible assets recognised under the previous GAAP in respect of annuity projects are de-recognised and consequently a financial asset is recognised on the transition date.

(b) The previous GAAP figures have been reclassified to conform to Ind AS presentation requirements for the purpose of this note.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

Note:

(a) Current investments:

Under Indian GAAP, investment in mutual funds were stated at lower of cost and fair value. Any gain/loss on disposal was accounted for in the statement of profit and loss. For transition, mutual fund investments are categorized as Financial instruments at Fair Value Through Profit or Loss (FVTPL). Any Unrealised gains/losses are included in the carrying amount of such investments as at the reporting date. Consequently the carrying amount of mutual fund investments is increased by ₹ 2,26,301/- with a corresponding increase in the reserves.

(b) Construction income and construction expense:

The operator is required to recognize contract revenue and costs in accordance with Ind AS 11. As per Ind AS 115, operator has to recognize revenue when(or as) the operator satisfies a performance obligation by transferring promised asset to customer. The cost of each activity, viz, construction, operation and maintenance , are recognized as expenses by reference to stage of completion of that activity.

(c) The previous GAAP figures have been reclassified to conform to Ind AS presentation requirements for the purpose of this note.

14) Financial Instruments

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

The carrying amount of current financial assets and current trade and other payables measured at amortized cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of security deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan and non convertible debentures approximate fair value as the instruments are at prevailing market rate.

16) Fair Value Measurement

18) Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

(i) Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

(ii) Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	**As at March 31,2017**	*As at March 31,2016*	*As at March 31,2015*
Senior Debt from Banks - Variable rate borrowings	–	*8,996,534,607*	*4,708,545,936*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	**Impact on profit/ loss after tax**	
	FY 2016-17	*FY 2015-16*
Increase or decrease in interest rate by 25 base point	**11,245,668**	*17,131,351*

Note: Profit will increase in case of decrease in interest rate and vice versa

(iii) Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	**Note No.**	**As at March 31,2017**	*As at March 31,2016*	*As at March 31,2015*
Investments in Mutual Funds	**4**	–	*74,936,591*	*11,642,305*

Sensitivity Analysis

	Impact on profit/ loss after tax	
	FY 2016-17	*FY 2015-16*
Increase or decrease in NAV by 2%	–	*1,498,732*

Note - In case of decrease in NAV profit will reduce and vice versa.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company is exposed to credit risk with regard to receipt of annuity income as per the transmission service agreement. In case of shortfall, the company shall go for working capital loan or promoter funding or any other form of temporary funding.

19) Disclosure pursuant to Appendix - A to Ind AS 11 - " Service Concession Arrangements"

i) Description and classification of the arrangement

"Kudgi Transmission Limited was incorporated on November 27, 2012 under the Companies Act 1956 as a wholly owned subsidiary of M/s. REC Transmission Projects Company Limited (RECTPCL) as a Special Purpose Vehicle company to develop transmission system (Project) required for evacuation of power from NTPC Kudgi TPS (3X800 MW in Phase-I). The certificate of commencement of business was issued on January 11, 2013. M/s.RECTPCL has floated a bid on Build Own Operate and Maintain (BOOM) basis for selection of Transmission Service Provider for the above said project and M/s. L&T Infrastructure Development Projects Limited (L&TIDPL) was the successful bidder. Accordingly, the Company was acquired by L&TIDPL from REC TPCL on August 30, 2013 (effective date). The project is for 35 years from the Scheduled Commercial Operation Date, which is 18 months for first transmission element (Kudgi TPS to Narendra (new) 400 kV 2xD/C) and 28 months for second transmission element (Narendra (new) to Madhugiri 765 kV D/C and Madhugiri to Bidadi 400 kV D/C) from effective date as per the Transmission Service Agreement (TSA) dated 14th May 2013 entered into with potential Long Term Transmission Customer(s). The Company commenced operations of project on September 24, 2016."

ii) Significant Terms of the arrangements

(a) Monthly Transmission Charges:

The Monthly Transmission Charges for each contract year shall be calculated in accordance with the provision of Schedule 5 of TSA.

(b) License Fee

A transmission licensee for inter-State transmission, including a person deemed to be an inter-State transmission licensee under any of the provisions to Section 14 of the Electricity Act 2003, shall pay license fee at the rate of 0.11% per annum on the annual transmission charges.

iii) Operation and Maintenance of the Project

Transmission Service Provider (TSP) shall be responsible for ensuring that the project is operated and maintained as specified under article 7 of the transmission service agreement (TSA) in accordance with the Indian Electricity Grid Code/ State Grid Code in an efficient, coordinated and economical manner.

v) Details of Termination

TSA can be terminated on account of default of the company in the circumstances as specified under article 13 of the TSA.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1. Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements upto to the year ended March 31, 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act.

These financial statements are the first financial statements of the Company under IndAS. Refer Note H(14) for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations
Assets held for sale	fair value less costs to sell

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, fair value measurement etc.

(d) Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2. Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate.

b) Revenue from annuity based projects is recognised in the Statement of Profit and Loss over the concession period of the respective

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

projects based on the implicit rate of return embedded in the projected cash flows. Such income is duly adjusted for any variation in the amount and timing of the cash flows in the period in which such variation occurs.

c) Contract revenue for fixed price contracts is recognised only to the extent of cost incurred that it is probable will be recoverable till such time the outcome of the job cannot be ascertained reliably. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

Percentage of completion is determined based on the proportion of actual cost incurred to the total estimated cost of the project. The percentage of completion method is applied on a cumulative basis in each accounting period to the current estimates of contract revenue and contract costs. The effect of a change in the estimate of contract revenue or contract costs, or the effect of a change in the estimate of the outcome of a contract, is accounted for as a change in accounting estimate and the effect of which are recognised in the Statement of Profit and Loss in the period in which the change is made and in subsequent periods.

For the purposes of recognizing revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

For this purpose, actual cost includes cost of land and developmental rights but excludes borrowing cost. Expected loss, if any, on the construction activity is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense in the Statement of Profit and Loss in the period in which such probability occurs.

d) Fair value gains on current investments carried at fair value are included in Other income.

e) Dividend income is recognised when the right to receive the same is established by the reporting date.

f) Other items of income are recognised as and when the right to receive arises.

4. Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

5. Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure."

6. Exceptional items

On certain occasions, the size, type or incidence of an item of income or expense is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

7. Investments

Trade investments comprise investments in entities in which the Company has strategic business interest.

Investments, which are readily realizable and are intended to be held for not more than one year, are classified as current investments. All other investments are classified as long term investments.

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties. The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of cost model.

8. Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognizes related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

9. Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Consolidated Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Consolidated Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

10. Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are as per Indian Accounting Standard 108 “Operating Segments” (IND AS 108) read with SEBI’s circular dated July 5, 2016. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under ‘unallocated revenue / expenses / assets / liabilities’.

11. Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance leases:

(a) Property, plant and equipment acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

(b) Property, plant and equipment given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalized by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

12. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

13. Income taxes

The income tax expense or credit for the year is the tax payable on current year’s taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realized or settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

14. Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and

(b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

15. Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed in notes in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or a present obligation arising from past events, when no reliable estimate is possible . Contingent assets are disclosed in the financial statements where an inflow of economic benefits are probable.

16 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortized cost (unless the same are designated as fair value through profit or loss (FVTPL)):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (unless the same are designated as fair value through profit or loss)

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTPL is a residual category for debt instruments and all changes are recognised in profit or loss.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest income, dividend income and exchange difference (on debt instrument) on FVTOCI debt instruments is recognised in profit or loss and other changes in fair value are recognised in OCI and accumulated in other equity. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.

A financial asset is primarily derecognized when:

i. the rights to receive cash flows from the asset have expired, or

ii. the company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with a)the company has transferred substantially all the risks and rewards of the asset, or b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets: The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortized costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

Financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

The Company designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortized to profit or loss from that date.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

Impairment of financial assets (Expected Credit Loss Model)

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset and financial guarantees not designated at FVTPL

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e.. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument, through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increase significantly since initial recognition. If the credit risk has not increased significantly, the Company measures the loss allowance at an amount equal to 12-month expected credit losses. 12-month expected

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of a change in the amount of the expected credit loss. To achieve that, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

17. Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

18. Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

19. Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

Note A: First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognizing all assets and liabilities whose recognition is required by Ind AS, not recognizing items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after April 1, 2015 (transition date).
2. The Company has determined the classification of debt instruments in terms of whether they meet the amortized cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
3. The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.
4. The company has assessed all contracts and arrangements for embedded leases based on conditions in place as at the date of transition.
5. The estimates as at April 1, 2015 and at March 31, 2016 are consistent with those made for the same dates in accordance with the Indian GAAP.

BOARD'S REPORT

The Directors have pleasure in presenting their report and Audited Accounts for the year ended 31st March, 2017.

FINANCIAL RESULTS / FINANCIAL HIGHLIGHTS (IND AS):

(₹ in crore)

Particulars	**2016-17**	*2015-16*
	₹ Crore	*₹ Crore*
Profit / (Loss) before Depreciation, exceptional and extra ordinary items & Tax	**(247.74)**	*(187.72)*
Less: Depreciation, amortization and obsolescence	**43.38**	*35.31*
Profit / (Loss) before tax	**(291.12)**	*(223.03)*
Less: Provision for tax	**–**	*–*
Profit for the period carried to the balance sheet	**(291.12)**	*(223.03)*
Add: Balance brought forward from previous year	**(236.16)**	*(13.13)*
Balance carried to Balance Sheet	**(527.28)**	*(236.16)*

STATE OF COMPANY AFFAIRS:

The gross revenue and other income for the financial year under review were ₹ 311.70 crore as against ₹ 243.66 crore for the previous financial year registering an increasing of 27.92%. The loss for the year was ₹ 291.12 crore as against loss of the previous year of ₹ 223.03 crore. Since the Commercial Operations Date was achieved in June 2015, the figures for the financial 2015-16 are for 10 (ten) months period only.

The Government of India, on November 8, 2016 declared the cancellation of legal tender of ₹ 500 and ₹ 1000 currency notes. The order was followed with a set of restrictions on exchange and withdrawal with Banks. To minimize the shortage of cash difficulties,the Ministry of Road Transport & Highways (MoRTH) had directed and suspended tolling operations in National Highways from November 9, 2016 till the Midnight of December 2, 2016.

Though the Concessionaires were hopeful of a direct Loss of Revenue compensation, MoRTH and the National Highway Authority of India (NHAI) had issued a standard operating procedure for release of compensation in phases and in line with the Concessionaire Agreement i.e reimbursement of O&M Expenses and Interest Cost. The tolling resumed on December 3, 2016 with an increased patronage for RFID tags, Credit/Debit Card transactions and other non-cash payment wallets. The Company had tied up with the respective agencies and mobilized Point of Sales (POS) in a short period of time along with ramping up the RFID hand helds and RFID enabled lanes at all the plazas. The challenge was handled exceptionally well by the Company and currently there are 22.83%of non-cash transactions as compared to the period prior to Demonetization. The Company has realized ₹ 10.92 crore towards 90% of interest cost for the period of 24 days where the toll had been suspended. The Company has initiated steps to realize the balance O&M & Interest Costs with NHAI.

CAPITAL & FINANCE:

The Company did not raise any funds via issue of Non-Convertible debentures or long term foreign currency loans in USD.

CAPITAL EXPENDITURE:

As at March 31, 2017 the gross fixed and intangible assets including leased Assets, stood at ₹ 4,747.92 crore and the net fixed and intangible assets, including leased assets, at ₹ 4,669.29 crore. Capital Expenditure during the year amounted to ₹ 1.29 crore.

DEPOSITS:

The Company has not accepted deposits from the public and no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND:

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY/ASSOCIATE/JOINT VENTURE COMPANIES:

The Company does not have any Subsidiary/Associate/Joint Venture Company.

PARTICULARS OF LOANS GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY:

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 except sub-section (1) of the Companies Act, 2013 (Act) are not applicable to the Company. However, full particulars of the loans given, investments made or guarantees given or security provided is given in Note No. 5 of notes to accounts of this Annual Report.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES:

All the related party transactions were in the ordinary course of business and at arm's – length.

All related party transactions (RPT) during the year have been approved in terms of the Act, adhere to the RPT Policy of its Holding Company and guidelines thereunder.

The disclosure as per Form AOC-2 is given in Annexure I to this Report.

AMOUNT TO BE CARRIED TO RESERVE:

Appropriation of profits to any specific reserves is not applicable to the Company.

DIVIDEND:

The Directors do not recommend payment of dividend for the financial year, in view of the losses incurred during the year.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY, BETWEEN THE END OF THE FINANCIAL YEAR AND THE DATE OF THE REPORT:

No material changes and commitments have occurred affecting the financial position of the Company between the end of the financial year and the date of this report.

DETAILS OF SIGNIFICANT & MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS:

During the year under review, there were no material and significant orders passed by the regulators or courts or tribunals impacting the going concern status and the Company's operations in future.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

RISK MANAGEMENT POLICY:

The Company follows the risk management policy of its Holding Company and has in place a mechanism to inform the Board Members about risk assessment and minimization procedures and periodical review to ensure that executive management controls risk by means of a properly designed framework.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY

Your Company has designed and implemented a process-driven framework for Internal Controls on Financial Reporting System within the meaning of the explanation to Section 134(5)(e) of the Act. For the year ended March 31, 2017, the Board is of the opinion that the Company has adequate internal controls commensurate with the nature and size of its business operations and these are operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Auditors of the Company have reviewed the adequacy of the Internal Financial Control over Financial Reporting of the Company and the operating effectiveness of such control are reported in "Annexure A" of the Auditors' report for the financial year 2016-17.

CORPORATE SOCIAL RESPONSIBILITY:

Since the Company does not fulfil the criteria specified under Section 135 of the Act provisions of Corporate Social Responsibility are not applicable to your Company.

ANNEXURE III

FORM NO. MR-3

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR 2016-17

To,
The Members,
L&T BPP Tollway Limited

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **L&T BPP Tollway Limited** (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended March 31, 2017("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by "the Company" for the financial year ended March 31, 2017 according to the provisions of:

(i) The Companies Act, 2013('Act') and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder –Not Applicable;

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF L&T BPP TOLLWAY LIMITED

Report on the Financial Statements

We have audited the accompanying Ind AS financial statements of **L&T BPP TOLLWAY LIMITED** ("the Company"),which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of changes in Equity for the year then ended,and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, the financial position of the Company as at 31 March 2017 and its financial performance including other comprehensive income, its cashflows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" to this Report, a statement on the matters specified in para 3 and 4 of the said Order.

2) As required by Section143 (3)of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of CashFlows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015.

   (e) On the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, amended vide the Companies (Audit and Auditors) Amendment Rules, 2017,in our opinion and to the best of our information and according to the explanations given to us:

      i. The Company does not have any pending litigations which would impact its financial position;

      ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

iv. The Company has provided requisite disclosures in its financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016. Based on audit procedures carried out by us and relying on the management representation, we report that the disclosures are in accordance with the books of accounts maintained by the Company and as produced to us by the management of the Company. (Refer Note H11 to the Ind AS Financial Statements);

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

With reference to Annexure 'A' referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of the Independent Auditor's report to the members ofL&T BPP TollwayLimited on the financial statements for the year ended 31 March 2017, we report that:

(i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of its fixed assets.

(b) As informed to us, fixed assets have been physically verified by the management during the year and no discrepancies were noticed on such verification.

(c) The Company does not have any immovable property in its books of account. Accordingly, reporting on clause (i) (c) of the Order does not arise.

(ii) The Company is engaged in the business of development, operation and maintenance of roads and does not have any inventory in its books of account. Accordingly, reporting on clause (ii) of the Order does not arise.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly reporting on clause (iii) (a), (b) and (c) of the Order does not arise.

(iv) According to the information and explanations given to us, the Company has not advanced any loan, given any guarantee or provided any security to parties covered under Section 185 of the Companies Act, 2013. Accordingly, reporting under clause (iv) of the Order does not arise. Section 186 of the Companies Act, 2013 is not applicable to the company.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from public. Accordingly, reporting under clause (v) of the Order does not arise.

(vi) The Central Government has specified maintenance of cost records under Section 148(1) of the Companies Act, 2013 read with the Companies (Cost Records and Audit)Rules, 2014 (as amended) for the operations of the Company for the current financial year. We have broadly reviewed the books of account and records maintained by the Company in respect of development, operation and maintenance of roads and are of the opinion that *prima facie*, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company has been generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, service tax, cess and other material statutory dues applicable to the Company with appropriate authorities. According to the information and explanations given to us, there were no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, and other material statutory dues outstanding as at 31 March 2017 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and the records of the Company examined by us, dues in respect of income tax as at 31 March 2017, which has not been deposited on account of disputes pending is as under:

Name of the statute	Nature of disputed dues	Period to which the dispute relates (Financial year)	Forums where disputes are pending	Amount involved (₹)	Amount not deposited (₹)
Income tax Act, 1961	Rejection of utility shifting expenses deducted against income from mutual funds and interest income	2013-14	Commissioner of Income Tax (Appeals)	17,84,580	17,84,580

According to the information and explanations given to us and the records of the Company examined by us, there are no dues in respect of sales tax, service tax, duty of customs, duty of excise or value added tax as at 31 March 2017, which have not been deposited on account of a dispute.

(viii) According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowing to banks during the year. The Company did not have any loans or borrowing from financial institutions orgovernment or dues to debenture holders.

(ix) In our opinion, and according to the information and explanations given to us, on an overall basis, the term loans taken during the year have been applied for the purposes for which they were obtained. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.

(x) To the best of our knowledge and during the course of our examination of the books and records of the Company, and according to the information and explanations given to us, no instances of fraud by the Company, and no material instances of frauds on the Company by its officers or employees has been noticed or reported during the year.

(xi) According to the information and explanations given to us, the Company has paid or provided for, managerial remuneration during the year. However, requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Companies Act, 2013 were not required since the total managerial remuneration paid or payable by the Company to its Manager in respect of financial year ended 31 March 2017 has not exceeded the limits laid down in Section 197 read with Schedule V of the Companies Act, 2013.

(xii) The Company is not a Nidhi Company. Accordingly, reporting under clause 3(xii) of the Order does not arise.

(xiii) According to the information and explanations given to us and the records of the Company examined by us, all transactions with the related parties are in compliance with the provisions of Sections 177 and 188 of the Companies Act, 2013, to the extent applicable and the details disclosed in the Financial Statements, as required by the applicable Accounting Standards.

(xiv) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, reporting under clause (xiv) of the Order does not arise.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with the directors during the year. Accordingly, reporting under clause (xv) of the Order does not arise.

(xvi) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under clause (xvi) of the Order does not arise.

(xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with the directors during the year. Accordingly, reporting under clause 3 (xv) of the Order does not arise.

(xvi) The Company is not engaged in the business of non-banking financial institution and is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly reporting under clause (xvi) of the Order does not arise.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) of our Report of even date]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of L&T BPP Tollway Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. Our audit is conducted in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, theCompany has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1.1 Refer Note H 21 for information on property, plant and equipments pledged as security.

1.2 There is no restriction on title of property, plant and equipments.

1.3 There is no contractual commitment on acquition of property, plant and equipments.

2 INTANGIBLE ASSETS

Particulars	Cost				Depreciation				Book Value	
	As at April 01, 2016	Additions	Deductions/ Adjustment	As at March 31, 2017	Upto April 1, 2016	Additions	Deductions/ Adjustment	Upto March 31, 2017	As at March 31, 2017	As at March 31, 2016
Toll collection rights	47,325,177,509	112,370,990	–	47,437,548,499	349,743,228	426,834,347	–	776,577,575	46,660,970,924	46,975,434,281
Total	**47,325,177,509**	**112,370,990**	**–**	**47,437,548,499**	**349,743,228**	**426,834,347**	**–**	**776,577,575**	**46,660,970,924**	**46,975,434,281**

Note: NHAI, Authority, suspended toll collection for 23.263 days during 9th Nov 2016 to 2nd Dec 2016 due to demonetisation. Under Clause 34.6.2 and 34.7.2 of Concession Agreement, being force majeure event, the company is entitled for extension of concession period for 23.263 days beyond end of existing concession period. The additional concession fee (also referred as Negative grant or premium) payable for this extended period of ₹ 52.84 Cr has been capitalised as deferred payment liability.

The company has submitted the claim to NHAI for ₹ 20.65 Cr for loss of revenue during 9th Nov 2016 to 2nd Dec 2016 in view of demonetisation. After excluding claim for Interest on Senior Debt ₹ 12.40 Cr and O&M Expenses of ₹ 1.64 Cr, and on account of decrease in amortisation of ₹1.22 cr due to increase in concession period, the balance receivable of ₹ 5.39 Cr has been capitalised.

2.2 Disclosure of Material Intangible Asset

2.2.1 Toll collection rights of existing road from KM 000.00 to KM 244.120 (approximately 244.120 km) on the Beawar – Pali - Pindwara section of National Highway No.14 in the State of Rajasthan

Particulars	Remaining Amortization Period (Years)
As at March 31, 2017	17.73
As at March 31, 2016	18.73
As at April 01, 2015	Not applicable

2.3 There is no restriction on title of Tolling rights.

2.4 There is no contractual commitment on acquition of Tolling rights.

2.5 Refer Note H 21 for information on Intangible asset pledged as security.

H) 1) Corporate Information

L&T BPP Tollway Limited is a Special purpose vehicle incorporated on 25th may 2011, to augment the existing road from KM 000.00 to KM 244.120 (approximately 244.120 km) on the Beawar – Pali - Pindwara section of National Highway No.14 in the State of Rajasthan by four-Laning on Design, Build, Finance, Operate and Transfer (DBFOT) basis, under Concession Agreement dated June 22, 2011 with the National Highways Authority of India (NHAI).

The Concession Agreement is for a period of 23 years from the appointed date (communicated by NHAI as December 19, 2011) as stated in clause 3.1.1 of Article-3 of the Concession Agreement. At the end of the concession period, the entire facility has to be transferred to NHAI, free and clear of all encumbrances, vide Article 38.1.1 of the Concession Agreement. The Company commenced operations on June 11,2015.

2) Disclosure pursuant to Ind AS 19 “Employee benefits”:

(i) Defined contribution plan:

The Company’s provident fund is defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 16,50,996 (previous year : ₹ 15,47,709) being contribution made to recognised provident fund is recognised as expense and included under Employee benefit expense (Note 19) in the Statement of Profit and loss.

(ii) Defined benefit plans:

a) Features of its defined benefit plans:

Gratuity:

The benefit is governed by the Payment of Gratuity Act, 1972. The Key features are as under:

Plan Features

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of ₹ 10,00,000 was not applied
Vesting conditions	5 years of continuous service (Not applocable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

Leave Encashment: The benefits are governed by the Company’s Leave Policy.The Key features are as under:

Plan Features

Features of the defined benefit plan	Remarks
Salary for Encashment	Basic Salary
Salary for Availment	Cost to company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	300
Benefit Formula	(Leave Days) × (Salary)/ (Leave Denominator)
Leave Denominator	30
Leaves Credited Annually	30
Retirement Age	58 Years

NOTES FORMING PART OF ACCOUNTS (Contd.)

iii) The company is responsible for governance of the plan.

iv) Risk to the Plan

Following are the risk to which the plan exposes the entity :

A Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits/Leave benefit will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits /Leave benefit will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date for Gratuity and on the relative values of the assumed salary growth and discount rate for Leave Benefit.

Variability in availment rates: If actual availment rates are higher than assumed availment rate assumption than leave balances will be utilised earlier than expected. This will result in reduction in leave balances and Obligation.

B Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cashflows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

l) **Details of Asset-Liability Matching Strategy**

There are no minimum funding requirements for a Gratuity/Leave benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liability of the plan.

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

The laibilities of leave benefit are unfunded, there is no Asset-Liability Matching strategy deviced for the plan.

m) **Changes in Inter-Valuation Period**

There are no changes in the benefit scheme since the last valuation.

There are no special events such as benefit improvements or curtailments or settlements during the inter-valuation period.

4) **DISCLOSURE PURSUANT TO IND AS 23 “BORROWING COSTS”**

Borrowing cost capitalised during the year ₹ NIL. [Previous Year :₹ 39,15,08,221/-]

5) **DISCLOSURE OF SEGMENT INFORMATION PURSUANT TO IND AS 108 “OPERATING SEGMENTS”**

The Company is engaged in the business of development, operation and maintenance of Toll road projets on a DBFOT basis in a single business segment. Hence reporting on primary segment does not arise. The Company does not have operations outside India. Hence, disclosure of secondary / geographical segment information does not arise.

6) **DISCLOSURE OF RELATED PARTIES / RELATED PARTY TRANSACTIONS PURSUANT TO IND AS 24 “RELATED PARTY DISCLOSURES”**

NOTES FORMING PART OF ACCOUNTS (Contd.)

8) DISCLOSURE PURSUANT TO IND AS 36 "IMPAIRMENT OF ASSETS"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

9) DISCLOSURES AS PER IND AS 37 - "PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS "

a) Nature of provision:

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (NHAI) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per Industry practice periodic maintenance is expected to occur over a period of six to seven years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching concept, based on estimates, a provision for periodic major maintenance expenses is provided for in the books annually.

During the current year the Company has provided ₹ 171,400,000/- for periodic major maintenance in respect of its resurfacing obligation , as per Schedule L Clause 4.3.7 of the Concession Agreement with NHAI. The same is at discounted value

b) Movement in provisions:

Particulars	**As at 31 March 2017**	*As at 31 March 2016*	*As at 01 April 2015*
Opening balance	**148,600,000**	–	–
Additional provision	**171,400,000**	*148,600,000*	–
Unwinding of discount	**16,800,000**	–	–
Closing balance	**336,800,000**	*148,600,000*	–

c) Contingent Liabilities

Disclosure in respect of contingent liabilities is given as part of Note F to the Balance Sheet.

10) Expense towards work done by subcontractors and reimbursement is yet to be approved by NHAI are accrued under other financial liabilities and corresponding reimbursement receivable are included under Utility Shifting recoverable since amount is payable to the subcontractor for such work on receipt of reimbursement from NHAI.

11) DETAILS OF SPECIFIED BANK NOTES (SBN) HELD AND TRANSACTED DURING THE PERIOD 08 NOVEMBER 2016 TO 30 DECEMBER 2016

Closing cash in hand as on 30.12.2016	-	35,696,410	35,696,410

12) FIRST TIME ADOPTION OF IND AS

Exemptions availed

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS.

Deemed cost of Property, plant and equipment

Company has elected to measure all of its Property, Plant and Equipment and Investment property at their previous GAAP carrying amount on the date of transition to Ind AS.

Amortization of Tolling Rights

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

NOTES FORMING PART OF ACCOUNTS (Contd.)

13) TRANSITIONAL ADJUSTMENT

The following is a brief summary of the GAAP adjustments made by the Company on account of transition to IndAS from the previous GAAP.

(i) Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised over the tenor of the loan. For transition to IndAS, such transaction costs are adjusted with the fair value of the borrowings on initial recognition. Interest on the borrowings is accounted under the Effective Interest Rate method (EIR). Accordingly borrowings as at 31 March 2015 have been reduced by ₹ 5,91,87,675/- . Consequently an amount of ₹ 5,91,87,675/- has been derecognised from toll collection rights with an effect of ₹ NIL to retained earnings.

(ii) Interest free Mezzanine Debt from the Holding Company

The Company received interest free loan in the nature of promoters' contribution from the Holding Company under the Common Loan Agreement entered with the Project Lenders. As per the terms of the agreement, such interest-free loan was repayable after the lenders are paid in full hence were classifed as "Promoters' Mezzanine Debt" and disclosed under Long term borrowings from related parties. For transition to IndAS, since the Company does not have an unconditional right to not deliver cash or other financial asset to settled the obligation, the interest-free Mezzanine debt is fair valued on initial recogntion. The difference between the amount received and fair value on initial recognition is recognised as "Equity Component of Other Financial Instruments" and included as part of "Other equity". Consequently, interest free mezzanine debt is reduced by ₹ by 2,68,39,02,735/- a corresponding adjustment to "Equity Component of Other Financial Instruments".

(iii) Current investments

Under Indian GAAP, investment in mutual funds were stated at lower of cost and fair value. Any gain/loss on disposal was accounted for in the statement of profit and loss. For transition, mutual fund investments are categorised as Financial instruments at Fair Value Through Profit or Loss (FVTPL). Any unrealised gains/losses are included in the carrying amount of such investments as at the reporting date. Consequently the carrying amount of mutual fund investments is increased by ₹1,01,028/- with a corresponding increase in the reserves.

17) **FINANCIAL RISK MANAGEMENT**

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance and reviews the risk management framework.

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

NOTES FORMING PART OF ACCOUNTS (Contd.)

i **Foreign Currency Risk**

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

ii **Interest rate risk**

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate only, which is the inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	**31.03.2017**	*31.03.2016*	*01.04.2015*
Senior Debt from Banks - Variable rate borrowings	**18,211,406,310**	*18,226,728,945*	*17,964,426,325*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	**Impact on profit/ loss after tax**	
	FY 2016-17	*FY 2015-16*
Increase or decrease in interest rate by by 25 basis point	**45,547,669**	*45,238,944*

Note: Profit will increase in case of decrease in interest rate and vice versa

iii **Price risk**

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	**Note No.**	**31.03.2017**	*31.03.2016*	*01.04.2015*
Investments in Mutual Funds		**465,507,737**	*269,724,312*	*32,117,305*

Sensitivity Analysis

	Impact on profit/ loss after tax	
	31.03.2017	*31.03.2016*
Increase or decrease in NAV by 2%	**9,310,155**	*5,394,486*
Note - In case of decrease in NAV profit will reduce and vice versa.		

iv **Liquidity risk**

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Mezzanine Debt	947,672,561	–	–	–	947,672,561
Derivative Financial Liability	NIL	NIL	NIL	NIL	NIL

The current portion in the financial statements represents the assets and liabilities expected to be recovered/settled within 12 months and non- current portion presented in the financial statements represents the assets & liabilities expected to be recovered/ settled beyond 12 months.

v Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. The company has other receivables primarily from government authority i.e. NHAI. Hence, the management believes that the company is not exposed to any credit risk.

18) FINANCIAL INSTRUMENTS

Default and breaches

There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.

There are no breaches during the year which permitted lender to demand accelerated payment.

19) FAIR VALUE OF FINANCIAL ASSET AND LIABILTIES AT AMORTIZED COST

Particular	Note no.	31.03.2017		31.03.2016		01.04.2015	
		Carrying amount	Fair value	Carrying amount	Fair value	Carrying amount	Fair value
Financial Assets							
Security Deposits	4	**1,293,853**	**1,293,853**	*1,279,824*	*1,279,824*	*1,052,881*	*1,052,881*
Total Financial Assets		**1,293,853**	**1,293,853**	*1,279,824*	*1,279,824*	*1,052,881*	*1,052,881*
Financial liability							
Borrowings	10	**46,186,156,673**	**46,186,156,673**	*43,929,092,369*	*43,929,092,369*	*18,912,098,886*	*18,912,098,886*
Other Current Financial Liabilities	11	**265,304,423**	**265,304,423**	*60,168,612*	*60,168,612*	–	–
Trade Payables	14	**18,783,901**	**18,783,901**	*3,855,018*	*3,855,018*	–	–
Total Financial Liabilities		**46,470,244,997**	**46,470,244,997**	*43,993,115,999*	*43,993,115,999*	*18,912,098,886*	*18,912,098,886*

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

28) PREVIOUS YEAR FIGURES ARE REGROUPED WHEREEVER REQUIRED.

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1. Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015] and Companies (Indian Accounting Standards) Amendmend Rules, 2016.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act. Previous period numbers in the financial statements have been restated to Ind AS.

NOTES FORMING PART OF ACCOUNTS (Contd.)

These financial statements are the first financial statements of the Company under IndAS. Refer Note 13 for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items which are measured at fair values:

- Certain financial assets and liabilities
- Net defined benefit (asset) / liability

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(d) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection. Revenue from sale of smart cards, electronic or digital mode of payment is accounted on cash basis.

NOTES FORMING PART OF ACCOUNTS (Contd.)

b) Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

c) Fair value gains on current investments carried at fair value are included in Other income.

d) Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

e) Other items of income are recognised as and when the right to receive arises.

4 Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdraft is shown within borrowings.

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing Property, Plant and Equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use. Assets costing less than rupees five thousand each is fully depreciated in the year of purchase.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation on assets has been provided on straight-line pattern over useful life except on the category of assets specified in subsequent para at the rates specified in the Schedule II to the Companies Act, 2013.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	**Estimated useful life (in years)**
Plant and equipment:	
Toll Collection System	7
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10

NOTES FORMING PART OF ACCOUNTS (Contd.)

Category of Property, plant and equipment	Estimated useful life (in years)
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Electrical installations	10

7 **Amortisation of intangible assets**

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period as provided to the project lender at the time of financial closure/arrangement. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period. For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 **Intangible assets**

Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highway Authority of India (NHAI), if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

9 **Employee benefits**

Employee benefits include provident fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are

NOTES FORMING PART OF ACCOUNTS (Contd.)

recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

10 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

11 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

12 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

13 Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

14 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

15 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

NOTES FORMING PART OF ACCOUNTS (Contd.)

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only be occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements

16 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost.

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset which is not classified in any of the above categories are measured at fair valued through profit or loss

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest, dividends, losses and gains relating to financial instruments or a component that is a financial liability shall be recognised as income or expenses in profit or loss.. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

17 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance leases:

(a) Property, plant and equipment acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

NOTES FORMING PART OF ACCOUNTS (Contd.)

(b) Property, plant and equipment given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

18 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

19 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

20 First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
3. The Company has opted to continue with the carrying value for all of its PPE as recognised in its previous GAAP financial as deemed cost at the transition date.
4. The Company has decided to continue with the revenue based amortisation method for existing road concessions.

BOARD'S REPORT

Dear Members,

The Directors have pleasure in presenting their report and Audited Accounts for the year ended March 31, 2017.

FINANCIAL RESULTS / FINANCIAL HIGHLIGHTS (IND AS):

(₹ in crore)

Particulars	**2016-17**	*2015-16*
Profit / (Loss) before depreciation, exceptional and extra ordinary items & Tax	**(145.49)**	*(81.27)*
Less: Depreciation, amortization and obsolescence	**44.07**	*17.11*
Profit / (Loss) before tax	**(189.56)**	*(98.38)*
Less: Provision for tax	**–**	*–*
Profit / (Loss) for the period carried to the balance sheet	**(189.56)**	*(98.38)*
Add: Balance brought forward from previous year	**(367.09)**	*(268.71)*
Balance carried to Balance Sheet	**(556.65)**	*(367.09)*

STATE OF COMPANY AFFAIRS:

The gross revenue and other income for the financial year under review was ₹86.29 crore as against ₹86.50 crore of the previous financial year registering decrease by 0.24%. The loss for the year was ₹189.56 crore as against the loss of the previous year of ₹98.38 crore. Increase in loss is due to the provision of interest on mezzanine debt and provision under the Strategic Debt Restructuring Scheme.

The Government of Gujarat, on August 15, 2016 exempted small vehicles, like cars, jeep and vans along with Gujarat State Road Transport Corporation (GSRTC) buses from paying toll across the 27 toll plazas of the 12 state highways. Subsequently the Gujrat Government declared its decision to compensate for the losses incurred by the Concessionaires on this account.

The Company submitted reports to the Gujrat Government / GSRDC, reflecting the factual data as presented in the project Schedule M and clearly provided bifurcation of the forced exemptions and violations. These reports were transparent and have stood the test of GSRDC audits and the compensations were made to the Company without any deduction, from the day / time the exemption was enforced. In addition, the Company has also enabled a real-time data synchronization with GSRDC systems through Electronic Data Interchange (EDI) facility enabling verification of the vehicles passing through the plazas.

The Company had issued a termination notice to Gujrat State Road Development Corporation (GSRDC) on April 19, 2016 which was subsequently withdrawn at the advice of Gujrat State Government / GSRDC on September 8, 2016. The Joint Lenders' Forum formed by the Senior Lenders of the Company, at its meeting held on July 21, 2016 had decided to implement the Strategic Debt Restructuring Scheme (SDR Scheme) of RBI to resolve the financial / operating stress on the Company. The SDR Scheme was implemented on the following terms and conditions:

(a) Conversion of a portion of the senior debt outstanding amounting to ₹405,82,65,250/- (Rupees Four Hundred and Five Crore Eighty Two Lakh Sixty Five Thousand Two Hundred and Fifty Only) due to the Senior Lenders, into equity shares of the Company.

(b) Extension of the repayment schedule as applicable to balance outstanding debt, amounting to ₹597,26,07,701/- (Rupees Five Hundred and Ninety Seven Crore Twenty Six Lakh Seven Thousand Seven Hundred and One only) as per the Master Restructuring Agreement, on and with effect from July 21, 2016.

Accordingly, 40,58,26,525 numbers of equity shares of ₹10/- each were allotted to the following lenders in the manner set out below:

Name of the Bank	**Number of equity shares allotted**
Allahabad Bank	7,98,08,974
UCO Bank	7,58,13,760
Oriental Bank of Commerce	6,88,17,298
Syndicate Bank	5,94,92,481
Indian Bank	4,47,23,187
HDFC Bank	3,28,07,338
IndusInd Bank	4,43,63,487
Total	**40,58,26,525**

Further, 13,05,00,000 numbers of equity share of ₹10/- each were allotted to L&T Infrastructure Development Projects Limited (L&T IDPL), the Holding Company by converting mezzanine debt amounting to ₹130,50,00,000/-. Further, 50% of the 0.01% Convertible Preference shares (CPS) of ₹10/- held by the holding Company aggregating to 12,95,09,800 numbers was converted into 12,95,09,800 numbers of equity shares of ₹10/- each.

The equity holding of the promoters at the end of the financial year was reduced to 49.05% and the lenders aggregate equity holding was at 50.95% of the equity share capital.

Converted to equity shares	Number of Shares of ₹10/- each	Amount in ₹
Senior Debt (Senior Lender)	40,58,26,525	405,82,65,250
Mezzanine Debt (L&T IDPL)	13,05,00,000	130,50,00,000
0.01% Convertible Preference shares	12,95,09,800	129,50,98,000
Total	**66,58,36,325**	**665,83,63,250**

In total, the Company has allotted 66,58,36,325 numbers of equity shares of ₹10/- each on February 15, 2017 as set out above.

ANNEXURE III

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31.03.2017.

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
L&T Halol - Shamlaji Tollway Limited
P B NO.979, Mount Poonamalle Road, Manapakkam,
Chennai - 600089

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by L&T Halol - Shamlaji Tollway Limited (hereinafter called the “Company”).

The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the secretarial audit, We hereby report that, in our opinion, the Company has, during the audit period covering the financial year ended on 31st March 2017, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2017 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) *The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;

(iii) *The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

(iv) *Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):-

  (a) *The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

  (b) *The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

  (c) *The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

  (d) *The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;

  (e) *The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

  (f) *The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

  (g) *The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and

  (h) *The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

(vi) The other laws applicable specifically to the company: NIL

We have also examined whether adequate systems and processes are in place to monitor and ensure compliance with general laws like labour laws, competition laws, environment laws etc

In respect of financial laws like Tax laws, etc we have relied on the audit reports made available during our audit for us to have the satisfaction that the Company has complied with the provisions of such laws

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards issued by The Institute of Company Secretaries of India.

(ii) * Listing Obligations and Disclosure Regulations of Securities Exchange Board of India.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except the following:

1. ***The Company has not complied with the requirements of Section 203 for appointment of Whole-time Company Secretary during the period.***

Note:

**** Denotes “NOT APPLICABLE”.***

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Directors, Women Director and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the company had the following major transactions/ events:

1. The Authorised Share Capital of the Company was increased from ₹431 Crores to ₹ 1100 Crores and Memorandum of Association was altered to give effect to increase in Authorised Capital with the approval of Members at their Meeting held on 14.02.2017.
2. Pursuant to discussions held between the lenders (i.e. Banks) and the Company, the lenders have agreed to a corrective action plan, which envisages restructuring of the existing loans provided by the lenders to the Company, in terms of the extant regulations of the Reserve Bank of India, dealing with 'strategic debt restructuring (SDR Scheme)' and 'flexible restructuring of project loans'. The Company has issued and allotted equity shares as detailed below, with the approval of Members at their Meeting held on 14.02.2017 and Preference Share holders at their Meeting held on 14.02.2017.
   a. Conversion of 129509800 Convertible Preference Shares into equity shares at par. To facilitate the conversion, the existing 259019600 preference shares held by L&T Infrastructure Development Projects Limited were split into Part A and Part B preference shares of 129509800 preference shares each.
   b. Conversion of Debt of the holding Company L&T Infrastructure Development Projects Limited of ₹1305000000/- into equity shares of ₹ 10/- each at par.
   c. Conversion of Debt of the Lenders (Banks) of ₹ 405,82,65,250/- into equity shares of ₹ 10/- each at par.
   d. The resolutions in the notice issued for the Extraordinary General Meeting of Members held on 14.02.2017 were modified by the members and approved.
   e. The Company filed Forms with Registrar of Companies to depict these changes in Share Capital & allotments during March 2017 and filed revised forms in April 2017 to complete the process.

This report has to be read along with our statement furnished in Annexure A

INDEPENDENT AUDITOR'S REPORT

To
The Members of L&T Halol Shamlaji Tollway Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of **L&T Halol Shamlaji Tollway Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS Financial Statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2017, and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 & 4 of the Order to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
   (e) On the basis of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

I. The Company does not have any pending litigations which would impact its Ind AS financial position.

II. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

III. There were no amounts which were required to be transferred to the investor's education and protection fund by the company.

IV. These financial statements has provided requisite disclosure in the Ind AS Financial Statements as to holdings as well as dealings in specified bank notes during the period from 8th November, 2016 to 30th December, 2016. Based on the audit procedures and relying on the management representation we report that disclosures are in accordance with books of accounts maintained by the Company and as produced to us by the Management. Refer Note G(10) to the Ind AS Financial Statements.

ANNEXURE A

L&T Halol Shamlaji Tollway Limited

Annexure to Independent Auditors' Report for the period ended March 2017

(Referred to in Paragraph 1 under the Heading of "Report on Other Legal and Regulatory Requirements" of our Report of even date)

(i) Fixed Assets

a) The Company has maintained proper records showing full particulars including quantitative details and situtation of fixed assets.

b) The fixed assets have been physically verified by the management during the year, which in our opinion is reasonable having regard to the size & nature of the company. No material discrepancies were noted on such verification.

c) According to the information and explanations given to us, there are no immovable assets held by the company, hence clause C of paragraph 3 (i) of the order is not applicable to the Company.

(ii) Inventories

The Company is engaged in the business of Infrastructure development and its maintenance and there is no inventory inhand at any point of time, hence paragraph 3 (ii) of the order is not applicable to the Company.

(iii) Loans given

The Company has not granted any Secured or unsecured loan to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Hence reporting under clause 3 (iii) (a), (b) and (c) does not arise.

(iv) Compliance of Sec. 185 & 186

The Company has not entered into any transaction in resect of loans, investments, guarantee and security which attracts compliance to provisions of section 185 & 186 of the Companies Act, 2013, therefore, paragraph 3 (iv) of the order is not applicable to the company.

(v) Public Deposit

During the year, the company has not accepted any deposits from the public, therefore, paragraph 3 (v) of the order is not applicable.

(vi) Cost Records

In our opinion and according to information and explanations given to us, maintenance of cost records has not been prescribed by the Central Government under Section 148(1) of the Companies Act, for the services provided by the company therefore, paragraph 3 (vi) of the order is not applicable to the company.

(vii) Statutory Dues

a) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has generally been regular in depositing its undisputed statutory dues including Provident Fund, Employees State Insurance, income-tax, Sales Tax, Service tax, Value Added Tax and cess etc. except in some cases in deposition of TDS & Service Tax liability during the year. There are no undisputed dues payable, outstanding as on 31st March, 2017 for a period of more than six months from the date they became payable.

b) According to the information and explanations given to us, there are no amounts in respect of income tax, service tax etc. that have not been deposited with the appropriate authorities on account of any dispute.

(viii) During the year company has defaulted in repayment of loans or borrowings to a financial institutions & banks. Lender wise details are as under:

(Amount ₹ in Lacs)

Name of Lender	Interest	Principal	Total Amt	Period to which it relates
Allahabad Bank	456.80	225.00	681.80	1st Apr'16 to 30th Jun'16
UCO Bank	432.66	212.50	645.16	
Oriental Bank of Commerce	397.98	193.75	591.73	
Syndicate Bank	339.48	175.00	514.48	
Indian Bank	255.78	125.00	380.78	
HDFC Bank	188.93	92.50	281.43	
Indusind Bank	259.05	125.00	384.05	
Indian Infrastructure Finance Company Limited (IIFCL)	296.01	156.25	452.26	
Total	**2,626.69**	**1,305.00**	**3,931.69**	

However, it was cleared subsequently and there was no such default at Balance Sheet date.

(ix) The Company has not raised money by way of initial public offer or further public offer (including debt instrument) any term loans during the period under audit therefore, paragraph 3 (ix) of the order is not applicable to the company.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud by the Company or any fraud on the company by its officers or employees has been noticed or reported during the year.

(xi) According to information & explanations given to us, managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Companies Act, 2013.

(xii) As explained, the company is not a Nidhi Company. Therefore paragraph 3 (xii) of the order is not applicable to the company.

(xiii) As per the information and explanations given by the management, all the transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the financial statements etc., as required by the applicable accounting standards.

(xiv) As per the information and explanations given by the management, company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Therefore paragraph 3 (xiv) of the order is not applicable to the company.

(xv) As per the information and explanations given by the management, the company has not entered into any non-cash transaction with directors or persons connected with him. Therefore paragraph 3 (xv) of the order is not applicable to the company.

(xvi) As per the information and explanations given by the management, company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Therefore paragraph 3 (xvi) of the order is not applicable to the company.

ANNEXURE B

THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF L & T HALOL SHAMLAJI TOLLWAY LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of L & T Halol Shamlaji Tollway Limited ("the Company") as of 31 March, 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2017, based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

The Company entered into a Master Restructuring Agreement with Senior Lenders on 14th Feb 2017. As per MRA, company was required to convert 0.01% Optionally Convertible Preference Shares of ₹ 1,28,51,96,000/-into Equity Shares. However, the actual conversion made by company is of ₹ 1,29,50,98,000/- i.e. more by ₹ 99,02,000/-

During the year company has restructured its loan and outstanding interest till 31st July 2016 as per Master restructure agreement dated 14th February 2017 based on SDR scheme. By this company has converted ₹ 405,82,65,250/- from senior debt, ₹ 130,50,00,000/- from Mezzanine debt of promoters and ₹ 129,50,98,000/- from Optionally Convertible Cumulative Reedemable Preference shares into equity share capital.

(iii) Terms / rights attached to shares

The Company has only one class of equity share having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share.

The Company has not issued any securities during the year with the right/option to convert the same into equity shares at a later date.

The Company has not reserved any shares for issue under options and contracts/commitments for the sale of shares/disinvestment.

The shares issued carry equal rights to dividend declared by the company and no restrictions are attached to any specific shareholder.

Optionally convertible cumulative redeemable preference shares

The preference shares carry a preferential right vis-a-vis Equity Shares of the Company with respective to payment of dividend and repayment in case of a winding up or repayment of capital.

Preference share holders carry non-participating rights in the surplus funds.

Preference share holders would be paid dividend on a cumulative basis

NOTES FORMING PART OF ACCOUNTS (Contd.)

The preference shares are redeemable after completion of the 7th year or before the completion of 10th year from date of allotment at the option of the Company. Preference shares to the extent not redeemed at the end of 10th year from the date of allotment , shall stand converted into equity shares of ₹ 10 /- per share at par.

Compulsory convertible cumulative Preference Shares of ₹ 10 each

The preference shares carry a preferential right vis-a-vis Equity Shares of the Company with respective to payment of dividend and repayment in case of a winding up or repayment of capital.

Preference share holders shall be Non-participating rights in the surplus funds.

Preference share holders shall be Non-participating rights in the surplus assets and profit on winding up which may remain after the entire capital has been repaid

Preference share holders would be Paid dividend on non cumulative basis

Preference share holder carry voting rights as per provisions of Section 47 (2) of the Act.

NOTES FORMING PART OF ACCOUNTS (Contd.)

G) NOTES FORMING PART OF ACCOUNTS

1) Corporate Information

L&T Halol Shamlaji Tollway Limited is a Special Purpose Vehicle (SPV) incorporated on 09-09-2008 for the purpose of widening of existing two-lane, 173.06 kilometers Road stretch covering Halol-Godhra-Shamlaji to make it four lane divided Carriageway facility under Viability Gap Funding scheme of Government of India and operation and maintenance thereof, under the Concession Agreement dated 17th September, 2008 The Concession is for a period of 20 years including the construction period. At the end of the 20 years the entire facility will be transferred to Gujarat State Road Development Corporation Ltd. The company achieved commercial operation on April 4, 2012 upon receipt of the provisional completion certificate executed between the Company and Gujarat State Road Development Corporation Ltd..

2) During the year, the company has incurred expenditure amounting to ₹ 24,96,915/- in foreign currency (previous year: ₹ 14,74,802/-) towards payment against purchase of spare parts for toll equipments.

During the year the company does not have any earnings in foreign currency.

3) Disclosure pursuant to Ind AS 19 "Employee benefits":

(i) Defined contribution plan:

The Company's provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 10,01,139/- (previous year : ₹ 10,76,837/-) being contribution made to regional provident fund is recognised as expense and included under Employee benefit expense (Note 18) in the Statement of Profit and Loss.

(ii) Features of Its Defined benefit plans:

Gratuity:

a) The Company operates gratuity plan through LIC's Group Gratuity scheme where every employee is entitiled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement whichever is earlier. The benefit vests after five years of continuous service.

Plan Features

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of ₹ 10,00,000 was applied
Vesting conditions	5 years of continuous service (Not applocable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

Leave Encashment:

Features of the defined benefit plan	Remarks
Salary for Encashment	Basic Salary
Salary for Availment	Cost to company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	300
Benefit Formula	(Leave Days) × (Salary)/ (Leave Denominator)
Leave Denominator	30
Leaves Credited Annually	30
Retirement Age	58 Years

iii) The company is responsible for governance of the plan.

iv) Risk to the Plan

Following are the risk to which the plan exposes the entity :

NOTES FORMING PART OF ACCOUNTS (Contd.)

A Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

B Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cashflows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

b) The amounts recognised in Balance Sheet are as follows:

Total	100%	0%	0%

l) Details of Asset-Liability Matching Strategy

There are no minimum funding requirements for a Gratuity benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

4) DISCLOSURE PURSUANT TO IND AS 23 “BORROWING COSTS

Borrowing cost capitalised during the year ₹ Nil. (previous year :₹ Nil).

5) DISCLOSURE OF SEGMENT INFORMATION PURSUANT TO IND AS 108 “OPERATING SEGMENTS

The Company is engaged in the business of construction, operation and maintenance of Toll road projects on a Build Operate Transfer basis in a single business segment. Hence reporting of operating segments does not arise. The Company does not have operations outside India. Hence, disclosure of geographical segment information does not arise.

Face value per equity share (₹)		10.00	10.00

Potential equity shares that will arise on conversion of Compulsary Convertible Cumulative Preference Shares are resulting into anti dilution of EPS in the current year. Hence they have not been considered in the computation of diluted EPS in accordance with Ind AS 33 "Earnings Per Share".

8) Disclosure pursuant to Ind AS 36 "Impairment of Assets"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

9) Disclosures as per Ind AS 37 - "Provisions, Contingent Liabilities and Contingent assets "

a) Nature of provisions:

i) Major Maintenance Provision

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (GSRDC) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per industry practice, the periodic maintenance is expected to occur after 7 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching cost concept and based on technical estimates, a provision for major maintenance expenses is reviewed and is provided for in the accounts annually."

During the current year company has provided ₹ 25,70,79,371/- (Previous Year ₹ 17,76,00,000/-) for periodic Major Maintenance in respect of its resurfacing obligation

b) Movement in provisions:

i) Major Maintenance Provision

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (GSRDC) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per industry practice, the periodic maintenance is expected to occur after 7 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching cost concept and based on technical estimates, a provision for major maintenance expenses is reviewed and is provided for in the accounts annually.

During the current year company has provided ₹ 25,70,79,371/- (Previous Year ₹ 17,76,00,000/-) for periodic Major Maintenance in respect of its resurfacing obligation

NOTES FORMING PART OF ACCOUNTS (Contd.)

11) DISCLOSURE PURSUANT TO IND AS 38 - " INTANGIBLE ASSETS"

Intangible asset	**Useful Life**	**Amortisation method used**	**Internally generated or Acquired**
Toll Collection Rights	25 years	Revenue Based	Acquired

12) DISCLOSURE PURSUANT TO IND AS 12 RECOGNITION OF DEFERRED TAX ASSETS & LIABILITIES

DTA has not been recognized in the accounts, as company is availing tax exemption benefit u/s 80IA hence there is no reasonable certainty that defereed tax asset will be relalized in future.

13) CAPITAL REDEMPTION RESERVE & DIVIDEND ON PREFERENCE SHARES

As the company does not have profits for the current year, Capital Redemption Reserve & dividend on Preference Shares for optionally convertible cumulitive redeemabe preference shares as defined under Section 55 of the Companies Act, 2013 has not been created.

14) The company has informed to Gujarat State Road Development Corporation Limited (GSRDC) that it will be defering the payment revenue share payable under the provisions of the concession agreement, from May 2014 on account of the reduction between expected and actual collections due to the development of competing road, Accordingly the Company had accrued interest at RBI bank rate plus 2% on such outstanding revenue share payable as at the Balance Sheet. The revenue share payable of ₹ 30,18,95,450/- (Previous Year ₹ 20,01,06,281/-) along with interest accrued of ₹ 3,57,80,597/- (Previous Year ₹ 1,61,02,908/-) is shown under the head "other current liabilities"

15) On 11th January 2016, The Company had issued a notice to GSRDC to Cure the default under Clause 30.4.1 of the Concession Agreement on account of development of competing road resulting in breach of the Concession agreement and State Support Agreement which had resulted in losses. On 19th April 2016, The Company issued a notice to GSRDC to terminate the concession and had requested them to take possession and control of the project. In view of the ongoing discussions, GSRDC had not taken possession and control of the project.

The consortium of project lenders, led by Allahabad Bank were in discussion with Company, GSRDC as well as Government of Gujarat (GoG) for reviving the project under the Strategic Debt Restructuring Scheme (SDR scheme) of RBI. For the SDR scheme to go through, one of the pre-requisites was the project/concession should be live/operable. In order to support the revival of the project and to support the lenders, the Company vide its letter dated 23rd September 2016 had withdrawn the termination notice issued on 19th April 2016 to proceed with the implementation/execution of the SDR scheme.

16) In view of the issues discussed in the aforesaid notes regarding the development of competing road, resulting in loss of revenue and consequent difficulties in servicing the debt, the Company had defaulted on the debt servicing obligations as at 31st March 2016 to the extent of ₹ 17,67,60,000/-. On 4th June 2016 the project lenders formed a Joint Lenders Forum (JLF) as per RBI guidelines to determine a Corrective Action Plan (CAP) under the SDR scheme of RBI. The JLF in its meeting dated 21st July 2016, among other things, finalised following CAP.

NOTES FORMING PART OF ACCOUNTS (Contd.)

1. Conversion of debt of ₹ 405,82,65,250/- into Equity Shares
2. Extension of repayment schedule for balance debt.

After completion of the regulatory requirements of the SDR scheme, the Company had entered in to a Master Restructuring Agreement (MRA) with the project lenders, Security Trustee and the lenders agent on 14th February 2017 to make the SDR scheme effective and operational from the said date.

In terms of the said MRA and based on discussions with the banks, the company has calculated interest on full senior debt till 31st July 2016. From 1st August 2016, interest has been calculated on debt of ₹ 5,97,24,54,007/- (PART B) i.e after reducing the portion of Debt of ₹ 4,05,82,65,250 (PART A) which has been converted into Equity. However, different Banks have given effect to SDR in different manner in the their books of account resulting into differences in balance outstanding as per books of the company and statements given by Banks as on 31st March, 2017. The details of which are as under:

Name of the Company	Balance as per Books	Balance as per Bank Statement	Difference
Allahabad Bank	954,070,617	1,004,655,754	-50,585,137
UCO Bank	894,752,799	1,680,680,267	-785,927,468
Oriental bank of Commerce	821,009,518	820,754,418	255,100
Syndicate Bank	700,213,012	761,359,800	-61,146,788
Indian Bank	526,246,034	508,003,296	18,242,738
HDFC Bank Limited	391,959,884	401,904,359	-9,944,475
IndusInd Bank	529,647,339	557,512,142	-27,864,803
India Infrastructure Financial Corporation Limited	1,199,719,710	1,110,522,300	89,197,410
Total	**6,017,618,913**	**6,845,392,337**	**-827,773,424**

The company has discussed this issue with lenders independently as well in JLF meeting. The reconciliation of the balances is in progress.

Few banks have reversed unrealised interest from the term loan account of the company as per Income Recognition and Asset Classification (IRAC) norms of RBI. However, as the liability of the company to pay this interest continues, the reversal has not been considered in the books of company. Banks have not informed clearly that the loan is on NPA Status.

1) Balances of Sundry Creditors / Sundry Debtors are subject to confirmation and reconciliation, if any.

18 The Company does not have a full time Company Secretary as required by section 203(1) of the Companies Act, 2013.

19 DISCLOSURES PURSUANT TO IND AS 1 - “PRESENTATION OF FINANCIAL STATEMENTS”

For the purpose of the company’s capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company’s capital management is to maximise shareholder value.

(Ind AS 1 requires the company to make quantitative and qualitative disclosures regarding objectives policies and processes for managing capital. Also, if comparitive amounts are reclassified, nature amount and reason to be disclosed and not just the fact of reclassification.)

20 FIRST TIME ADOPTION OF IND AS

These financial statements, for the year ended 31 March 2016, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2015, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2016, together with the comparative period data as at and for the year ended 31 March 2015, as described in the summary of significant accounting policies. In preparing these financial statements, the Company’s opening balance sheet was prepared as at 1 April 2015, the Company’s date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2015.

a) Exemptions availed

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS.

The company has elected to opt for the deemed cost exemption in respect of all the property, plant and equipment whereby the carrying amount as at the transition date is considered as Deemed cost.

The company has also elected to opt for the exemption to continue with the policy adopted for amortization of intangible assets (toll collection rights) under service concession arrangements recognised the financial statements for the period ending before the beginning of the first Ind AS financial reporting period as per the previous GAAP.

The financial statements were approved for issue by the board of directors on 26-04-2017.

NOTES FORMING PART OF ACCOUNTS (Contd.)

21) The following is a brief summary of the GAAP adjustments made by the Company on account of transition to IndAS from the previous GAAP.

(i) Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised over the tenor of the loan. For transition to IndAS, such transaction costs are adjusted with the fair value of the borrowings on initial recognition. Interest on the borrowings is accounted under the Effective Interest Rate method (EIR). Accordingly borrowings as at 31st March 2015 have been reduced by ₹ 3,17,90,040/- Consequently an amount of ₹ 4,26,59,006/- has been derecognised from toll collection rights with an effect of ₹ 1,08,68,966/- to retained earnings. On derecognisiation of toll collection rights amount of ₹ 11,98,996/- has been decreased by corresponding adjustment to Retained Earnings.

(ii) Provisions

Under Indian GAAP, the Company had accounted for provisions, including the provision periodic major maintenance at the amounts expected to settle the obligation on an undiscounted basis since the previous GAAP prohibited discounting of provisions other than employee benefits. For transition to Ind AS, the provisions are recognised at the present value of the expenditure expected to be required to settle the obligation. The difference between the carrying amount of provisions under IndAS and IGAAP is accounted for in the opening reserves amounting to ₹ 11,63,16,910. Consequently, provision for periodic major maintenance as at the transition date is reduced to the extent of ₹ 11,63,16,910.

22) INCOME TAX EXPENSES

a) The company is not required to pay current income tax due to tax loss as determined in accordance with the Income Tax Act, 1961.

b) In view of losses incurred by the Company during the current year under Income Tax Act 1961, deferred tax assets on deductible temporary differences and carry forward of unused tax losses have been recognised for in the books to the extent of deferred tax liability on consideration that the taxable income will not be available in the forseable future years against which those temporary differences, losses and tax credit can be utilized. The Company is also eligible for deduction under section 80IA of the Income Tax Act, 1961, which its propose to claim in the future years.

Default and breaches

There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.

There are no breaches during the year which permitted lender to demand accelerated payment.

NOTES FORMING PART OF ACCOUNTS (Contd.)

23) FAIR VALUE OF FINANCIAL ASSET AND LIABILTIES AT AMORTIZED COST

Particular	Note no.	31.03.2017		31.03.2016		01.04.2015	
		Carrying amount	Fair value	Carrying amount	Fair value	Carrying amount	Fair value
FINANCIAL ASSETS							
Security Deposits	3	1,759,556	1,759,556	1,787,206	1,787,206	1,787,206	1,787,206
Trade receivables	5	15,544,964	15,544,964	–	–	–	–
Cash and Bank Balances	6 & 7	34,350,015	34,350,015	8,395,118	8,395,118	11,468,018	11,468,018
Total Financial Assets		**51,654,535**	**51,654,535**	**10,182,324**	**10,182,324**	**13,255,224**	**13,255,224**
FINANCIAL LIABILITY							
Term Loan from Banks & Fis	10	5,959,245,969	5,959,245,969	9,756,493,591	9,756,493,591	10,313,109,964	10,313,109,964
Loans from related parties	10	-	-	359,682,834	359,682,834	1,846,654,128	1,846,654,128
Revenue Share Payable to GSRDC	11	301,895,450	301,895,450	200,106,281	200,106,281	88,020,330	88,020,330
Intererst Accrued	11	80,945,503	80,945,503	140,662,683	140,662,683	128,695,790	128,695,790
Trade Payables	14	19,683,222	19,683,222	8,009,361	8,009,361	8,646,960	8,646,960
Total Financial Liabilities		**6,361,770,144**	**6,361,770,144**	**10,464,954,750**	**10,464,954,750**	**12,385,127,172**	**12,385,127,172**

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan and Loan from Related Party approximate fair value as the instruments are at prevailing market rate.

The carrying value of Revenue Share Payable to GSRDC (Including Interest) reasonably approximates its fair value, hence their carrying value is considered to be same as their fair value.

26) FINANCIAL RISK MANAGEMENT

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

NOTES FORMING PART OF ACCOUNTS (Contd.)

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

ii Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate only, which is the inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	**31.03.2017**	*31.03.2016*	*01.04.2015*
Senior Debt from Banks - Variable rate borrowings	**5,959,245,969**	*9,756,493,591*	*10,313,109,964*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	**Impact on profit/ loss after tax**	
	FY 2016-17	**FY 2015-16**
Increase or decrease in interest rate by 25 basis point	19,644,674	25,087,004

Note: Profit will increase in case of decrease in interest rate and vice versa

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	**Note No.**	**31.03.2017**	*31.03.2016*	*01.04.2015*
Investments in Mutual Funds		**–**	–	–

Sensitivity Analysis

	Impact on profit/ loss after tax	
	31.03.2017	*31.03.2016*
Increase or decrease in NAV by 2%	**–**	–

Note - In case of decrease in NAV profit will reduce and vice versa.

iv Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1. Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015] and Companies (Indian Accounting Standards) Amendmend Rules, 2016.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act. Previous period numbers in the financial statements have been restated to Ind AS.

These financial statements are the first financial statements of the Company under IndAS. Refer Note 11-15 for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items which are measured at fair values:

- Certain financial assets and liabilities
- Net defined benefit (asset) / liability

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(d) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards, electronic or digital mode of payment is accounted on cash basis. The compensation receivable for categories vehicles exempted from Toll by Concessioning Authority is accounted on cash basis except for the last month of year where it is recognised on estimated realisable value basis.

b) Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

c) Fair value gains on current investments carried at fair value are included in Other income.

d) Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

e) Other items of income are recognised as and when the right to receive arises.

4 Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdraft is shown within borrowings

Short term deposits are made for varying periods between one day and 12 months, depending on the immediate cash requirement and earn interest at fixed the respective short term deposit rates.

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss when the asset is derecognized.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use. Assets costing less than rupees five thousand each is fully depreciated in the year of purchase.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	Estimated useful life (in years)
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Wind power generating plant	20
Electrical installations	10

7 Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 Intangible assets

Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to Gujarat State Road Development Corporation Ltd (GSRDC), if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from Gujarat State Road Development Corporation Ltd (GSRDC) are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

9 Employee benefits

‘Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company’s superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees’ gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group’s defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

10 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

11 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The company / Group's chief operating decision maker is the Chief Executive Officer and Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

12 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

13 Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

14 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

15 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only be occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements

16 Foreign currency transactions and translations

a) Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

b) Financial statements of overseas non-integral operations are translated as under :

   i) Assets and liabilities at rate prevailing at the end of the year. Depreciation and amortisation is accounted at the same rate at which assets are converted

   ii) Revenues and expenses at yearly average rates prevailing during the year

c) Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are :

   (a) adjusted in the cost of fixed assets specifically financed by the borrowings contracted, to which the exchange differences relate.

   (b) recognised as income or expense in the period in which they arise except for:

      i. exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs in a foreign currency not translated.

      ii. exchange differences on transactions entered into in order to hedge certain foreign currency risks; and

      iii. exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items

d) Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Consolidated Statement of Profit and Loss.

e) Financial statements of foreign operations are translated into Indian Rupees as follows:

   (i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
   (ii) income and expenses for each income statement are translated at average exchange rates; and

   (iv) all resulting exchange differences are recognised in other comprehensive income and accumulated in equity as foreign currency translation reserve (FCTR) and the same is subsequently reclassified to profit or loss on disposal of a foreign operation.

f) Exchange difference on long-term foreign currency monetary items: The exchange differences arising on settlement / restatement of

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

long-term foreign currency monetary items are capitalized as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets.

g) Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortized over the period of the contracts if such contracts relate to monetary items as at the Balance Sheet date. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense in the period in which such cancellation or renewal is made.

17 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset which is not classified in any of the above categories are measured at fair valued through profit or loss

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest, dividends, losses and gains relating to financial instruments or a component that is a financial liability shall be recognised as income or expenses in profit or loss.. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when obligation specified in the contract is discharged or cancelled or expires.

Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivable and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109. Impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the statement of profit and loss

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

The Company designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

18 IND AS 115 is issued but not yet effective

19 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

20 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

21 First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has accounted for changes in a parent's ownership in a subsidiary that does not result in loss of control in accordance with Ind AS 110, prospectively from the date of transition.
3. The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
4. The Company has decided to continue with the revenue based amortisation method for existing road concessions.

S. No.	Name	Designation	DIN
1	Mr. P.G. Suresh Kumar	Director	07124883
2	Mr. R.G.Ramchandran	Director	02671982
3	Mr. Mathew George	Additional Director	07402208

NUMBER OF MEETINGS OF THE BOARD OF DIRECTORS

The Meetings of the Board are held at regular intervals with a time gap of not more than 120 days between two consecutive Meetings. Additional Meetings of the Board of Directors are held as per business requirement. During the year, four Board Meetings were held and the details are given below:

Date	Board Strength	No of Directors Present
April 29, 2016	3	3
July 20, 2016	3	3
October 18, 2016	3	3
January 17, 2017	3	3

No KMP appointment is required under Companies Act, 2013.

AUDIT COMMITTEE

Since your Company does not exceed any of the threshold limits specified under section 177 of the Act, it is not required to constitute an Audit Committee under the said Act during the year under review.

COMPANY POLICY ON DIRECTOR APPOINTMENT AND REMUNERATION

Since your Company does not exceed any of the limits specified under section 178 of the Act it is not required to constitute Nomination and Remuneration Committee under the said Act during the year under review.

DECLARATION OF INDEPENDENCE

Your Company is not required to appoint an Independent Director under section 149 of the Act.

DIRECTORS RESPONSIBILITY STATEMENT

The Board of Directors of the Company confirms that:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the loss of the Company for that period;

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The Directors have prepared the Annual Accounts on a not going concern basis; and;

e) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

PERFORMANCE EVALUATION OF THE BOARD, ITS COMMITTEES AND DIRECTORS

Your Company is not required to appoint Independent Directors on its Board as it is not fulfilling the threshold limits prescribed under Section 149 of the Act.

DISCLOSURE OF REMUNERATION

As the shares of the Company are not listed with any stock exchange no information is being provided under Section 197 of the Act.

COMPLIANCE WITH SECRETARIAL STANDARDS ON BOARD AND ANNUAL GENERAL MEETINGS

The Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Board Meetings and Annual General Meetings.

AUDITORS

Statutory Auditors

The Company in the 7th Annual General Meeting held on September 23, 2015 had appointed M/s.Sharp & Tannan., Chartered Accountants, Firm Registration No: 003792S, as Statutory Auditors of the Company to hold office from the conclusion of that Annual General Meeting until the conclusion of the 12th Annual General Meeting of the Company to be held during the year 2020.

The Board recommends the ratification of appointment of M/s.Sharp & Tannan., as Statutory Auditors of the Company from the conclusion of the ensuing Annual General Meeting until the conclusion of the next Annual General Meeting.

The Auditors' report for the financial year 2016-17 is unqualified and there are no emphasis on matters. The Notes to the accounts referred to in the Auditors' report are self-explanatory and do not call for any further clarifications under Section 134(3)(f) of the Act.

Secretarial Auditor

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF L&T PORT KACHCHIGARH LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying Ind AS financial statements of L&T Port Kachchigarh Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these Ind AS financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, the financial position of the Company as at 31 March 2017 and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure A" to this Report, a statement on the matters specified in para 3 and 4 of the said Order.

2) As required by Section 143 (3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015.

   (e) On the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, amended vide the Companies (Audit and Auditors) Amendment Rules, 2017, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements. Refer Note F(b) to the Ind AS financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

iv. The Company did not have any holdings or dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

With reference to Annexure A referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of the Independent Auditor's report to the members of L&T Port Kachchigarh Limited on the Ind AS financial statements for the year ended 31 March 2017 we report that:

(i) The Company does not have any fixed assets. Accordingly, reporting on clause (i) (a), (b), and (c) of the Order does not arise.

(ii) The Company does not have any inventory in its books of account. Accordingly reporting on clause (ii) (a), and (b) of the Order relating to inventories does not arise.

(iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly reporting on clause (iii) (a), (b) and (c) of the Order does not arise.

(iv) According to the information and explanations given to us, the Company has not advanced any loan, made any investment, given any guarantee or provided any security to the parties covered under Section 185 of the Companies Act, 2013. Accordingly reporting on clause (iv) of the Order does not arise. Section 186 of the Companies Act, 2013 is not applicable to the Company.

(v) According to the information and explanations given to us, the Company has not accepted any deposits from the public. Accordingly, reporting on clause (v) of the Order does not arise.

(vi) According to the information and explanations given to us, the Central Government has not specified maintenance of cost records under Section 148(1) of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014 (as amended) for the operations of the Company for the current financial year. Accordingly, reporting on clause (vi) of the Order does not arise.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company is regular in depositing undisputed statutory dues including income tax and other statutory dues as applicable with appropriate authorities. According to the information and explanations given to us there were no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues outstanding as at 31 March 2017 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no income tax, sales tax, service tax, duty of customs, duty of excise and value added tax and other material statutory dues as at 31 March 2017 which have not been deposited on account of a dispute.

(viii) The Company did not have any loans or borrowing from a financial institution or bank or government or dues to debenture holders during the year. Accordingly, reporting on any default in repayment of loans / borrowing / dues does not arise.

(ix) The Company has neither taken any term loans during the year nor has raised any money by way of initial public offer or further public offer (including debt instruments) and hence reporting on clause (ix) of the Order does not arise.

(x) To the best of our knowledge and during the course of our examination of the books and records of the Company and according to the information and explanations given to us, no instances of fraud by the Company, and no instances of material frauds on the Company by its officers or employees has been noticed or reported during the year.

(xi) According to the information and explanations given to us, the Company has not paid or provided for, managerial remuneration during the year. Accordingly reporting on clause (xi) of the Order does not arise.

(xii) The Company is not a Nidhi Company. Accordingly reporting on clause (xii) of the Order does not arise.

(xiii) According to the information and explanations given to us and the records of the Company examined by us, all transactions with the related parties are in compliance with the provisions of Sections 177 and 188 of the Companies Act, 2013, to the extent applicable and the details disclosed in the Financial Statements, as required by the applicable Accounting Standards.

(xiv) According to the information and explanations given to us, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly reporting on clause (xiv) of the Order does not arise.

(xv) According to the information and explanations given to us, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly reporting on clause (xv) of the Order does not arise.

(xvi) The Company is not engaged in the business of non-banking financial institution and is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly reporting on clause (xvi) of the Order does not arise

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) of our Report of even date]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of L&T Port Kachchigarh Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. Our audit is conducted in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Basic and Diluted			
Loss after tax (₹)	A	**(205,664)**	*(327,045)*
Weighted average number of shares outstanding	B	**4,160,000**	*4,160,000*
Basic and Diluted EPS (₹)	A / B	**(0.05)**	*(0.08)*
Face value per equity share (₹)		**10.00**	*10.00*

4. The company was solely engaged in the business of developing a seaport in India and hence furnishing details of primary and secondary segment does not arise.

5. The Company had received a Letter of Intent (LOI) dated February 6, 2008, from Gujarat Maritime Board (GMB) for setting up a sea port at Sutrapada near Vadodara Jhala village, Junagadh District, Gujarat. The land for the sea port was required to be handed over by GMB within the validity period of the LOI which was 18 months. As GMB could not allocate the said land within the validity period, the Company had asked for an extension of the validity period and allocation of land at an alternate location. GMB had extended the validity of the LOI to August 2011 and approved to shift the location of site to Kachchigarh, Tal. Dwarka District, Gujarat from Sutrapada to develop the Greenfield seaport vide their letter dated July 15, 2010. The validity of the LOI had been further extended to August 2013 by GMB vide their letter dated December 24, 2012.

The validity period of LOI expired in August 2013 and the Company had communicated to GMB vide its letters dated September 6, 2013 and March 7, 2014 that based on the marine surveys carried out, environmental clearance cannot be obtained for development of port at Kachchigarh and therefore does not seek further extension for the validity period of LOI.

Since the intention of the Management is not to pursue the development of the seaport in the present circumstances, the financial statements have not been prepared on the assumption of going concern.

GMB did not provide any concrete response to L&T but only requested L&T to keep on renewing the PBG and L&T kept on extending the performance bank guarantee.

However on 18/03/2015 L&T received a letter dtd 10/03/2015 arbitrarily issued by GMB cancelling the LoI and invoking the PBG without providing any opportunity for L&T to discuss and meet their allegations in the letter.

L&T IDPL moved the High Court of Gujarat with a relief to stay the Bank Guarantee invocation and to cancel the LoI issued by GMB. The High Court of Gujarat has passed a Judgement in favour of L&T IDPL.

NOTES ACCOMPANYING FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017 (Contd.)

Subsequently GMB had approached the Hon'ble Supreme Court by way of an appeal against the Judgement passed by the High Court. After detailed arguments the Hon'ble Supreme Court has overruled the judgement of the High Court of Gujarat against L&TIDPL on to the extent of the law prevailing in respect of staying the BG. The Judgement has given L&T IDPL the liberty to approach the jurisdictional court for any reliefs on merits.

L&T IDPL has filed a civil suit bearing no. commercial suit no. 60/2017 before the Hon'ble Commercial Court, Ahmedabad for the recovery of the BG amount which will be dealt as per the merits of the case. The case is posted on 21.05.2017 for notice / response of the other party.

6. There was no cash in hand and hence Specified Bank Note disclosure as per MCA Notification G.S.R 308(E) dated 30 March, 2017 is not applicable to the Company.

7. The figures of the previous year have been regrouped /reclassified wherever necessary.

H. SIGNIFICANT ACCOUNTING POLICIES

1. Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all aspects with Indian Accounting Standards (IndAS) notified under section 133 of the companies act, 2013 read with Rule 3 of companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements up to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act. Previous period numbers in the financial statements have been restated to Ind AS.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis.

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The accounts have not been prepared on the assumption of Going concern for reasons mentioned in Note G (6) accompanying the financial statements. Accordingly, all the assets are presented on net realizable value and all the liabilities are presented at settlement value.

2. Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3. Cash and Cash Equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdraft is shown within borrowings.

4. Cash Flow Statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

5. Taxes on Income

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance of the provisions of the Income Tax, 1961 and based on expected outcome of assessments / appeals.

Deferred tax is recognized on timing differences between the accounting income and the taxable income for the year and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax assets relating to unabsorbed depreciation / business losses / losses under the head “capital gains” are recognized and carried forward to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Other deferred tax assets are recognized and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

6. Provisions, contingent liabilities and contingent assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

i) the Company has a present obligation as a result of a past event;

ii) a probable outflow of resources is expected to settle the obligation; and

iii) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent Liability is disclosed in the case of:

i) a present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation;

ii) a present obligation when no reliable estimate is possible; and

iii) a possible obligation arising from past events where the probability of outflow of resources is not remote.

Contingent Assets are neither recognized, nor disclosed.

Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet date.

7. Earnings per Share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

8. First time adoption of IndAS

The Company has prepared opening balance sheet as per Ind AS as on April 1, 2015 (transition date) by recognizing all assets and liabilities whose recognition is required by Ind AS, not recognizing items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognized assets and liabilities.

BOARD'S REPORT

Dear Members,

The Directors have pleasure in presenting their report and Audited Accounts for the year ended 31st March, 2017.

FINANCIAL RESULTS / FINANCIAL HIGHLIGHTS (IND AS):

Particulars	**2016-17**	*2015-16*
	(₹ in crore)	(₹ *in crore*)
Profit / (Loss) Before Depreciation, exceptional and extra ordinary items & Tax	**(40.28)**	*(40.39)*
Less: Depreciation, amortization and obsolescence	**17.74**	*18.25*
Profit / (Loss) before tax	**(58.02)**	*(58.64)*
Less: Provision for tax	**–**	–
Profit / (Loss)for the period carried to the Balance Sheet	**(58.02)**	*(58.64)*
Add: Balance brought forward from previous year	**(274.18)**	*(215.54)*
Balance carried to Balance Sheet	**(332.19)**	*(274.18)*

STATE OF COMPANY AFFAIRS:

The gross revenue and other income for the financial year under review were ₹ 114.43 crore as against ₹ 110.12 crore for the previous financial year registering an increase of 3.91%. The loss for the year was ₹ 58.02 crore as against the loss of the previous year of ₹ 58.64 crore.

The Government of Gujarat, on August 15, 2016 exempted small vehicles, like cars, jeep and vans along with Gujarat State Road Transport Corporation (GSRTC) buses from paying toll across the 27 toll plazas of the 12 state highways. Subsequently the Gujrat Government declared its decision to compensate for the losses incurred by the Concessionaires on this account.

The Company submitted reports to the Gujrat Government / GSRDC, reflecting the factual data as presented in the project Schedule M and clearly provided bifurcation of the forced exemptions and violations. These reports were transparent and have stood the test of GSRDC audits and the compensations were made to the Company without any deduction, from the day / time the exemption was enforced. In addition, the Company has also enabled a real-time data synchronization with GSRDC systems through Electronic Data Interchange (EDI) facility enabling verification of the vehicles passing through the plazas.

CAPITAL & FINANCE:

During the year under review, the Company has allotted 74,50,000 numbers of 0.01% Optionally Convertible Cumulative Preference Shares of ₹ 10/- each.

The Company at its Extraordinary General Meeting held on March 27, 2017 have altered the terms of issue of 125492100 numbers 0.01% Optionally Convertible Cumulative Preference Shares of ₹ 10/- each into 0.01% Compulsorily Convertible Preference Shares of ₹ 10/- each.

CAPITAL EXPENDITURE:

As at March 31, 2017 the gross fixed and intangible assets including leased Assets, stood at ₹ 1032.42 crore and the net fixed and intangible assets, including leased assets, at ₹ 963.16 crore. Capital Expenditure during the year amounted to ₹ 0.54 crore.

DEPOSITS:

The Company has not accepted deposits from the public and no amount on account of principal or interest on public deposits was outstanding as on the date of the Balance Sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND:

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY/ASSOCIATE/JOINT VENTURE COMPANIES:

The Company does not have any Subsidiary/Associate/Joint Venture Company.

PARTICULARS OF LOANS GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY:

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 except sub-section (1) of the Companies Act, 2013 (Act) are not applicable to the Company. However,full particulars of the loans given, investments made or guarantees given or security provided is given in Note No. 3 of notes to accounts of this Annual Report.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES:

All the related party transactions were in the ordinary course of business and at arm's length.

All related party transactions (RPT) during the year have been approved in terms of the Act, adhere to the RPT Policy of its Holding Company and guidelines thereunder. Further, the Company has not entered into any material contracts or arrangements during the year to disclose in Form AOC-2 is given in ***Annexure I*** to this Report.

AMOUNT TO BE CARRIED TO RESERVE:

Appropriation of profits to any specific reserves is not applicable to your Company.

DIVIDEND:

The Directors do not recommend payment of dividend for the financial year, in view of the losses incurred during the year.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY, BETWEEN THE END OF THE FINANCIAL YEAR AND THE DATE OF THE REPORT:

No material changes or commitments adversely affecting the financial position of the Company have occurred between the end of the financial year and the date of this report.

DETAILS OF SIGNIFICANT & MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS:

During the year under review, there were no material and significant orders passed by the regulators or courts or tribunals impacting the going concern status and the Company's operations in future.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION:

In view of the nature of the activities which are being carried on by the Company, Section 134(3)(m) of the Act read with Rule 8(3) of the Companies (Accounts) Rules, 2014 conservation of energy, technology absorption does not apply.

FOREIGN EXCHANGE EARNINGS AND OUTGO:

During the year the Company had incurred expenditure in foreign currency for an amount of ₹ 20,77,343/- for purchase of toll equipment.

RISK MANAGEMENT POLICY:

The Company follows the risk management policy of its Holding Company and has in place a mechanism to inform the Board Members about risk assessment and minimization procedures and periodical review to ensure that executive management controls risk by means of a properly designed framework.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY:

Your Company has designed and implemented a process-driven framework for Internal Controls on Financial Reporting System within the meaning of the explanation to Section 134(5)(e) of the Act. For the year ended March 31, 2017, the Board is of the opinion that the Company has adequate internal controls commensurate with the nature and size of its business operations and these are operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Auditors of the Company have reviewed the adequacy of the Internal Financial Control over Financial Reporting of the Company and the operating effectiveness of such control are reported in "Annexure A" of the Auditors' report for the financial year 2016-17.

CORPORATE SOCIAL RESPONSIBILITY:

Since the Company does not fulfil the criteria specified under Section 135 of the Act, the provisions of Corporate Social Responsibility are not applicable.

ANNEXURE III

FORM NO. MR – 3

SECRETARIAL AUDIT REPORT

For the Financial Year 2016-17

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
L&T RAJKOT - VADINAR TOLLWAY LIMITED

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **L&T Rajkot - Vadinar Tollway Limited** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books,papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended March 31, 2017 (“Audit Period”) complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by “the Company” for the financial year ended March 31, 2017 according to the provisions of:

(i) The Companies Act, 2013(‘Act’) and the rules made thereunder;

(ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder –Not Applicable

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings-Not Applicable;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):-

   (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011- Not Applicable;

   (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015- Not Applicable;

   (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 - Not Applicable;

   (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014- Not Applicable;

   (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 - Not Applicable;

   (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client - To the extent applicable to the company;

   (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 - Not Applicable;

   (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 - Not Applicable;

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by the Institute of Company Secretaries of India (‘ICSI’) and notified as on date.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards, etc., mentioned above.

I report that having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof on test check-basis. The list of labour and industrial laws covered under the internal compliance report by the company are as follows;

a) Electricity Rules,1956

b) Forest Conservation Act, 1980

c) Information Technology Act, 2000

d) Motor Vehicles Act, 1988

e) The Building And Other Construction Workers’ (Regulation of Employment And Conditions of Service) Central Rules, 1998

f) The National Highways (Collection of Fees by any Person for the use of section of national highways/ Permanent Bridge/ Temporary Bridge on National Highways)Rules,1997

g) The Personal Injuries (Compensation) Insurance Act, 1963

h) The Prohibition Of Smoking In Public Places Rules, 2008

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors, Independent Directors and a Women Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent to them at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that except allotment of preference shares there were no other specific events / actions in pursuance of the above referred laws, rules, regulations, guidelines, etc, having major bearing on the Company's affairs.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF L&T RAJKOT VADINAR TOLLWAY LIMITED

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of L&T Rajkot Vadinar Tollway Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March, 2017 and its financial performance including other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

   (c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

   (e) On the basis of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164(2) of the Act.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure – A"

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note F to the Ind AS financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has provided requisite disclosures in the Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management. Refer Note 10 to the Ind AS financial statements.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

The Annexure referred to in Para 1 of Report on Other Legal and Regulation Requirements in our Independent Auditors' Report to the members of the L&T Rajkot Vadinar Tollway Limited on the financial statements for the year ended 31st March 2017, we report that:

(i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The fixed assets have been physically verified during the year by the Management in accordance with programme of physical verification, which in our opinion, provides for physical verification of all fixed assets at a reasonable intervals having regard to size of the Company and nature of fixed assets. According to the information and explanation given to us, no material discrepancies were noticed on such verification.

(c) The Company does not have immovable properties. Hence reporting requirement as per this clause is not applicable.

(ii) The Company had no inventory during and at the year end. Therefore, the reporting requirements of paragraph 3(ii) of the Order is not applicable.

(iii) The Company has not granted loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act. Therefore, the reporting requirements of paragraph 3 (iii) of the Order are not applicable.

(iv) The Company has not given loans made, investments provided, guarantees, and security, attracting the provisions of section 185 and 186 of the Companies Act, 2013. Hence the reporting requirements of paragraph 3(iv) of the Order are not applicable.

(v) The Company has not accepted deposits from the public within the meaning of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under.

(vi) We have broadly reviewed the books of account maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, wealth tax, custom duty, excise duty , service tax, value added tax, cess and other material statutory dues as applicable have been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income tax, sales tax, service tax, value added tax, cess and other material statutory dues were in arrears as at 31st March 2017 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no material dues of Income tax, wealth tax, duty of excise, duty of customs, sales tax or service tax or value added tax or cess which have not been deposited with the appropriate authorities on account of any dispute.

(viii) Based on our audit procedure and the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to banks. The Company has not borrowed or raised any money from a financial institution, government or debenture holders during the year.

(ix) The Company has not raised any moneys during the year by way of initial public offer or further public offer (including debt instruments). Also the Company has not raised any term loans during the year. Accordingly, the reporting requirement of paragraph 3(ix) of the Order is not applicable.

(x) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the Management, we report that no material fraud on or by the Company has been noticed or reported during the year.

(xi) No managerial remuneration has been paid or provided by the Company during the year. Accordingly the reporting requirement of paragraph 3(xi) of the Order is not applicable.

(xii) In our opinion the Company is not a Nidhi Company. Therefore the provisions of Clause 3(xii) of the Order are not applicable to the Company.

(xiii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, all the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013 and also the details disclosed in the Financial Statements are in accordance with the applicable Indian Accounting Standards.

(xiv) The Company has made preferential allotment of compulsory convertible cumulative preferences shares during the year. In respect the requirement of section 42 of the Companies Act, 2013 have been complied with and the amount raised have been used for the purposes for which the funds were raised.

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with them. Accordingly, the reporting requirement of paragraph 3(xv) of the Order is not applicable to the Company.

(xvi) According to the information and explanation given to us, the Company is not required to get itself registered under Section 45- IA of the Reserve Bank of India Act, 1934 and hence the reporting requirement under paragraph 3(xvi) of the Order is not applicable.

REPORT ON INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Annexure 'A' to the Independent Auditor's Report of even Date on the Ind AS Financial Statements of L&T Rajkot Vadinar Tollway Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of L&T Rajkot Vadinar Tollway Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(iv) Terms / rights attached to shares

Equity shares of ₹ 10 each

The Company has only one class of equity share having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share.

The Company has not issued any securities during the year with the right/option to convert the same into equity shares at a later date.

The Company has not reserved any shares for issue under options and contracts/commitments for the sale of shares/disinvestment.

The shares issued carry equal rights to dividend declared by the company and no restrictions are attached to any specific shareholder.

Optionally convertible cumulative redeemable preference shares/Compulsorily convertible preference shares of ₹ 10 each

The preference shares carry a preferential right vis-a-vis Equity Shares of the Company with respective to payment of dividend and repayment in case of a winding up or repayment of capital.

Preference share holders carry non-participating rights in the surplus funds.

Preference share holders would be paid dividend on a cumulative basis

The preference shares are redeemable after completion of the 7th year or before the completion of 10th year from date of allotment at the option of the Company. Preference shares to the extent not redeemed at the end of 10th year from the date of allotment , shall stand converted into equity shares of ₹ 10 /- per share at par. During the year, the terms of preference shares have been changed by transferring them as Compulsory Convertible Preference Shares, the terms of which are as under.

NOTES FORMING PART ACCOUNTS (Contd..)

Compulsory convertible cumulative Preference Shares of ₹ 10 each

The preference shares carry a preferential right vis-a-vis Equity Shares of the Company with respective to payment of dividend and repayment in case of a winding up or repayment of capital.

Preference share holders shall be Non-participating rights in the surplus funds.

Preference share holders shall be Non-participating rights in the surplus assets and profit on winding up which may remain after the entire capital has been repaid

Preference share holders would be Paid dividend on non cumulative basis

Preference share holder carry voting rights as per provisions of Section 47 (2) of the Act

Since the Company does not have profits, no dividend is accrued or payable.

Preference share will be converted into equity share at the option of the company or at the completion of 10th year from the date of allotment.

H) NOTES FORMING PART OF ACCOUNTS

1) Corporate Information

L&T Rajkot Vadinar Tollway Ltd is a Special Purpose Vehicle (SPV) incorporated on 08-09-2008 for the purpose of widening of existing two-lane of 131.65 kilometers Road stretch covering Rajkot Jamnagar Vadinar to make it four lane divided Carriageway facility under Viability Gap Funding scheme of Government of India and operation and maintenance thereof, under the Concession Agreement dated 17th September, 2008 The Concession is for a period of 20 years including the construction period. At the end of the 20 years the entire

NOTES FORMING PART ACCOUNTS (Contd..)

facility will be transferred to Gujarat State Road Development Corporation Ltd. The company achieved commercial operation on February 1, 2012 upon receipt of the provisional completion certificate executed between the Company and Gujarat State Road Development Corporation Ltd.

2) Disclosure pursuant to Ind AS 19 "Employee benefits": (as per IndAS reports)

(i) Defined contribution plan:

The Company's provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 9,40,360 (previous year : ₹ 8,66,315) being contribution made to recognised provident fund is recognised as expense and included under Employee benefit expense (Note 20) in the Statement of Profit and Loss.

a) Features of its defined benefit plans:

Gratuity:
The benefit is governed by the Payment of Gratuity Act, 1972. The Key features are as under:

Plan Features

Features of the defined benefit plan	Remarks
Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of ₹ 10,00,000 was applied
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

Leave Encashment:

Features of the defined benefit plan	Remarks
Features of the defined benefit plan	Remarks
Salary for Encashment	Gross Salary
Salary for Availment	Cost to company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	300
Benefit Formula	(Leave Days) × (Salary)/ (Leave Denominator)
Leave Denominator	30
Leaves Credited Annually	30
Retirement Age	58 years

ii) The company is responsible for governance of the plan.

iii) Risk to the Plan

Following are the risk to which the plan exposes the entity :

A Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate. Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date."

B Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

NOTES FORMING PART ACCOUNTS (Contd..)

C Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cashflows.

D Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

l) **Details of Asset-Liability Matching Strategy**

There are no minimum funding requirements for a Gratuity benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

3) Disclosure pursuant to Ind AS 23 “Borrowing Costs”

Borrowing cost capitalised during the year ₹ Nil. (previous year :₹ Nil).

4) Disclosure of segment information pursuant to Ind AS 108 “Operating Segments”

The Company is engaged in the business of construction, operation and maintenance of Toll road projects on a Build Operate Transfer basis in a single business segment. Hence reporting of operating segments does not arise. The Company does not have operations outside India. Hence, disclosure of geographical segment information does not arise.

7) Disclosure pursuant to Ind AS 33 "Earnings per share

Basic and Diluted Earnings per share (EPS) computed in accordance with Ind AS 33 "Earnings per share".

Particulars		2016-17	2015-16
		₹	₹
Basic earnings per equity share:			
Profit for the year attributable to owners of the Company for calculating basic earnings per share (₹)	*A*	**(580,201,970)**	*(586,338,792)*
Weighted average number of equity shares outstanding for calculating basic earnings per share	B	**110,000,000**	*110,000,000*
Basic earnings per equity share (₹)	A / B	**(5.27)**	*(5.33)*
Diluted earnings per equity share:			
Profit for the year attributable to owners of the Company for calculating basic earnings per share (₹)	A	**(580,201,970)**	*(586,338,792)*
Add : Interest on convertibles (net of tax)	B		
Profit for the year attributable to owners of the Company for the calculating of diluted earnings per share (₹)	C = A+B	**(580,201,970)**	*(586,338,792)*
Weighted average number of equity shares outstanding for calculating basic earnings per share	D	**110,000,000**	*110,000,000*
Add : Shares deemed to be issued for no consideration in respect of :	E	**51,572,096**	
Compulsorily convertible preference share capital	F	**–**	
Compulsorily convertible debentures	G		
Weighted average number of equity shares outstanding for calculating diluted earnings per share	H = D + E	**161,572,096**	*110,000,000*
Diluted earnings per equity share (₹)		**(3.59)**	*(5.33)*
Face value per equity share (₹)		**10.00**	*10.00*

Potential equity shares that will arise on conversion of Compulsory Convertible Cumulative Preference Shares are resulting into anti dilution of EPS in the current year. Hence they have not been considered in the computation of diluted EPS in accordance with Ind AS 33 "Earnings Per Share."

8) Disclosure pursuant to Ind AS 36 "Impairment of Assets"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

NOTES FORMING PART ACCOUNTS (Contd..)

9) Disclosures as per Ind AS 37 – "Provisions, Contingent Liabilities and Contingent assets"

a) Nature of provisions:

i) Major Maintenance Provision

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (GSRDC) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per industry practice, the periodic maintenance is expected to occur after 5-7 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching cost concept and based on technical estimates, a provision for major maintenance expenses is reviewed and is provided for in the accounts annually.

ii) Implementation provisions:

During capitalisation company made provision for balance implementation work as part of Toll Collection rights. These works were pending dues to issues like non availability of Land or Right of way. That included PUP (1 No), CUP (2 Nos), Truck Lay By (3 Nos) and fencing of Urban Areas. Since then series of meeting and discussion took place between the company and GSRDC. Finally a conclusion is arrived and decision on all such issues is agreed in the form of supplementary agreement dated 9th Nov 2015. List of such issues are mentioned in Annexure 1 and 2 of the said supplementary agreement

b) Movement in provisions:

NOTES FORMING PART ACCOUNTS (Contd..)

11) First time adoption of Ind AS

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' . This amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows' .The amendments are applicable to the company from April 1, 2017.

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of Financial Statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement.

Exemptions availed

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements Under Ind AS

Deemed cost of Property, plant and equipment

Company has elected to measure all of its Property, Plant and Equipment and Investment property at their previous GAAP carrying amount on the date of transition to Ind AS.

Amortization of Tolling Rights

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

12) Transitional details

i) Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised over the tenure of the loan. Under Ind AS, transaction costs are included in the initial recognition amount of financial liability and charged to profit or loss using the effective interest method. Accordingly borrowings as at 31st March 2015 have been reduced by ₹ 3,08,32,139/-. The amount capitalized to toll collection rights ₹ 3,86,97,000/- under Indian GAAP, has been decapitalized under Ind AS, with an effect of ₹ 78,64,861/- to retained earnings.

ii) Provisions

Under Indian GAAP, the Company has accounted for provisions, including periodic major maintenance provision, at the undiscounted amount. In contrast, Ind AS 37 requires that where the effect of time value of money is material, the amount of provision should be the present value of the expenditures expected to be required to settle the obligation. Ind AS 37 also provides that where discounting is used, the carrying amount of a provision increases in each period to reflect the passage of time. This increase is recognised as borrowing cost. This led to a decrease in periodic major maintenance provision on 1st April 2015 and 31st March 2016 by ₹ 7,40,08,791/- and ₹ 9,54,27,124/- respectively, which was adjusted against retained earnings and Statement of Profit and Loss for the same amount.

iii) Mezzanine Debt

The Company received interest free loan in the nature of promoters' contribution from the Holding Company under the Common Loan Agreement entered with the Project Lenders. As per the terms of the agreement, such interest-free loan was repayable after the lenders are paid in full, hence it was classified as "Promoters' Mezzanine Debt" and disclosed under Long term borrowings from related parties. For transition to IndAS, since the Company does not have an unconditional right to not deliver cash or other financial asset to settle the obligation, the interest-free Mezzanine debt is fair valued on initial recognition. The difference between the amount received and fair value on initial recognition is recognised as "Equity Component of Other Financial Instruments" and included as part of "Other equity". Consequently, interest free mezzanine debt is reduced by ₹ 84,13,86,653/- by a corresponding adjustment to "Equity Component of Other Financial Instruments".

iv) Current investments

Under the previous GAAP, investment in mutual funds were classified as current investments based on the intended holding period. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments in mutual funds are marked to market at each reporting date. The difference between the fair value and the carrying amount is recognized in the Statement of Profit and Loss. The amount recognized in retained earnings as on 31st March 2015 is ₹ NIL and the amount recognized in the Statement of Profit and Loss as on 31st March 2016 is ₹ 15,541/-.

NOTES FORMING PART ACCOUNTS (Contd..)

Cash and cash equivalents as at April 01, 2015	**9,001,240**	**(17,228)***	**8,984,012**
Cash and cash equivalents as at March 31, 2016	**16,058,830**	**(2,677)***	**16,056,153**

*These adjustments reflect regrouping of "Interest receivable on Fixed Deposits" from Cash and Cash Equivalents to Other Financial Assets under Ind AS Financial Statements.

NOTES FORMING PART ACCOUNTS (Contd..)

15) Since May 2014, the company through series of letters represented to GSRDC that the company will be deferring the payment of revenue share because of shortfall in toll collection. The company has further informed that the revenue share so deferred will be paid along with interest at RBI Bank Rate plus 2% based on the position of Cash Flow of the Company. As on 31st March 2017, the unpaid revenue share is ₹ 475,566,639 and interest is ₹ 59,547,539/-. GSRDC vide letter dated 11th April 2017 has approved the deferment of the revenue share based on representation of company. Based on this letter liability of ₹ 5.06 Cr has been shown as current liability and balance has been shown as long term liability.

16) The Company operates in the infrastructure business sector which involves huge capital investments. The Company's accumulated losses have exceeded its paid up capital as on Balance Sheet date .However the losses incurred so far is on account of initial stage of the Company's Operations. The toll revenue of the Company have started increasing and the Company's borrowing cost will be lower on account of reduction in interest rate approved in principal by the lenders. The Management have funded the shortfall in the cash flow till now wherever required and company has not defaulted in its repayment obligations. In view of this management believes that there is no threat to the going concern. Further on account of increase in revenue and reduction in cost as mentioned earlier it is expected that the in subsequent financial years the Company's losses will be recouped. Having regard to this the Financial Statements have been prepared on the basis that the Company is a going concern.

17) Government of Gujarat had taken a decision to grant exemption to Car/Jeep/ Van category and passenger bus owned by GSRDC from paying toll tax w.e.f 15th August 2016. Based on this on 12th August 2016 GSRDC issued detailed letter to the Concessionaire about its implementation. The letter also mentioned the procedure for reimbursement of loss to the Concessionaire towards shortfall in collection. The Company is submitting the claims for loss on account of this on monthly basis. GSRDC has made the payment against the claims till the month February 2017

18) In view of decision of Government of India on 8th Nov 2016, Toll collection on National Highways were suspended as per NHAI orders from 9th Nov 2016 to 2nd Dec 2016. The Company's project being a State Road Project under the Concession from GSRDC. GSRDC did not suspend the toll on State Highways during this period and company made all the possible efforts to collect toll from users. Due to non-availability of lower denomination notes/change money coupled with resistance from Public, the company lost substantial amount of toll revenue. The company is following up with Government of Gujarat as well as GSRDC for reimbursement of loss suffered on the lines of policy adopted by NHAI.

Default and breaches

There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.

There are no breaches during the year which permitted lender to demand accelerated payment.

20) Fair value of Financial asset and liabilities at amortized cost

Particular	Note no.	31.03.2017		31.03.2016		01.04.2015	
		Carrying amount	Fair value	Carrying amount	Fair value	Carrying amount	Fair value
		₹	₹	₹	₹	₹	₹
Financial Assets							
Security Deposits	3	1,278,579	1,278,579	1,278,579	1,278,579	1,181,597	1,181,597
Total Financial Assets		1,278,579	1,278,579	1,278,579	1,278,579	1,181,597	1,181,597
Financial liability							
Term Loan from Banks	11	8,057,500,026	8,057,500,026	8,206,690,297	8,206,690,297	8,220,482,136	8,220,482,136
Loans from related parties	11	526,506,862	526,506,862	388,832,217	388,832,217	1,331,602,811	1,331,602,811
Revenue Share Payable to GSRDC (Including Interest)	12	477,393,905	477,393,905	345,014,703	345,014,703	266,945,772	266,945,772
Total Financial Liabilities		9,061,400,793	9,061,400,793	8,940,537,217	8,940,537,217	9,819,030,719	9,819,030,719

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan and Loan from Related Party approximate fair value as the instruments are at prevailing market rate.

The carrying value of Revenue Share Payable to GSRDC (Including Interest) reasonably approximates its fair value, hence their carrying value is considered to be same as their fair value.

Refer Note H(22) for information on Financial Asset pledged as security

NOTES FORMING PART ACCOUNTS (Contd..)

23) Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

ii Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate only, which is the inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	31.03.2017	31.03.2016	01.04.2015
	₹	₹	₹
Senior Debt from Banks - Variable rate borrowings	**8,057,500,026**	*8,206,690,297*	*8,220,482,136*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	Impact on profit / loss after tax	
	FY 2016-17	FY 2015-16
	₹	₹
Increase or decrease in interest rate by by 25 basis point	**20,330,238**	*20,533,966*

Note: Profit will increase in case of decrease in interest rate and vice versa

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	Note No.	31.03.2017	31.03.2016	01.04.2015
		₹	₹	₹
Investments in Mutual Funds		**–**	*12,078,129*	–

	31.03.2017	31.03.2016
	₹	₹
Increase or decrease in NAV by 2%	–	*241,563*

Note - In case of decrease in NAV profit will reduce and vice versa.

iv **Liquidity risk**

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The following are the contractual maturities of financial liabilities

	Carrying Amount	upto 1 year	1- 2 years	2- 5 years	> 5 years
As at March 31, 2017

Trade Payables	**12,248,172.00**	**12,248,172**			
Derivative Financial Liability	**NIL**	**NIL**	**NIL**	**NIL**	**NIL**

v **Credit risk**

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. The company has other receivables primarily from government authority i.e. GSRDC. Hence, the management believes that the company is not exposed to any credit risk.

24 Disclosure pursuant to Appendinx - A to Ind AS 11 - " Service Concession Arrangements"

24.1 Description and classification of the arrangement

The Company has entered into Concession Agreement ('CA') with Gujarat State Road Development Corporration Limted (GSRDC) dated September 17, 2008 for construction of additional 2 lane for Rajkot-Jamnagar-Vadinar Road to make it Four Lane Divided Carriageway Facility under Viability Gap Funding Scheme of Government of India on Built Operate and Transfer basis. The Concession Period is of 20 years including construction period of 910 days. The Company obtained provisiona completion certificate on 1st Feb 2012 from the GSRDC. As per the CA, the company is entitled to charge users of the public service, hence the service arrangement has been classified as Intangible Asset.

NOTES FORMING PART ACCOUNTS (Contd..)

24.2 Significant Terms of the arrangements

24.2.1 Revision of Fees:

Fees shall be revised annually on April 01 subject to the provisions Article 6 and Schedule G of the Concession Agreement dated Sept 17, 2008.

24.2.2 Concession Fee, Other Fees and Excess Revenue Sharing:

As per Article 7 of the Concession Agreement, the company is liable to pay Concession Fee ₹ 1 every year. The company is also liable of payment of Additional Concession Fee at the rate of 12.95% of total realisable fee. The rate of additional concession fee increases by 1% for each subsequent period of concession. i.e. 13.95% for second year, 14.95% for third year and so on

24.3 Rights of the Company for use Project Highway

a To demand, collect and appropriate, Fee from vehicles and perosns liable for payment of Fee for using the Project Highway or any part thereof and refuse entry of any vehicle if the Fee due is not paid.

b Right of Way, access and licence to the Site.

24.4 Obligation of the Company

a The company shall not assign, transfer or sublet or create any lien or Encumbrance on the CA or the Concession granted or on the whole or any part of the Project Highway nor transfer, lease or part possession thereof, save and except as expressly permitted by CA or the Substitution Agreement.

b The company is under obligation to carry out the routine and periodic maintenance of Project Highway as per Schedule L of the CA.

24.5 Details of any assets to be given or taken at the end of concession period

At the end of the Concession period the company shall deliver the actual or constructive possession of the Project Highway, free and clear of all encumbrances.

24.6 Details of Termination

CA can be terminated on account of default of the company or GSRDC in the circumstances as specified under article 30 of the CA.

24.7 Significant Changes in the terms Original Concession Agreement till 31st March 2017

a As per supplementary Agreement dated 9th Nov 2015 GSRDC has extended the concession period by 47 days due to various issues during construction period.

b In view of Shortfall on toll collection, GSRDC vide letter dated 11th April 2017 has given in principle approval for deferment of the payment of this outstanding revenue share and interest outstanding on 31st March 2017 and for revenue share relating to the future years till 2025-26. The supplementary agreement incorporating the same is yet to be executed.

25) Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium, Other equity in form of Subordinate Debt and all other reserves attributable to the equity holders of the Company.

The Company's objective for capital management is to maximize shareholder value and safeguard business continuity.

The Company determines the capital requirement based on annual operating plans and other strategic plans. The funding requirements are met through equity and operating cash flows generated.

Summary of Quantitative Data is given hereunder:

Particulars	**March 31, 2017** ₹	**March 31, 2016** ₹	**April 01, 2015** ₹
Equity	**1,100,000,000**	*1,100,000,000*	*1,100,000,000*
Other Equity	**(1,225,594,160)**	*(719,976,534)*	*(1,314,032,673)*
Total	**(125,594,160)**	*380,023,466*	*(214,032,673)*

The company does not have any externally imposed capital requirement.

26) Previous Year Figures are regrouped wherever required.

NOTES FORMING PART ACCOUNTS (Contd..)

I. Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1. Basis of preparation

(a) Compliance with Ind AS

The Company's Financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015] and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The Financial Statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act. Previous period numbers in the Financial Statements have been restated to Ind AS.

These Financial Statements are the first Financial Statements of the Company under Ind AS. Refer Note 11-15 for an explanation on how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

(b) Basis of measurement

The Financial Statements have been prepared on a historical cost basis, except for the following items which are measured at fair values:

– Certain financial assets and liabilities
– Net defined benefit (asset) / liability

(c) Use of estimates and judgements

The preparation of these Financial Statements in conformity with Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc. Changes in estimates are reflected in the Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Financial Statements.

(d) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

– In the principal market for the asset or liability, or
– In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2 Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the Financial Statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

NOTES FORMING PART ACCOUNTS (Contd..)

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards, electronic or digital mode of payment is accounted on cash basis. The compensation receivable for categories vehicles exempted from Toll by Concessioning Authority is accounted on cash basis except for the last month of year where it is recognised on estimated realisable value basis.

b) Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

c) Fair value gains on current investments carried at fair value are included in Other income.

d) Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

e) Other items of income are recognised as and when the right to receive arises.

4 Cash and Cash Equivalents

Cash and cash equivalents for the purposes of Cash Flow Statement comprise cash at bank (including demand deposits) and in hand and short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdraft is shown within borrowings

5 Cash Flow Statement

Cash Flow Statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Property, Plant and Equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred. Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the Statement of Profit and Loss when the asset is derecognized.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use. Assets costing less than rupees five thousand each is fully depreciated in the year of purchase.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	Estimated useful life (in years)
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10

NOTES FORMING PART ACCOUNTS (Contd..)

Category of Property, plant and equipment	Estimated useful life (in years)
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Wind power generating plant	20
Electrical installations	10

7 **Amortisation of intangible assets**

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 **Intangible assets**

Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer ("BOT") project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to Gujarat State Road Development Corporation Ltd (GSRDC), if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as "Change of Scope") is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from Gujarat State Road Development Corporation Ltd (GSRDC) are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

9 **Employee benefits**

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

NOTES FORMING PART ACCOUNTS (Contd..)

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur."

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

10 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

11 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The company / Group's chief operating decision maker is the Chief Executive Officer and Managing Director.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

NOTES FORMING PART ACCOUNTS (Contd..)

12 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

13 Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

14 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired: (a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised."

15 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

NOTES FORMING PART ACCOUNTS (Contd..)

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only be occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements

16 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost.

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

  Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income
- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset which is not classified in any of the above categories are measured at fair valued through profit or loss

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest, dividends, losses and gains relating to financial instruments or a component that is a financial liability shall be recognised as income or expenses in profit or loss.. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.”

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when obligation specified in the contract is discharged or cancelled or expires. Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivable and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109. Impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the Statement of Profit and Loss.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method. Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value. Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

The Company designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges. Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

NOTES FORMING PART ACCOUNTS (Contd..)

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

17 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

18 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

19 First time adoption of Ind AS

The Company has prepared opening Balance Sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
3. The Company has opted to continue with the carrying value for all of its PPE as recognised in its previous GAAP financial as deemed cost at the transition date.
4. The Company has decided to continue with the revenue based amortisation method for existing road concessions.

ANNEXURE II

FORM NO. MR-3

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31/03/2017

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members,
M/S. L&T SAMBALPUR - ROURKELA TOLLWAY LIMITED,
Chennai.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. L&T SAMBALPUR - ROURKELA TOLLWAY LIMITED** (CIN:U45206TN2013PLC093395) (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of M/s.L&T SAMBALPUR - ROURKELA TOLLWAY LIMITED books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31/03/2017 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31/03/2017 according to the provisions of (i) The Companies Act, 2013 (the Act) and the rules made thereunder (ii) The National Highways Authority of India Act, 1988.

M/s L&T SAMBALPUR - ROURKELA TOLLWAY LIMITED is an unlisted public limited company and hence compliance under the Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’) viz: (a) The Securities and Exchange Board of India(substantial Acquisition of shares and Takeovers) Regulations, 2011, (b) The Securities and Exchange Board of India(Prohibition of Insider Trading) Regulations,1992, (c) The Securities and Exchange Board of India(Issue of Capital and Disclosure Requirements) Regulations,2009, (d) The Securities and Exchange Board of India(Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines,1999, (e) The Securities and Exchange Board of India(Issue and Listing of Debt Securities) Regulations, 2008, (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client, (g) The Securities and Exchange Board of India(Delisting of Equity Shares) Regulations, 2009 and (h) The Securities and Exchange Board of India(Buyback of Securities) Regulations, 1998 are not attracted.

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India and during the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc as mentioned above.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

– that the company has appointed the Company Secretary as required under the provisions of Section 203 read with Rule 8A of the Companies (Appointment & Remuneration of Managerial Personnel) Rules 2014 on 16/01/2017.

Further that the management of the Company as informed that all the Related Party Transactions entered by the Company during the period under review have been entered at Arm’s Length Basis and therefore, compliance of provisions of Companies Act, 2013 in respect of any of these transactions do not arise.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

In respect of resolution passed in circulation, the company followed a healthy system of circulating the detailed agenda to all the Directors in a single file system, followed by placing the concerned agenda in the subsequent meeting.

A review of the minutes of the Board meetings held during the year indicate that wherever required detailed deliberations were carried out in respect of all the agenda items that were required to be so carried out and there were no dissenting views in respect of any of the items.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has obtained the approval of its members for the following major items:

– in the Extra-Ordinary General Meeting held on 02/12/2016 increase of Authorised

Capital from ₹ 290.02 crore to ₹ 290.5 crore was approved.

I further report that during the audit period under review, the Board of Directors of the Company has allotted the following equity shares to M/s. L&T Infrastructure Development Projects Limited by Circular Resolutions:

Number of equity shares	Face Value (Rupees)	Total Value of shares (Rupees)	Date of approval
3,60,00,000	10	36,00,00,000	27/06/2016
3,81,70,000	10	38,17,00,000	11/08/2016
10,000	10	1,00,000	24/01/2017

I further report that my audit was subjected only to verifying adequacy of systems and procedures that are in place for ensuring proper compliances by the Company and I am not responsible for any lapses in those compliances on the part of the Company.

M. BALAJI RAJAN
Practicing Company Secretary

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF L&T SAMBALPUR - ROURKELA TOLLWAY LIMITED

REPORT ON THE IND AS FINANCIAL STATEMENTS

We have audited the accompanying Ind AS financial statements of **L&T Sambalpur – Rourkela Tollway Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Changes in Equity, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE IND AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March 2017, its financial performance including Other Comprehensive Income, changes in equity and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we enclose in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the said order.
2. As required by Section 143 (3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.
   (e) On the basis of the written representations received from the directors as on 31st March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of

Our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November 2016 to 30th December 2016 and these are in accordance with the books of accounts maintained by the Company. Refer Note C (19) to the Ind AS financial statements.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **L&T Sambalpur – Rourkela Tollway Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF ACCOUNTS (Contd.)

C NOTES FORMING PART OF ACCOUNTS

1) Corporate Information

L&T Sambalpur Rourkela Tollway Limited is a Special Purpose Vehicle incorporated on 18th Oct 2013 for the purpose of executing and operating the project consist of Four Laning with Paved shoulders of Sambalpur-Rourkela Section of State Highway No.10 (SH-10) from KM 4.9000 to KM 167.9000 in the State of Odisha to be executed as Build, Operate and Transfer (Toll) on DBFOT (Design, Built, Finance, Operate and Transfer) pattern as per the Concession Agreement entered into with the Works Department, Government of Odisha on 8th Nov 2013. The appointed date as specified in terms article 48.1 of the said agreement is 15th July 2014. The Concession Period is for 22 years (including the construction period of 3 years) from the Appointed Date.

2) The Company has not earned any income but incurred expenditure in foreign currency for ₹ 36,02,774/- during the year. *(previous year: Nil).*

3) Disclosure pursuant to Ind AS 19 “Employee benefits”:

(i) Defined contribution plan:

The Company’s provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 19,69,041/- (previous year ₹ 20,34,394/-) being contribution made to provident fund is recognised as Employee benefit expense and included under Pre-operative expenses pending allocation for an amount of ₹ 18,41,999/- (Note E (II)) (previous year ₹ 19,46,745/-) and ₹ 1,27,042/- to the profit and loss account (previous year ₹ 87,649).

(ii) Defined benefit plans:

The Company operates gratuity plan through LIC’s Group Gratuity scheme where every employee is entitiled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement whichever is earlier. The benefit vests after five years of continuous service.

9) **Disclosure pursuant to Ind AS 36 "Impairment of Assets"**

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

10) **Disclosure as per Ind AS 1 - "Presentation of Financial Statements"**

For the purpose of the company's capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

(Ind AS 1 requires the company to make quantitative and qualitative disclosures regarding objectives policies and processes for managing capital. Also, if comparitive amounts are reclassified, nature amount and reason to be disclosed and not just the fact of reclassification.)

NOTES FORMING PART OF ACCOUNTS (Contd.)

11) First time adoption of Ind AS

These financial statements, for the year ended 31 March 2017, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2017, together with the comparative period data as at and for the year ended 31 March 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2016.

Default and breaches

There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.

There are no breaches during the year which permitted lender to demand accelerated payment.

13) Fair value of Financial asset and liabilties at amortized cost

Particular	Note no.	31.03.2017		*31.03.2016*		*01.04.2015*	
		Carrying amount	Fair value	*Carrying amount*	*Fair value*	*Carrying amount*	*Fair value*
Financial Assets							
Security Deposits	3	**950,250**	**950,250**	*59,100*	*59,100*	*59,100*	*59,100*
Total Financial Assets		**950,250**	**950,250**	*59,100*	*59,100*	*59,100*	*59,100*
Financial liability							
Term Loan from Banks	9	**7,829,404,488**	**7,829,404,488**	*3,913,743,610*	*3,913,743,610*	*1,646,677,334*	*1,646,677,334*
Total Financial Liabilities		**7,829,404,488**	**7,829,404,488**	*3,913,743,610*	*3,913,743,610*	*1,646,677,334*	*1,646,677,334*

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan and Loan from Related Party approximate fair value as the instruments are at prevailing market rate.

Refer Note C(15) for information on Financial Asset pledged as security.

16) Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

ii Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate only, which is the inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	31.03.2017	*31.03.2016*	*01.04.2015*
Senior Debt from Banks - Variable rate borrowings	**7,829,404,488**	*3,913,743,610*	*1,646,677,334*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	Impact on profit/ loss after tax	
	FY 2016-17	*FY 2015-16*
Increase or decrease in interest rate by by 25 basis point	**14,678,935**	*6,950,526*

Note: Profit will increase in case of decrease in interest rate and vice versa

NOTES FORMING PART OF ACCOUNTS (Contd.)

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company is exposed to price risk due to investments in mutual funds and classified as fair value through profit and loss.

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	Note No.	31.03.2017	31.03.2016	01.04.2015
Investments in Mutual Funds	**5**	**228,189,329**	26,531,756	67,257,109

Sensitivity Analysis

	Impact on profit/ loss after tax	
	31.03.2017	*31.03.2016*
Increase or decrease in NAV by 2%	**4,563,786.58**	*530,635.12*

Note - In case of decrease in NAV profit will reduce and vice versa.

iv Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The following are the contractual maturities of financial liabilities

As at March 31, 2017	Carrying Amount	upto 1 year	1 - 2 years	2 - 5 years	> 5 years
Non Derivative Financial Liability					
Senior Debt from Banks	7,829,404,488	–	156,588,090	1,291,851,741	6,380,964,658
Derivative Financial Liability	**–**	**–**	**–**	**–**	**–**

As at March 31, 2016	Carrying Amount	upto 1 year	1 - 2 years	2 - 5 years	> 5 years
Non Derivative Financial Liability					
Senior Debt from Banks	3,913,743,610	–	78,274,872	645,767,696	3,189,701,042

As at April 01, 2015	Carrying Amount	upto 1 year	1 - 2 years	2 - 5 years	> 5 years
Non Derivative Financial Liability					
Senior Debt from Banks	1,646,677,334	–	–	82,333,867	1,564,343,467

v Derivative Financial Liability

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. The company has other receivables primarily from government authority i.e. NHAI. Hence, the management believes that the company is not exposed to any credit risk.

17) Disclosure pursuant to Appendinx - A to Ind AS 11 - " Service Concession Arrangements"

17.1 Description and classification of the arrangment

L&T Sambalpur Rourkela Tollway Limited is a Special Purpose Vehicle incorporated on 18th Oct 2013 for the purpose of executing and operating the project consist of Four Laning with Paved shoulders of Sambalpur-Rourkela Section of State Highway No.10 (SH-10) from KM 4.9000 to KM 167.9000 in the State of Odisha to be executed as Build, Operate and Transfer (Toll) on DBFOT (Design, Built, Finance,

NOTES FORMING PART OF ACCOUNTS (Contd.)

Operate and Transfer) pattern as per the Concession Agreement entered into with the Works Department, Government of Odisha on 8th Nov 2013. The appointed date as specified in terms article 48.1 of the said agreement is 15th July 2014. The Concession Period is for 22 years (including the construction period of 3 years) from the Appointed Date.

17.2 Significant Terms of the arrangements

17.2.1 Revision of Fees:

Fees shall be revised annually on April 01 subject to the provisions Article 27.2 of the Concession Agreement.

17.2.2 Grant

The Government has agreed to provide cash support by way of outright grant equal to the sum set forth in thr bid, namely, 465.30 Cr in accordance to the provisons of Article 25 of the CA. Accordingly ₹ 258.51 Cr will be provided as equity support and the balance ₹ 206.79 Cr is provided as O&M support.

17.3 Rights of the Company for use Project Highway

a To demand, collect and appropriate, Fee from vehicles and perosns liable for payment of Fee for using the Project Highway or any part thereof and refuse entry of any vehicle if the Fee due is not paid.

b Right of Way, access and licence to the Site.

17.4 Obligation of the Company

a The comapny shall not assign, transfer or sublet or create any lien or Encumbrance on the CA or the Concession granted or on the whole or any part of the Project Highway nor transfer, lease or part possession thereof, save and except as expressly permitted by CA or the Substitution Agreement.

b The company is under obligation to carry out the routine and periodic maitenance of Project Highway as per Article 17 of the CA.

17.5 Details of any assets to be given or taken at the end of concession period

At the end of the Concession period the company shall deliver the actual or constructive possession of the Project Highway, free and clear of all encumbrances.

17.6 Details of Termination

CA can be terminated on account of default of the company or NHAI in the circumstances as specified under Article 37 of the CA.

Notes to first time adoption

Note 18: Transitional details

i) Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised over the tenure of the loan. Under Ind AS, transaction costs are included in the initial recognition amount of financial liability and charged to profit or loss using the effective interest method. Accordingly borrowings as at 31st March 2015 have been reduced by ₹ 32,64,065/-.

ii) Current investments

Under the previous GAAP, investment in mutual funds were classified as current investments based on the intended holding period. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments in mutual funds are marked to market at each reporting date. The difference between the fair value and the carrying amount is recognized in the statement of profit and loss. The amount adjusted in intangible under development as on 31st March 2015 is ₹ 4,43,809/- and the amount recognized in the Statement of profit and loss as on 31st March 2016 is ₹ 2,59,559/-.

iii) Government Grant

Under the GAAP, the Government Grant were classified as a capital reserve. Under Ind AS, the grant is reduced from the project cost i.e., intangibles under development/ toll collection rights.

Note 19: Specified bank notes

Details of Specified Bank Notes held and transacted during the period 08/11/2016 to 30/12/2016 provided in the table given below:

Particulars	SBNs	Other Denomination notes	Total
Closing Cash in hand as on 08/11/2016	13,000	404	13,404
(+) Permitted receipts	–	42,567	42,567
(-) Permitted payments	–	36,107	36,107
(-) Amount deposited in Banks	13,000	–	13,000
Closing cash in hand as on 30/12/2016	**–**	**6,864**	**6,864**

NOTES FORMING PART OF ACCOUNTS (Contd.)

D SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1 Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act.

These financial statements are the first financial statements of the Company under IndAS.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations
Assets held for sale	fair value less costs to sell

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc.

(d) Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- **Level 1** inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- **Level 2** inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- **Level 3** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to nearest rupee in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards is accounted on cash basis.

NOTES FORMING PART OF ACCOUNTS (Contd.)

b) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate. Interest Income on non-performing assets is recognised upon realization, as per guidelines issued by the Reserve Bank of India.

c) License fees for way-side amenities are accounted on accrual basis.

d) Fair value gains on current investments carried at fair value are included in Other income.

e) Other items of income are recognised as and when the right to receive arises.

4 Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Freehold land is carried as historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items. Land acquired under long term lease is classified as “Property, Plant and equipment” and is depreciated over the period of lease.

Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Company’s accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation on additons / deductions is calculated pro-rata from / to the month of additions / deductions. For the assets that are transferred / sold with the group companies, depreciation is calculated upto the month preceding the month of transfer / sale within the group.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	**Estimated useful life (in years)**
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5

NOTES FORMING PART OF ACCOUNTS (Contd.)

Category of Property, plant and equipment	Estimated useful life (in years)
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Electrical installations	10

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

7 Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

8 Exceptional items

On certain occasions, the size, type or incidence of an item of income or expense is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

9 Intangible assets

a) Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India (“NHAI”)/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

Intangible assets that not ready for the intended use on the date of the Balance Sheet are disclosed as “Intangible assets under development”.

10 Foreign currency transactions and translations

The reporting currency of the company is Indian Rupee.

Foreign currency transactions are recorded on initial recognition in the reporting currency using the exchange rate applicable on the date of transaction.

At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried at historical cost are reported using the exchange rate on the date of the transaction.

Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each balance sheet date at the closing rate are recognised as income or expense in the period in which they arise.

NOTES FORMING PART OF ACCOUNTS (Contd.)

11 Government grants

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets.

12 Investments

Trade investments comprise investments in entities in which the Group has strategic business interest.

Investments, which are readily realizable and are intended to be held for not more than one year, are classified as current investments. All other investments are classified as long term investments.

13 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

NOTES FORMING PART OF ACCOUNTS (Contd.)

14 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets.

15 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

16 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

17 Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

18 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

NOTES FORMING PART OF ACCOUNTS (Contd.)

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

19 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed in notes in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or a present obligation arising from past events, when no reliable estimate is possible . Contingent assets are disclosed in the financial statements where an inflow of economic benefits are probable.

20 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost (unless the same are designated as fair value through profit or loss (FVTPL)):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is primarily derecognised when:

i. the rights to receive cash flows from the asset have expired, or

ii. the group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with a)the group has transferred substantially all the risks and rewards of the asset, or b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

21 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

NOTES FORMING PART OF ACCOUNTS (Contd.)

22 Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

23 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

24 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

Note A: First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has opted to continue with the carrying value for all of its PPE & investment property as recognised in its previous GAAP financial as deemed cost at the transition date.
3. The company has assessed all contracts and arrangements for embedded leases based on conditions in place as at the date of transition.
4. The estimates as at 01 April 2015 and at 31 March 2016 are consistent with those made for the same dates in accordance with the Indian GAAP.

Profit/(Loss) after tax for the year carried to the balance sheet	**(4.86)**	–
Add: Balance brought forward from previous year	**–**	–
Balance carried to Balance Sheet	**(4.86)**	–

RESULTS OF OPERATIONS AND STATE OF COMPANY'S AFFAIRS

The Company was set up as an SPV for execution of a Project, namely, augmentation of the existing four lane road from km 11 to 54.40 (approximately 43.40 km) on the Chennai Tada Section of NH-5 in the State of Tamil Nadu by six laning thereof on a Build Operate and Transfer basis (hereinafter referred to as "the Project"), awarded by the National Highway Authority of India (NHAI). NHAI was under a contractual obligation to hand over 60% of the Right of Way (ROW) to L&T CTTL on the Appointed Date in terms of Article 10.3 of the Concession Agreement (CA). However, only 48.3% of the land comprising of unworkable stretches of land in bits and pieces that were encumbered was handed over to L&T CTTL as against 60% committed under the CA as on the Appointed Date. It is pertinent to note that even after six years from the Appointed Date, NHAI had handed over only 70.08 % making the project wholly unviable. The Company has completed 6 laning at all locations wherever the Construction Works could be carried out and the Company has been frustrated in its ability to fulfil its obligations under the Concession due to non-availability of ROW. In the meantime the capital costs for the Company have escalated significantly and a decision has been taken to terminate the Concession vide its letter dated June 24, 2015 citing various Defaults on part of NHAI.

As NHAI did not come forward to take over the Project in terms of the CA, L&T CTTL has filed two Applications (OMP No. 370/2015 & 371/2015) under Section 9 of Arbitration & Conciliation Act, 1996 before Hon'ble High Court of Delhi. In application No. 370, L&T CTTL has sought the Court to direct NHAI to take-over the Project as per the terms of Article 37.4 of CA and in application No. 371, L&T CTTL has sought the Court to direct NHAI to continue depositing the toll in the Escrow Account and disburse the toll collected in terms of the waterfall mechanism stipulated in the Escrow Agreement till the issue of termination is finally decided by the Arbitral Tribunal. In OMP No.371/2015, L&T CTTL had impleaded lenders also as Respondents. Hon'ble High Court in its Order dated August 04, 2015 in both the applications has directed the parties to maintain status quo till the next date of hearing and directed the parties to look for amicable solution. Accordingly both the parties met along with their Counsel on August 20, 2015 and September 08, 2015 but could not reach an amicable solution to the issues. Further a meeting of all the stake holders of the Project including lenders was called by NHAI on October 20, 2015, to discuss about the various issues involved in the Project, under the chairmanship of NHAI Chairman. But the outcome of the meeting was not agreeable to all the parties.

On December 02, 2015 L&T CTTL and NHAI updated the Hon'ble High Court of Delhi about the failure of meetings seeking amicable solution to the issues and that no amicable solution could be reached between the parties. Further, Hon'ble High Court directed the NHAI to give a clear proposal to L&T CTTL within two weeks to enable L&T CTTL to respond to the same and have also directed to NHAI to file their Reply. NHAI did not submit any proposal to L&T CTTL as directed by the Hon'ble High Court. NHAI filed its replies in both the Applications and L&T CTTL has filed the Rejoinders in the matter on April 07, 2016. The matter was adjourned to May 03, 2016 for final hearing on the said Applications.

OMP No 370/2015 was dismissed on May 03, 2016 as NHAI agreed to take over the Project. OMP 371/ 2015 was disposed of on May 27, 2016 stating that after termination of the Concession Agreement, the NHAI has appointed the new agent for toll collection. The new Concession Agreement is yet to be executed. In the meanwhile, both the parties agreed without prejudice that the toll collected by the new agent be deposited in the escrow account as large amount of debt is still owed to the lenders.

CAPITAL EXPENDITURE

There were no Capital Expenditure incurred during the Year.

DEPOSITS

The Company has not accepted deposits from the public hence no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY/ASSOCIATE/JOINT VENTURE

The Company does not have any Subsidiary/Associate/Joint Venture Companies.

PARTICULARS OF LOAN GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 of the Companies Act, 2013 (Act) except sub-section (1) are not applicable to the Company. However the details of loans given, investments made and guarantees/securities provided by the Company are given in Notes to the audited financial statement.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All related party transactions (RPT) during the year have been approved in terms of the Act which are in ordinary course of business and at arm's length basis. The Company will adhere to the RPT policy of the Holding Company and the guidelines thereunder.

The Company has not entered into any material contracts or arrangements during the year 2016-17. The disclosure as per Form AOC-2 of the Act is given in this Report as **Annexure I**.

AMOUNT TRANSFERRED TO RESERVES

The Company is yet to commence commercial operation during the financial year and hence no appropriation of profits to any specific reserve has been made.

DIVIDEND

The Company is yet to commence commercial operation during the year and no dividend is recommended.

MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF REPORT

The Company had decided to terminate the concession due to the default on the part of the Authority and issued notice of termination to the Authority. Further details are provided under the para "Results of Operations and State of Company's Affairs".

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

In view of the nature of activities which are being carried on by the Company, Section 134(3)(m) of the Act read with Rule 8(3) of the Companies (Accounts) Rules, 2014, pertaining to conservation of energy and technology absorption does not apply to the Company.

FOREIGN EXCHANGE EARNINGS AND OUTGO

There was no outgo or earning in foreign currency during the year.

RISK MANAGEMENT POLICY

Since there are no operations in the company, review of risk of the company does not arise.

CORPORATE SOCIAL RESPONSIBILITY

Since your Company does not exceed any of the threshold limits specified under section 135 of the Act, it is not required under the said Act to spend during the year any amount on Corporate Social Responsibility.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Since the company has issued termination notice and there are no operations in the Company, the adequacy of internal control system does not arise.

DETAILS OF DIRECTORS AND KEY MANAGERIAL PERSONNEL (KMP) APPOINTED/RESIGNED DURING THE YEAR

Date	Strength of the Committee	No. of members present
April 11, 2016	3	3

The Committee had formulated a policy on Director's appointment and remuneration including recommendation of remuneration of the KMP and the criteria for determining qualifications, positive attributes and independence of a Director.

DECLARATION OF INDEPENDENCE

The Company has received a declaration of independence as stipulated under Section 149(7) of the Act, confirming that he is not disqualified from continuing as an Independent Director.

EXTRACT OF THE ANNUAL RETURN

The extract of the annual return in Form No. MGT – 9 is enclosed to this Report as **Annexure 2.**

DIRECTORS RESPONSIBILITY STATEMENT

The Board of Directors of the Company confirms:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures:

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for that period:

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities:

d) The Directors have prepared the Annual Accounts on a not going concern basis:

e) The Directors have laid down an adequate system of internal financial control with respect to reporting on financial statements and the said system is operating effectively.

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

PERFORMANCE EVALUATION OF THE BOARD, ITS COMMITTEES AND DIRECTORS

The Nomination and Remuneration Committee and the Board have laid down the manner in which formal annual evaluation of the performance of the Board, committees and individual directors has to be made.

It includes circulation of questionnaires to all Directors for evaluation of the Board and its Committees, Board composition and its structure, its culture, Board effectiveness, Board functioning, information availability, etc. These questionaries' also cover specific criteria and the grounds on which all directors in their individual capacity will be evaluated.

The Independent Directors Meeting was proposed to be held during December 2016. However, due to non-availability of Independent Directors, the Meeting could not be scheduled. The Independent Directors at the meeting held on March 16, 2017, reviewed the performance of Board, Committees, and Non-Executive Directors. The performance evaluation of the Board, Committees and Directors was also reviewed by the Nomination and Remuneration Committee and the Board of Directors.

DISCLOSURE OF REMUNERATION

There are no employees in the company covered by the provisions Section 197 of the Act read with rule 5(2) of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

COMPLIANCES WITH SECRETARIAL STANDARDS ON BOARD AND ANNUAL GENERAL MEETINGS

The Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Board Meetings and Annual General Meetings.

PROTECTION OF WOMEN AT WORKPLACE

A policy on 'Protection of Women's Rights at Workplace' was adopted by the Company at the Board Meeting held on July 15, 2016. This has been widely disseminated. There were no cases of sexual harassment received in the Company during the year 2016-17 since there are no employees in the Company.

AUDITOR AND AUDITOR'S REPORT

STATUTORY AUDITORS

The Company in the Seventh Annual General Meeting held on September 21, 2015 for the F-Y 2015-16 had appointed M/s.Gianender & Associates, Chartered Accountants, (Firm Reg no: 004661N), Delhi as Statutory Auditors of the Company to hold office from the conclusion of that Annual General Meeting until the conclusion of the fourth consecutive Annual General Meeting of the Company to be held during the year 2018.

The Board recommends the ratification of the appointment of M/s.Gianender & Associates, Chartered Accountants, (Firm Reg no: 004661N), Delhi, as Statutory Auditors of the Company from the conclusion of the ensuing AGM until the conclusion of the next AGM. Certificate from the said audit firm has been received to the effect that they are eligible to act as Auditors of the Company under Section 141 of the Companies Act, 2013.

The Auditors' Report for the financial year 2016-17 is unqualified and the Auditors wish to draw attention to disclosure under "emphasis on matter", where it is stated about the Project being terminated and there being non repayment of Loan. The Notes to the accounts referred to in the Auditors' Report are self-explanatory and do not call for any further clarifications under section 134(3)(f) of the Act.

ACKNOWLEDGEMENT

Your Directors take this opportunity to thank its employees, Financial Institutions, Banks, Central and State Government authorities, Regulatory authorities, NHAI and all other stakeholders for their continued co-operation and support to the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF L&T CHENNAI TADA TOLLWAY LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying Ind AS financial statements of **L&T Chennai Tada Tollway Limited** ('the Company'), which comprise the balance sheet as at 31 March 2017, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

EMPHASIS OF MATTER

We draw attention to:

i) The Note no. 11 to the financial statements which states that Due to the authority default company terminated the project with effect from June 24th 2015. Due to inaction of the authority on termination notice, company filed an application under Sec 9 of Arbitration and Conciliation act before the Hon' High Court of Delhi. On the direction of court, authority took over the project on 23rd June 2016. On an application made by the company the Hon High Court of Delhi directed NHAI to deposit toll collections related to the Project with the Escrow Account of the company till the decision of arbitration tribunal with respect to termination payment determination and settlement. These collections are adjusted towards "NHAI receivable amount towards the Termination claim. In view of the above management is confident of realizing all amounts accounted as 'Receivable from NHAI - Termination payment' under 'Current Assets' of note no. F to the Financial Statements.

ii) The Note no. 12 which states that going concern assumption is not appropriate, hence the financial statements have been drawn up accordingly.

iii) Secured lender have issued "NOTICE RECALLING LOANS" for repayment of entire outstanding loans.

Our opinion is not modified in respect of this matter.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31 March, 2017, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure, a statement on the matters specified in the paragraph 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:

   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (c) the balance sheet, the statement of profit and loss, the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;

   (d) in our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rule issued there under;

   (e) on the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure -A"; and

   (g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The company has not pending litigation which would impact its financial position;

      ii. The company did not have any long-term contract including derivative contract for which there were any material foreseeable losses;

      iii. There were no amounts which were required by the company to be transferred to the Investor Education and Protection Fund, and;

      iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November, 2016 to 30 December, 2016 and these are in accordance with the books of accounts maintained by the Company. ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF L&T CHENNAI TADA TOLLWAY LIMITED FOR THE YEAR ENDED AS ON 31ST MARCH 2017

Annexure referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report on even date:-

i. a) The company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;

   b) The Fixed Assets were physically verified by the company before their disposal and no material discrepancies were noticed on such verification

   c) The company has no immoveable properties held.

ii. As the company is engaged in the business of infrastructure development, operations and its maintenance and there is no inventory in hand at any point of time, hence paragraph 3(ii) of the Order is not applicable to the company.

iii. The Company has not granted any loans, secured or unsecured to companies, firms, limited liabilities partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Hence, reporting under clause (a) to (c) of Para 3(iii) are not applicable.

iv. The Company has not entered into any transaction in respect of loans, investments, guarantee and securities, which attracts compliance to the provisions of the sections 185 and 186 of the Companies Act, 2013. Therefore the paragraph 3(iv) of the Order is not applicable to the company.

v. The Company has not accepted deposits in terms of the provisions of section 73 to 76 of the Companies Act, 2013 and rules framed there under. Therefore the paragraph 3(v) of the Order is not applicable to the company.

vi. The Company is prima-facie maintaining the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013.

vii. a) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the company has been generally regular in depositing undisputed statutory dues including provident fund, employee state insurance, income tax, service tax, value added tax, cess and other statutory dues during the year with the appropriate authorities. As on 31st March 2017, there are no undisputed statutory dues payables for period exceeding for a period more than six month from the date they become payable.

   b) According to the information and explanations given to us, there were no statutory dues pending in respect of income tax, sales tax, VAT, custom duty and cess etc. on account of any dispute.

viii. In our opinion and according to the information and explanation provided to us, the company has defaulted in payment of outstanding amount of loan amounting to ₹ 342,45,76,986 and related interest thereon amounting to ₹ 20,25,36,968 as the secured lenders have issued "NOTICE RECALLING LOANS" dues to banks. The company has not taken any loans or borrowings from Government.

ix. Money raised by way of term loans were applied for the purpose for which it was raised. The Company has not raised money by way of initial public offer or further public offer.

x. According to the information and explanation given to us by the management which have been relied by us, there were no frauds on or by the company noticed or reported during the period under audit.

xi. The Company has not paid any managerial remuneration, hence therefore para 3(xi) of the Order is not applicable to the company.

xii. The company is not a Nidhi Company, therefore para 3(xii) of the Order is not applicable to the company.

xiii. In our opinion and according to the information provided to us, the transaction entered with the related partied are in compliance with section 177 and 188 of the Act and are disclosed in the financial statements as required by the applicable accounting standards.

xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review, therefore para 3(xiv) of the Order is not applicable to the company.

xv. According to the information provided to us, the company has not entered into any non-cash transaction with directors or the persons connected with him covered under section 192 of the Companies Act 2013. Therefore, paragraph 3(xv) of the Order is not applicable to the company.

xvi. According to the information provided to us, the company is not required to be registered under section 45IA of the Reserve Bank of India Act, 1934. Therefore, paragraph 3(xvi) of the Order is not applicable to the company.

ANNEXURE-A

Annexure referred to in paragraph 2 under the heading “Report on Other Legal and Regulatory Requirements” of our report on even date:-

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **L&T Chennai Tada Tollway Limited** (“the Company”) as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my /our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(a) Current year Other advances represents receivable amount from NHAI net of the amount of toll collected from the project being deposited in Escrow account as per direction of Hon'ble Delhi High Court. The above referred receivable amount from NHAI is net of estimated provision and is lesser amount than the recoverable amount towards termination compensation by the Company, pursuant to the termination of the concession agreement entered into with the National Highway Authorities of India (NHAI). The nature of default and the termination amount claimed has not been accepted by NHAI and arbitration proceedings have been initiated in respect of the disputes relating to the termination payments/claims.

The Management has carried out an assessment of its exposure in these projects duly considering the expected payments arising out of the aforesaid termination and the likely outcome of the arbitration proceedings, contractual stipulations/ interpretation of the relevant clauses including the possible obligations to lenders, legal advice, etc. and believes that the net amount of termination compensation recoverable carried in the books is good for recovery and no additional provision/adjustment to the same is considered necessary by the Management as at 31 March 2017.

(iv) Terms / rights attached to shares

Equity shares

The Company has only one class of equity share having a par value of ₹ 10 per share. Each holder of equity shares is entitled to one vote per share.

The Company has not issued any securities during the year with the right/option to convert the same into equity shares at a later date.

The Company has not reserved any shares for issue under options and contracts/commitments for the sale of shares/disinvestment.

The shares issued carry equal rights to dividend declared by the company and no restrictions are attached to any specific shareholder.

C) NOTES FORMING PART OF ACCOUNTS

1) Corporate Information

"L&T Chennai Tada Tollway Limited, a Special Purpose Vehicle (SPV) incorporated for the purpose of widening of existing four lanes to six lanes from KM 11.00 to KM 54.40 on Chennai-Tada Section of NH 5 in the state of Tamilnadu under Concession Agreement dated June 3, 2008 with the National Highways Authority of India to be executed as BOT (TOLL) on DBFO Pattern under NHDP Phase V. The Concession Agreement is for a period of 15 years from the Appointed Date stated in clause 3.1 of the said agreement. The Company had terminated the project on account of Authority default on 24th Jun 2015 and handed over the project to National Highways Authority of India on 22nd Jun 2016. The Company's request of Termination payment is now under Arbitration."

2) The Statement of Profit and loss has been drawn to comply with the provisions of the Companies Act, 2013. However, the company has not commenced commercial operation.

3) The Company has not earned any income/incurred any expenditure in foreign currency during the year. (previous year: ₹ Nil)

NOTES FORMING PART OF ACCOUNTS (Contd.)

4) Disclosure pursuant to Ind AS 19 "Employee benefits":

(i) Defined contribution plan:

The Company's provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 1,14,715 (previous year : ₹ 5,21,113) being contribution made to recognised provident fund is recognised as expense and included under intangible assets under development.

(ii) Defined benefit plans:

a) The Company operates gratuity plan through LIC's Group Gratuity scheme where every employee is entitiled to the benefit equivalent to fifteen days salary last drawn for each completed year of service. The same is payable on termination of service or retirement whichever is earlier. The benefit vests after five years of continuous service.

b) The amounts recognised in Balance Sheet are as follows:

d) Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 March 2017, the Group has not recorded any impairment of receivables relating to amounts owed by related parties (31 March 2016: INR Nil, 1 April 2015: Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

e) There is no provision for bad and doubtful debts to related parties with regard to outstanding expenses and there is no expense recognized in respect of bad and doubtful debts due from related parties.

8) Disclosure pursuant to Ind AS 17 "Leases"

The Company has not acquired any assets either under Finance lease or under Operating lease. Hence disclosures pertaining to Ind AS 17 - "Leases" are not applicable.

9) Disclosure pursuant to Ind AS 33 "Earnings per share"

Basic and Diluted Earnings per share (EPS) computed in accordance with Ind AS 33 "Earnings per share".

Particulars		**2016-17**	*2015-16*
		₹	₹

10) Disclosure pursuant to Ind AS 36 "Impairment of Assets"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

11) Arbitration

Due to the authority default, company terminated the project with effect from June 24th 2015. Due to inaction of the authority on termination notice, company filed an application under Sec 9 of Arbitration and Conciliation Act before the Hon' High Court of Delhi. On the direction of Court, authority took over the project on 23rd June 2016.

On an application made by the company, the Hon High Court of Delhi directed NHAI to deposit toll collections related to the Project with the

NOTES FORMING PART OF ACCOUNTS (Contd.)

Escrow Account of the company till the decision of arbitration tribunal with respect to termination payment determination and settlement.

These collections are adjusted towards "NHAI receivable amount towards the Termination claims.

In view of the above management is confident of realising all amounts accounted as 'Receivable from NHAI - Termination payment' under 'Current Assets' of note no.5 (a) to the Financial Statements.

12) Going concern assumption is not appropriate, hence the financial statements have been drawn up accordingly.

13) The use of Effective interest rate (EIR) in valuation of the borrowing is not approproate consequent to the "loan recall notice" issued by the lenders.

14) Specified Bank Notes

	SBN's - in ₹	**Other denomination notes - in ₹**	**Total - in ₹**

15) Disclosures as per Ind AS 37 - "Provisions, Contingent Liabilities and Contingent assets "

a) Contingent Liabilities :

Disclosure in respect of contingent liabilities is given as part of Note no. (A) to the Balance Sheet.

16) Disclosure as per Ind AS 1 - "Presentation of Financial Statements"

For the purpose of the company's capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

17) First time adoption of Ind AS

These financial statements, for the year ended 31 March 2017, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2017, together with the comparative period data as at and for the year ended 31 March 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2016.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1. Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act.

These financial statements are the first financial statements of the Company under IndAS.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations
Assets held for sale	fair value less costs to sell

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc.

(d) Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs)."

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards is accounted on cash basis.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

b) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate. Interest Income on non-performing assets is recognised upon realization, as per guidelines issued by the Reserve Bank of India.

c) License fees for way-side amenities are accounted on accrual basis.

d) Fair value gains on current investments carried at fair value are included in Other income.

e) Dividend income is recognised when the right to receive the same is established by the reporting date.

f) Other items of income are recognised as and when the right to receive arises.

4 Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure."

6 Property, plant and equipment (PPE)

Freehold land is carried as historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items. Land acquired under long term lease is classified as "Property, Plant and equipment" and is depreciated over the period of lease.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	Estimated useful life (in years)
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Category of Property, plant and equipment	Estimated useful life (in years)
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Electrical installations	10

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

7 Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013. Under the revenue based method, amortisation is provided based on proportion of actual revenue earned till the end of the year to the total projected revenue from the intangible asset expected to be earned over the concession period. Total projected revenue is reviewed at the end of each financial year and is adjusted to reflect the changes in earlier estimate vis-a-vis the actual revenue earned till the end of the year so that the whole of the cost of the intangible asset is amortised over the concession period.

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 Exceptional items

On certain occasions, the size, type or incidence of an item of income or expense is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

9 Intangible assets

a) Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India (“NHAI”)/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/ State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Any Viability Gap Funding (VGF) in the form of equity support in connection with project construction is accounted as a receivable and is adjusted to the extent of actual receipts.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

Intangible assets that not ready for the intended use on the date of the Balance Sheet are disclosed as “Intangible assets under development”.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

b) Other intangible assets

Specialized software is amortized over a period of three to six years on straight line basis from the month in which the addition is made.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the assets' revised carrying amount over its remaining useful life.

10 Foreign currency transactions and translations

a) Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

b) Financial statements of overseas non-integral operations are translated as under :

i) Assets and liabilities at rate prevailing at the end of the year. Depreciation and amortisation is accounted at the same rate at which assets are converted.

ii) Revenues and expenses at yearly average rates prevailing during the year.

c) Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are:

(a) adjusted in the cost of fixed assets specifically financed by the borrowings contracted, to which the exchange differences relate.

(b) recognised as income or expense in the period in which they arise except for:

i. exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs in a foreign currency not translated.

ii. exchange differences on transactions entered into in order to hedge certain foreign currency risks; and

iii. exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

d) Financial statements of foreign operations are translated into Indian Rupees as follows:

(i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;

(ii) income and expenses for each income statement are translated at average exchange rates; and

(iv) all resulting exchange differences are recognised in other comprehensive income and accumulated in equity as foreign currency translation reserve (FCTR) and the same is subsequently reclassified to profit or loss on disposal of a foreign operation."

e) Exchange difference on long-term foreign currency monetary items: The exchange differences arising on settlement / restatement of long-term foreign currency monetary items are capitalized as part of the depreciable fixed assets to which the monetary item relates and depreciated over the remaining useful life of such assets.

f) Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortized over the period of the contracts if such contracts relate to monetary items as at the Balance Sheet date. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense in the period in which such cancellation or renewal is made.

11 Government grants

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve.

12 Investments

Trade investments comprise investments in entities in which the Group has strategic business interest.

Investments, which are readily realizable and are intended to be held for not more than one year, are classified as current investments. All other investments are classified as long term investments.

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties. The determination of carrying amount of such investments is done on the basis of weighted average cost of each individual investment.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of cost model.

13 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur."

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

14 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets.

15 Segment reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are as per Indian Accounting Standard 108 “Operating Segments” (IND AS 108) read with SEBI’s circular dated 05 July 2016. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. The identification of operating segments and reporting of amounts is consistent with performance assessment and resource allocation by the management.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under ‘unallocated revenue / expenses / assets / liabilities’.

16 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance leases:

(a) Property, plant and equipment acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

(b) Property, plant and equipment given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

17 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

18 Income taxes

The income tax expense or credit for the year is the tax payable on current year’s taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

19 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

20 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed in notes in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or a present obligation arising from past events, when no reliable estimate is possible. Contingent assets are disclosed in the financial statements where an inflow of economic benefits are probable.

21 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

A financial asset is primarily derecognised when:

i. the rights to receive cash flows from the asset have expired, or

ii. the group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with a)the group has transferred substantially all the risks and rewards of the asset, or b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings,

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

The Company designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

Impairment of financial assets (Expected Credit Loss Model)

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset and financial guarantees not designated at FVTPL

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract/agreement and all the cash flows that the Company expects to receive (i.e.. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument, through the expected life of the financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the life-time expected credit losses if the credit risk on that financial instrument has increase significantly since initial recognition. If the credit risk has not increased significantly, the Company measures the loss allowance at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the life-time cash shortfalls that will result if the default occurs within 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of a change in the amount of the expected credit loss. To achieve that, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

22 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

23 Service tax input credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilizing the credits.

24 Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

25 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

26 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

Note A: First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has accounted for changes in a parent's ownership in a subsidiary that does not result in loss of control in accordance with Ind AS 110, prospectively from the date of transition.
3. The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
4. The Company has opted to continue with the carrying value for all of its PPE & investment property as recognised in its previous GAAP financial as deemed cost at the transition date.
5. Ind AS 102 Share-based Payment has not been applied to equity instruments in share-based payment transactions that vested before 01 April 2015.
6. The Company has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Company has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.
7. The company has assessed all contracts and arrangements for embedded leases based on conditions in place as at the date of transition.
8. The Company has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date.
9. The estimates as at 01 April 2015 and at 31 March 2016 are consistent with those made for the same dates in accordance with the Indian GAAP.
10. The Company has not elected the option to reset the cumulative translation differences on foreign operations that exist as of the transition date to zero.
11. The Company has decided to continue with the revenue based amortisation method for existing road concessions.

BOARD'S REPORT

The Directors of your Company are pleased to present their Report and the Company's audited financial statement for the financial year ended March 31, 2017.

FINANCIAL RESULTS

The Company's financial performance for the year ended March 31, 2017 is summarised below:

Particulars	2016-17	2015-16
	₹ in crore	*₹ in crore*
Profit before depreciation, exceptional and extra ordinary items & tax	**137.15**	*135.99*
Less: Depreciation, amortization and obsolescence	**114.84**	*116.72*
Profit / (loss) before exceptional and extraordinary items and tax	**22.31**	*19.27*
Profit /(loss) before tax	**22.31**	*19.27*
Less: Provision for tax	**4.59**	*2.01*
Profit / (loss) after tax from continuing operations	**17.72**	*17.26*
Add: Balance brought forward from previous year	**(331.08)**	*(340.49)*
Balance available for disposal	**(312.77)**	*(323.23)*
Debenture Redemption Reserve	**17.71**	*7.85*
Balance carried to Balance Sheet	**(330.48)**	*(331.08)*

RESULTS OF OPERATIONS AND STATE OF COMPANY'S AFFAIRS

The Company's name was changed from "L&T Vadodara Bharuch Tollway Limited" to "Vadodara Bharuch Tollway Limited" as approved by the Registrar of Companies with effect from September 02, 2016.

The gross revenue(toll revenue) and other income for the financial year under review were ₹ 275.94 crore as against ₹ 284.52 crore for the previous financial year registering an decreasing of 3.02%. The profit before tax from continuing operations including extraordinary and exceptional items was ₹ 22.32 crore and the profit after tax from continuing operations including extraordinary and exceptional items of ₹ 17.72 crore for the financial year under review as against ₹ 19.27 crore and ₹ 17.26 respectively for the previous financial year, registering an increase of 15.83% and 2.67% respectively.

The Government of India, on November 8, 2016 declared the cancellation of legal tender of ₹ 500 and ₹ 1000 currency notes. The order was followed with a set of restrictions on exchange and withdrawal with Banks. To minimize the shortage of cash difficulties, the Ministry of Road Transport & Highways (MoRTH) had directed and suspended tolling operations in National Highways from November 9, 2016 till the Midnight of December 2, 2016.

Though the Concessionaires were hopeful of a direct Loss of Revenue compensation, MoRTH and the National Highway Authority of India (NHAI) had issued a standard operating procedure for release of compensation in phases and in line with the Concessionaire Agreement i.e reimbursement of O&M Expenses and Interest Cost. The tolling resumed on December 3, 2016 with an increased patronage for RFID tags, Credit / Debit Card transactions and other non-cash payment wallets. The Company had tied up with the respective agencies and mobilized Point of Sales (POS) in a short period of time along with ramping up the RFID handhelds and RFID enabled lanes at all the plazas. The challenge was handled exceptionally well by the Company and currently there are 19.41% of non-cash transactions as compared to the period prior to Demonetization. The Company has initiated steps to realize the O&M & Interest Costs with NHAI for the period during which the toll operations were suspended.

CAPITAL & FINANCE

The Company raised ₹ 397 crore via issue of 3,97,000 Non-convertible Debentures at ₹ 10,000/- each at a coupon rate of 10.10% per annum to Axis Bank Limited.

CAPITAL EXPENDITURE

As at March 31, 2017 the gross fixed and intangible assets including leased Assets, stood at ₹ 1,449.45 crore and the net fixed and intangible assets, including leased assets, at ₹ 551.98 crore. Capital Expenditure during the year amounted to ₹ 0.27 crore.

DEPOSITS

The Company has not accepted deposits from the public, hence no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY/ASSOCIATE/JOINT VENTURE COMPANIES

The Company does not have any Subsidiary/Associate/Joint Venture, Company.

PARTICULARS OF LOANS GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 of the Companies Act, 2013 (Act) except sub-section (1) are not applicable to the Company. However the details of loans given, investments made and guarantees/securities provided by the Company are given in the NoteF and G (i)of the audited financial statement.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All related party transactions (RPT) during the year have been approved in terms of the Act, which are at ordinary course of business and at arm's length. The Company will adhere to the RPT Policy of the Holding Company and the guidelines thereunder.

The disclosure as per Form AOC-2 of theAct is given in Annexure I to this Report.

AMOUNT TRANSFERRED TO RESERVES

During the year, an amount of ₹ 17.71 crore was transferred to Debenture Redemption Reserve.

DIVIDEND

The Directors do not recommend any dividend during the year.

MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF REPORT

No material changes and commitments have occurred affecting the financial position of the Company between the end of the financial year and the date of this report.

DETAILS OF SIGNIFICANT AND MATERIAL ORDERS

No significant and material orders have been passed by the regulators or courts or tribunals impacting the going concern status of the Company and the Company's operations in future.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

In view of the nature of activities which are being carried on by the Company, Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014, conservation of energy and technology absorption does not apply to the Company.

FOREIGN EXCHANGE EARNINGS AND OUTGO

During the year the Company has incurred a sum of ₹ 0.09 crore on foreign currency expenditure.

There were no foreign exchange earnings during the year.

RISK MANAGEMENT POLICY

At the Audit Committee Meeting of its Company held on 21st July, 2015 had reviewed and adopted a Risk Management Policy and the same has been implemented. Risks that are faced by the Company are identified, monitored and appropriate mitigation actions are taken at various levels as needed. There are no Risks in the opinion of the Audit Committee that may threaten the existence of the Company.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Your Company has designed and implemented a process-driven framework for Internal Controls on Financial Reporting System within the meaning of the explanation to Section 134(5)(e) of the Act. For the year ended March 31, 2017, the Board is of the opinion that the Company has adequate internal controls commensurate with the nature and size of its business operations and these are operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Statutory Auditors of the Company have reviewed the adequacy of the Internal Financial Control over Financial Reporting of the Company and the operating effectiveness of such control are reported in "Annexure A" to Auditor's Report for the financial year 2016-17.

CORPORATE SOCIAL RESPONSIBILITY

During the financial year 2015-16, the net profits of the company was more than ₹ 5 crore, hence pursuant to Section 135 of the Act, the company is required to constitute Corporate Social Responsibility Committee. Accordingly Corporate Social Responsibility Committee was constituted with Mr.N.Raghavan, Mr. Mathew George and Dr. Esther Malini as Members of the Committee. However, since the average net profits for the previous three years is negative, the Company need not spend on Corporate Social Responsibility.

EXTRACT OF THE ANNUAL RETURN

The extract of the annual return in Form No. MGT – 9 is enclosed to this Report as Annexure II.

DIRECTORS RESPONSIBILITY STATEMENT

The Board of Directors of the Company confirm:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures.

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for that period.

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.

d) The Directors have prepared the Annual Accounts on a going concern basis.

e) The directors had laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively.

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

PERFORMANCE EVALUATION OF THE BOARD, ITS COMMITTEES AND DIRECTORS

The Nomination and Remuneration Committee and the Board have laid down the manner in which formal annual evaluation of the performance of the Board, committees and individual directors has to be made.

It includes circulation of questionnaires to all Directors for evaluation of the Board and its Committees, Board composition and its structure, its culture, Board effectiveness, Board functioning, information availability, etc. These questionaries' also cover specific criteria and the grounds on which all directors in their individual capacity will be evaluated.

Further, the Independent Directors at the meeting held on March 16, 2017, reviewed the performance of Board, Committees, and Non-Executive Directors. The performance evaluation of the Board, Committees and Directors was also reviewed by the Nomination and Remuneration Committee and the Board of Directors.

DISCLOSURE OF REMUNERATION

There are no employees in the company covered by the provisions Section 197 of the Act read with rule 5(2) of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

COMPLIANCES WITH SECRETARIAL STANDARDS ON BOARD AND ANNUAL GENERAL MEETINGS

The Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Board Meetings and Annual General Meetings.

PROTECTION OF WOMEN AT WORKPLACE

A policy on ‘Protection of Women’s Rights at Workplace’ was adopted by the Company at the Board Meeting held on July 13, 2016. This has been widely disseminated. There were no cases of sexual harassment received in the Company during the year 2016-17.

AUDITORS AND AUDITORS’ REPORT

STATUTORY AUDITORS

M.K. Dandeker & Co, hold office until the conclusion of the ensuing Annual General Meeting (“AGM”). The Company in the Tenth Annual General Meeting held on 24th September 2015 for the F-Y 2015-16 had appointed M.K. Dandeker & Co, Chartered Accountants, (Firm Reg no: 000679S), Chennai as Statutory Auditors of the Company to hold office from the conclusion of that Annual General Meeting until the conclusion of the third consecutive Annual General Meeting of the Company to be held during the year 2017.

The Auditors’ Report for the financial year 2016-17 is unqualified and does not contain any emphasis on matter. The Notes to the accounts referred to in the Auditors’ Report are self-explanatory and do not call for any further clarifications under section 134(3)(f) of the Companies Act, 2013.

COST AUDITOR

Mr. K. Suryanarayanan, Cost Accountant, (Membership no: 24946) was appointed as Cost Auditor of the Company for audit of cost accounting records for the financial year 2016-2017, pursuant to the provisions of Section 148 of the Act and Rule 3 and 4 of the Companies (Cost Records and Audit) Amendment Rules, 2014. The Cost Audit Report for the financial year 2015-16 was filed with Ministry of Corporate Affairs on August 12, 2016. The Report of the Cost Auditors for the financial year 2016-2017 would be filed with the Ministry of Corporate Affairs once the same is finalised.

The remuneration of the Cost Auditor was ratified at the Annual General Meeting held on September 29, 2016.

SECRETARIAL AUDITORS

M/s. M.Balaji Rajan & Associates, a firm of Company Secretaries in practice (COP No: 6965), was appointed to conduct the secretarial audit of the Company for the financial year 2016-2017, as required under Section 204 of the Act and Rules thereunder.

The Secretarial Audit Report for the financial year 2016-17 is attached as Annexure III to this Report and it contains the following qualification, reservation or adverse remark.

It has been observed that that the company does not have Company Secretary as required under the provisions of Section 203(1) read with Rule 8A of the Companies (Appointment & Remuneration of Managerial Personnel) Rules 2014.

MANAGEMENT RESPONSE

The Company is in search of a suitable candidate to be appointed as a whole time Company Secretary as per the provisions of Section 203 of the Companies Act 2013. The Management will endeavour to appoint a Company Secretary in the near future.

ACKNOWLEDGEMENT

Your Directors take this opportunity to thank the employees, Financial Institutions, Banks, NHAI and other Central and State Government authorities, Regulatory authorities and other stakeholders for their continued co-operation and support to the Company.

For and on behalf of the Board

ANNEXURE III

FORM NO. MR-3

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31/03/2017

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
M/s. VADODARA BHARUCH TOLLWAY LIMITED,
Chennai.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s VADODARA BHARUCH TOLLWAY LIMITED (CIN:U45203TN2005PLC058417) (herein after called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of M/s VADODARA BHARUCH TOLLWAY LIMITED books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31/03/2017 complied with the statutory provisions listed here under and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made herein after:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31/03/2017 according to the provisions of (i) The Companies Act, 2013 (the Act) and the rules made there under (ii) The National Highways Authority of India Act, 1988.

M/s VADODARA BHARUCH TOLLWAY LIMITED is an unlisted public limited company and hence compliance under the Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') viz: (a) The Securities and Exchange Board of India(substantial Acquisition of shares and Takeovers) Regulations, 2011, (b) The Securities and Exchange Board of India(Prohibition of Insider Trading) Regulations,1992, (c) The Securities and Exchange Board of India(Issue of Capital and Disclosure Requirements) Regulations,2009, (d) The Securities and Exchange Board of India(Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines,1999, (e) The Securities and Exchange Board of India(Issue and Listing of Debt Securities) Regulations, 2008, (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client, (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and (h) The Securities and Exchange Board of India(Buyback of Securities) Regulations, 1998 are not attracted.

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India and during the period under review the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

It has been observed that that the company does not have Company Secretary as required under the provisions of Section 203(1) read with Rule 8A of the Companies (Appointment & Remuneration of Managerial Personnel) Rules 2014.

Further that the management of the Company as informed that all the Related Party Transactions entered by the Company during the period under review have been entered at Arm's Length Basis and therefore, compliance of provisions of Companies Act, 2013 in respect of any of these transactions do not arise.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent atleasts even days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

In respect of resolution passed in circulation the company followed a healthy system of circulating the detailed agenda to all the Directors in a single file system, followed by placing the concerned agenda in the subsequent meeting.

A review of the minutes of the Board meetings held during the year indicate that wherever required detailed deliberations were carried out in respect of all the agenda items that were required to be so carried out and there were no dissenting views in respect of any of the items.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has obtained the approval of its members for the following major items:

- in the EGM held on 03/06/2016 approval has been given for the amendment of Articles and reappointment of Mr. Sanjay Mathur as Manager w.e.f. 29/04/2016;
- members accorded approval on 31/01/2017 for the appointment of Manager Mr. Rajesh Tilokani;

- members in the Annual General Meeting held on 29/09/2016 approved the alteration of Memorandum and Articles of Association and
- in the Extra-Ordinary General Meeting held on 10/08/2016, members approved the change of name of the Company from L&T Vadodara Bharuch Tollway Limited to Vadodara Bharuch Tollway Limited.

I further report that during the period under review, the Board of Directors of the Company has approved the following:

- in the Board Meeting held on 29/04/2016 Mr. Sanjay Mathur has been reappointed as Manager of the company;
- the Board of Directors have approved the modification/creation of charges in their meetings held on 30/09/2016, 03/10/2016 & 06/01/2017;
- in the Board Meeting held on 13/07/2016, the resignation of Director Mr. Paul Gunasekaran Sureshkumar (DIN:07124883) has been accepted and Mr. Venkatesan Subramani Thiruvarur appointment as a Additional Director& the appointment of Secretarial Auditor for the period 2016-17 have also been approved;
- in the Board Meeting held on 07/09/2016, the Board accorded its consent for the issuance of 3,98,000 Debentures of ₹ 10000/- each & in the Board through its circular resolution dt. 03/10/2016 allotted 3,97,500 Non-Convertible Debentures of ₹ 10000/- each;
- in the Board Meeting held on 19/10/2016, the resignation of Manager Mr. Sanjay Mathur has been accepted and in the Board Meeting held on 18/01/2017, the appointment of Mr. Rajesh Tilokani as Manager has been approved;
- in the Board Meeting held on 16/03/2017, the cessation of Director Mr. Venkatesan Subramanya Thiruvarur & appointment of Additional Director, Mr. K.C. Raman w.e.f 16/03/2017 has been approved

I further report that my audit was subjected only to verifying adequacy of systems and procedures that are in place for ensuring proper compliances by the Company and I am not responsible for any lapses in those compliances on the part of the Company.

Place: Chennai

Date : 20.04.2017

Note: This report is to be read with our letter of even date which is annexed as Annexure A and forms an integral part of this report.

ANNEXURE A

To

The Members,
M/S. VADODARA BHARUCH TOLLWAY LIMITED,
Chennai.

Our report of even date, it is to be read along with this supplementary testimony:

a) Maintenance of secretarial record is the responsibility of the Management of the Company. Our responsibility is to express an opinion on these Secretarial Record based on our audit

b) We have followed the audit practices and processes that were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on a test basis to ensure that correct facts are reflected in Secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.

c) We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.

d) Wherever required, we have obtained Management representation about the compliance of laws, rules and regulation and happenings of events etc.

e) The Compliance of the provisions of corporate and other applicable laws, rules and regulation, standards is the reasonability of management. Our examination was limited to the verification of procedures on test basis.

f) The Secretarial Audit is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF VADODARA BHARUCH TOLLWAY LIMITED
(Formerly known as L&T Vadodara Bharuch Tollway Limited)

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Vadodara Bharuch Tollway Limited(formerly known as L&T Vadodara Bharuch Tollway Limited)("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Changes in Equity, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March, 2017, its financial performance including Other Comprehensive Income, changes in equity and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we enclose in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the said order.
2. As required by Section 143 (3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
   (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
   (c) The Balance Sheet, the Statement of Profit and Loss, the statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
   (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.
   (e) On the basis of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of Our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November 2016 to 30th December 2016 and these are in accordance with the books of accounts maintained by the Company. Refer Note H (11) to the Ind AS financial statements.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Vadodara Bharuch Tollway Limited(formerly known asL&T Vadodara Bharuch Tollway Limited) ("the Company") as of March 31, 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Components of Other Comprehensive Income

The disaggregation of changes to OCI by each type of reserve in equity is shown below:

During the year ended 31 March 2016

Particulars	Retained earnings ₹	Other reserves (specify nature) ₹	Total ₹
Remeasurement gains/(losses) on defined benefit plans			
Reclassified to Statement of profit and loss	(130,855)	–	(130,855)
	(130,855)	**–**	**(130,855)**

1) CORPORATE INFORMATION

Vadodara Bharuch Tollway Limited is a Special Purpose Vehicle (SPV) incorporated on 23rd December 2005 for the purpose of widening of existing four-lane eighty three kilometers Road stretch from KM 108.7000 to 192.000 of National Highway No. 8 in the State of Gujarat and operation and maintenance thereof, under the Concession Agreement dated 12 July, 2006 with National Highway Authority of India. The Concession Agreement is for a period 15 years from 8th January 2007, being the Commencement Date stated in clause 1.1 of the said agreement. Commercial Date of Operation started on 3rd June 2009. At the end of Concession period (i.e. 7th January 2022), the entire facility will be transferred to NHAI.

2) FOREIGN CURRENCY EXPENDITURE AND EARNINGS

The Company has incurred expenditure of ₹ 9,35,421/- in foreign currency during the year for toll software support service (previous year: ₹ 8,65,373/-) During the year and previous year the company does not have any earnings in Foreign Currency.

3) DISCLOSURE PURSUANT TO IND AS 19 EMPLOYEE BENEFITS:

(i) Defined contribution plan:

The Company's provident fund and super annuation fund are the defined contribution plans. The Company is required to contribute a specified percentage of payroll costs to the recognised provident fund and Life Insurance Corporation of India respectively to fund the benefits. The only obligation of the Company with respect to these plans is to make the specified contributions.

An amount of ₹ 6,65,310/- (previous year : ₹ 6,47,856/-) being contribution made to recognised provident fund is recognised as expense and included under Employee benefit expense (Note 18) in the Statement of Profit and loss.

(ii) Defined benefit plans:

a) Features of its defined benefit plans:

Gratuity:

The benefit is governed by the Payment of Gratuity Act, 1972. The Key features are as under:

Plan Features

Features of the defined benefit plan	Remarks
Benefit offered	15 / 26 × Salary × Duration of Service
Salary definition	Basic Salary including Dearness Allowance (if any)
Benefit ceiling	Benefit ceiling of ₹ 10,00,000 was applied
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon Death or Resignation / Withdrawal or Retirement
Retirement age	58 years

Leave Encashment:

Features of the defined benefit plan	Remarks
Salary for Encashment	Basic Salary
Salary for Availment	Cost to company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	300
Benefit Formula	(Leave Days) × (Salary)/ (Leave Denominator)
Leave Denominator	30
Leaves Credited Annually	30
Retirement Age	58 Years

NOTES FORMING PART OF ACCOUNTS (Contd.)

(iii) The company is responsible for governance of the plan.

(iv) **Risk to the Plan**

Following are the risk to which the plan exposes the entity :

A. **Actuarial Risk:**

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cashflow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate. Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

B. **Investment Risk:**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

C. **Liquidity Risk:**

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company there can be strain on the cashflows.

D. **Market Risk:**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

E. **Legislative Risk:**

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

l) Details of Asset-Liability Matching Strategy

There are no minimum funding requirements for a Gratuity benefits plan in India and there is no compulsion on the part of the Company to fully or partially pre-fund the liabilities under the Plan.

The trustees of the plan have outsourced the investment management of the fund to an insurance company. The insurance company in turn manages these funds as per the mandate provided to them by the trustees and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it may not be possible to explicitly follow an asset-liability matching strategy to manage risk actively in a conventional fund.

4) DISCLOSURE PURSUANT TO IND AS 23 BORROWING COSTS

Borrowing cost capitalised during the year ₹ Nil. (previous year : ₹ Nil).

5) DISCLOSURE OF SEGMENT INFORMATION PURSUANT TO IND AS 108 OPERATING SEGMENTS

The Company is engaged in the business of construction, operation and maintenance of Toll road projects on a Build Operate Transfer basis in a single business segment. Hence reporting of operating segments does not arise. The Company does not have operations outside India. Hence, disclosure of geographical segment information does not arise.

9) DISCLOSURE PURSUANT TO IND AS 36 IMPAIRMENT OF ASSETS

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

10) DISCLOSURES AS PER IND AS 37 - PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

a) Nature of provision:

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (NHAI) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a periodic major maintenance along with regular maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per Concession agreement with NHAI the periodic maintenance is expected to occur after every 5 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of prudence, based on estimates, a provision for major maintenance expenses is provided for in the books annually.

b) Movement in provisions:

Particulars	**As at 31.03.2017** ₹	*As at 31.03.2016* ₹	*As at 01.04.2015* ₹
Opening balance	**368,867,515**	*143,100,000*	*–*

Closing cash in hand as on 30.12.2016	–	22,774,065	22,774,065

12) FIRST TIME ADOPTION OF IND AS

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows'. This amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows'. The amendments are applicable to the company from April 1, 2017.

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

Exemptions availed

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). This note explains the adjustments made by the company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016

Deemed cost of Property, plant and equipment

The company has elected to measure certain items of property, plant and equipment at fair value at the date of transition to Ind AS. Hence at the date of transition to Ind AS, measured as per the previous GAAP and use the same as deemed cost as on the date of transition to Ind AS

Amortization of Tolling Rights

For transition to IndAS, the Company has availed the option to continue with the Straight line amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

Exceptions availed

Estimates

The company's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP.

13) DISCLOSURE PURSUANT TO IND AS 19 - LEASES

Future minimum rentals for non-cancellable leases as on 31st March 2017 is as follows :

Loans to Related Parties	4	–	–	–	–	–	–
Total Financial Assets		2,786,801	2,786,801	2,787,801	2,787,801	2,750,743	2,750,743
Financial liability							
Term Loan from Banks	10	273,263,072	273,263,072	4,292,416,791	4,292,416,791	7,550,735,979	7,550,735,979
Debentures	10	9,355,000,000	9,355,000,000	5,380,000,000	5,380,000,000	–	–
Interest Accrued	11	198,828,360	198,828,360	4,502,884	4,502,884	14,208,668	14,208,668
Deposit Received	11	1,471,380	1,471,380	1,705,380	1,705,380	44,000	44,000
Current Maturities of Long Term borrowings	11	60,000,000	60,000,000	89,656,489	89,656,489	1,116,723,000	1,116,723,000
Trade Payables	14	29,820,165	29,820,165	16,769,096	16,769,096	77,725,300	77,725,300
Total Financial Liabilities		9,918,382,977	9,918,382,977	9,785,050,640	9,785,050,640	8,759,436,947	8,759,436,947

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan and Loan from Related Party approximate fair value as the instruments are at prevailing market rate.

18) FINANCIAL RISK MANAGEMENT

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing in foreign currency.

ii Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate only, which is the inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	**As at 31.03.2017** ₹	*As at 31.03.2016* ₹	*As at 01.04.2015* ₹
Senior Debt from Banks - Variable rate borrowings	**333,263,072**	*4,382,073,280*	*10,432,881,475*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	**Impact on profit/ loss after tax**	
	As at 31.03.2017 ₹	*As at 31.03.2016* ₹
Increase or decrease in interest rate by 25 base point	**5,894,170**	*18,518,693*

Note: Profit will increase in case of decrease in interest rate and vice versa

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company is exposed to price risk due to investments in mutual funds and classified as fair value through profit and loss.

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	**Note No.**	**As at 31.03.2017** ₹	*As at 31.03.2016* ₹	*As at 01.04.2015* ₹
Investments in Mutual Funds	6	**1,879,164,797**	*452,175,383*	–

Sensitivity analysis

	Impact on profit/ loss after tax	
	As at 31.03.2017 ₹	*As at 31.03.2016* ₹
Increase or decrease in NAV by 2%	**37,583,296**	*9,043,508*

Note:- In case of decrease in NAV profit will reduce and vice versa.

NOTES FORMING PART OF ACCOUNTS (Contd.)

iv Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The following are the contractual maturities of financial liabilities

As at March 31, 2017	**Carrying Amount**	**upto 1 year**	**1 - 2 years**	**2 - 5 years**	**> 5 years**

Trade Payables	*77,725,300.00*	*77,725,300*			
Derivative Financial Liability	*NIL*	*NIL*	*NIL*	*NIL*	*NIL*

v Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. . Hence, the management believes that the company is not exposed to any credit risk.

19 DISCLOSURE PURSUANT TO APPENDIX - A TO IND AS 11 - SERVICE CONCESSION ARRANGEMENTS

i Description and classification of the arrangement:

Vadodara Bharuch Tollway Limited is a Special Purpose Vehicle (SPV) incorporated on 23rd December 2005 for the purpose of widening of existing four-lane eighty three kilometers Road stretch from KM 108.7000 to 192.000 of National Highway No. 8 in the State of Gujarat and operation and maintenance thereof, under the Concession Agreement dated 12 July, 2006 with National Highway Authority of India. The Concession Agreement is for a period 15 years from 8th January 2007, being the Commencement Date stated in clause 1.1 of the said agreement. Commercial Date of Operation started on 3rd June 2009. At the end of Concession period (i.e. 7th January 2022), the entire facility will be transferred to NHAI.

ii Significant Terms of the arrangements

(a) Revision of Fees:

Fees shall be revised annually on July 01 as per Schedule G of the Concession Agreement dated July 12, 2006.

(b) Concession Fee

As per Article 7 of the Concession Agreement, the company is liable to pay Concession Fee ₹ 1 every year.

iii Rights of the Company for use Project Highway

(a) To demand, collect and appropriate, Fee from vehicles and person liable for payment of Fee for using the Project Highway or any part thereof and refuse entry of any vehicle if the Fee due is not paid.

(b) Right of Way, access and licence to the Site.

NOTES FORMING PART OF ACCOUNTS (Contd.)

iv. Obligation of the Company

(a) The company shall not assign, transfer or sublet or create any lien or Encumbrance on the CA or the Concession granted or on the whole or any part of the Project Highway nor transfer, lease or part possession thereof, save and except as expressly permitted by CA or the Substitution Agreement.

(b) The company is under obligation to carry out the routine and periodic maintenance of Project Highway as per Schedule L of the CA.

v. Details of any assets to be given or taken at the end of concession period

At the end of the Concession period the company shall deliver the actual or constructive possession of the Project Highway, free and clear of all encumbrances.

vi. Details of Termination

CA can be terminated on account of default of the company or NHAI in the circumstances as specified under article 32 of the CA.

20) TRANSITIONAL ADJUSTMENTS

The following is a brief summary of the GAAP adjustments made by the Company on account of transition to IndAS from the previous GAAP.

(i) Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised over the tenor of the loan. For transition to IndAS, such transaction costs are adjusted with the fair value of the borrowings on initial recognition. Interest on the borrowings is accounted under the Effective Interest Rate method (EIR). Accordingly borrowings as at 31 March 2015 have been reduced by ₹ NIL. Consequently an amount of ₹ 6,82,80,436/- has been derecognised from toll collection rights with an effect of ₹ 6,82,80,436/- to retained earnings.

(ii) Provisions

Under Indian GAAP, the Company had accounted for provisions, including the provision periodic major maintenance at the amounts expected to settle the obligation on an undiscounted basis since the previous GAAP prohibited discounting of provisions other than employee benefits. For transition to Ind AS, the provisions are recognised at the present value of the expenditure expected to be required to settle the obligation. The difference between the carrying amount of provisions under IndAS and IGAAP is accounted for in the opening reserves amounting to ₹ 2,70,06,596/-. Consequently, provision for periodic major maintenance as at the transition date is adjusted to the extent of ₹ 2,70,06,596/-.

(iii) Current investments

Under Indian GAAP, investment in mutual funds were stated at lower of cost and fair value. Any gain/loss on disposal was accounted for in the statement of profit and loss. For transition, mutual fund investments are categorised as Financial instruments at Fair Value Through Profit or Loss (FVTPL). Any unrealised gains/losses are included in the carrying amount of such investments as at the reporting date. Consequently the carrying amount of mutual fund investments as of 1st April, 2015 is increased by ₹ NIL with a corresponding increase in the reserves.

21) CHANGE IN ACCOUNTING ESTIMATE:

The company has re-estimated the outflow of Major maintainance from 31st March'20 to 30th June'19 and accordingly prospective effect is given in provision in current and future periods.

22) The name of company is changed from L&T Vadodara Bharuch Tollway Limited to Vadodara Bharuch Tollway Limited w.e.f. 2nd September 2016.

23) There are no amounts due to Micro, Small and Medium enterprises under the Micro, Small and Medium Enterprises Development (MSMED) Act 2006. Hence reporting details of principal and interest does not arise.

24) The corresponding previous year's figures have been regrouped wherever necessary to confirm to the presentation of the current year's accounts.

25) RECONCILIATION OF TOTAL EQUITY

NOTES FORMING PART OF ACCOUNTS (Contd.)

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1) Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, and Companies (Indian Accounting Standards) Amendmend Rules, 2016.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act. Previous period numbers in the financial statements have been restated to Ind AS.

These financial statements are the first financial statements of the Company under IndAS. Refer Note 12 for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items which are measured at fair values:

- Certain financial assets and liabilities
- Net defined benefit (asset) / liability

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(d) Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 – inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – inputs are other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived prices)

Level 3 – inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

2) Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 (the Act). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 Statement of Cash Flows. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Amounts in the financial statements are presented in Indian Rupees rounded off to two decimal places in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards, electronic or digital mode of payment is accounted on cash basis. The compensation receivable for categories vehicles exempted from Toll by Concessioning Authority is accounted on cash basis except for the last month of year where it is recognised on estimated realisable value basis.

b) Interest income is recognised using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

c) Fair value gains on current investments carried at fair value are included in Other income.

d) Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

e) Other items of income are recognised as and when the right to receive arises.

4) Cash and Cash Equivalents

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

5) Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6) Property, plant and equipment (PPE)

Freehold land is carried as historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items. Land acquired under long term lease is classified as Property, Plant and equipment and is depreciated over the period of lease.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

In respect of Property, Plant and Equipment purchased during the year, depreciation is provided on a pro-rata basis from the date on which such asset is ready to use. Assets costing less than rupees five thousand each is fully depreciated in the year of purchase.

The residual value, useful live and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	**Estimated useful life (in years)**
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Wind power generating plant	20
Electrical installations	10

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

7) Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the Straight Line amortisation method prescribed under Schedule II to the Companies Act, 2013.

For transition to IndAS, the Company has availed the option to continue with the Straight Line amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8) Intangible assets

a) Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to Gujarat State Road Development Corporation Ltd (GSRDC), if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/ State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

NOTES FORMING PART OF ACCOUNTS (Contd.)

b) Other Intangible Assets

Specialized software is amortized over a period of three to six years on straight line basis from the month in which the addition is made.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the assets' revised carrying amount over its remaining useful life.

9) Investments

Trade investments comprise investments in entities in which the Group has strategic business interest.

Investments, which are readily realizable and are intended to be held for not more than one year, are classified as current investments. All other investments are classified as long term investments.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of cost model.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

10) Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service. 'The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

NOTES FORMING PART OF ACCOUNTS (Contd.)

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

11) Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

12) Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance leases:

(a) Property, plant and equipment acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

(b) Property, plant and equipment given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

13) Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

14) Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or

NOTES FORMING PART OF ACCOUNTS (Contd.)

liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax losses and carry forward of unused tax credits to the extent that it is probable that taxable profit will be available against which those temporary differences, losses and tax credit can be utilized, except when deferred tax asset on deductible temporary differences arise from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit or loss.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

15) Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

16) Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only be occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company. The company does not recognize a contingent asset but discloses its existence in the financial statements.

17) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost.

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset which is not classified in any of the above categories are measured at fair valued through profit or loss

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest, dividends, losses and gains relating to financial instruments or a component that is a financial liability shall be recognised as income or expenses in profit or loss.. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability is derecognized when obligation specified in the contract is discharged or cancelled or expires. Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivable and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109. Impairment loss allowance (or reversal) recognised during the period is recognised as income / expense in the statement of profit and loss.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial guarantee contracts are subsequently measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

The Company designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognised in profit or loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit or loss from that date.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to (effective portion as described above) are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same line as the recognised hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit or loss.

NOTES FORMING PART OF ACCOUNTS (Contd.)

18) Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

19) Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

20) Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

21) Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

22) First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost criteria or the FVTOCI criteria based on the facts and circumstances that existed as of the transition date.
3. The Company has opted to continue with the carrying value for all of its PPE as recognised in its previous GAAP financial as deemed cost at the transition date.

BOARD'S REPORT

The Directors of your Company are pleased to present their Report and the Company's audited financial statement for the financial year ended March 31, 2017.

FINANCIAL RESULTS

The Company's financial performance, for the year ended March 31, 2017 is summarised below:

Particulars	**2016-17**	*2015-16*
	₹ in crore	*₹ in crore*
Profit before depreciation, exceptional and extra ordinary items & Tax	**25.59**	*20.09*
Less: Depreciation, amortization and obsolescence	**15.59**	*19.43*
Profit before tax	**10.00**	*0.66*
Less: Provision for tax	**0.18**	–
Profit after tax from continuing operations	**9.82**	*0.66*
Profit / (loss) after tax for the year carried to the balance sheet	**9.82**	*0.66*
Add: Balance brought forward from previous year	**(94.41)**	*(95.07)*
Balance available for disposal	**(84.59)**	*(94.41)*
Debenture Redemption Reserve	**7.70**	–
Balance carried to Balance Sheet	**(92.29)**	*(94.41)*

STATE OF COMPANY'S AFFAIRS

The Company's name was changed from "L&T Western Andhra Tollways Limited" to "Western Andhra Tollways Limited" as approved by the Registrar of Companies with effect from October 20, 2016.

The gross revenue (toll revenue) and other income for the financial year under review were ₹ 70.15 crore as against ₹ 65.48 crore for the previous financial year registering an increase of 7.13%. The profit before tax was ₹ 10.02 crore and the profit after tax was ₹ 9.82 crore for the financial year under review as against ₹ 0.66 crore and ₹ 0.66 respectively for the previous financial year, registering an increase of 1418% and 1388% respectively.

The Krishna Pushkaram festival, akin to Kumbh Mela in North India, was held from 12th Aug 2016 for a period of 12 days during which unprecedented traffic was expected to converge at the ghats of river Krishna. WATL being the closest to the Krishna River was directed by District Administration to cease toll-collection. However the Company was able to convince the Administration to continue the tolling with bolstered resources and immaculate planning. The huge traffic was managed efficiently without resorting to any opening up of the boom barriers. The District Collector had also issued a special Certificate of Appreciation as a recognition to the efforts by the SPV towards the success of the Krishna Pushkaram event.

The Government of India, on November 8, 2016 declared the cancellation of legal tender of ₹ 500 and ₹ 1000 currency notes. The order was followed with a set of restrictions on exchange and withdrawal with Banks. To minimize the shortage of cash difficulties, the Ministry of Road Transport & Highways (MoRTH) had directed and suspended tolling operations in National Highways from November 9, 2016 till the Midnight of December 2, 2016.

Though the Concessionaires were hopeful of a direct Loss of Revenue compensation, MoRTH and the National Highway Authority of India (NHAI) had issued a standard operating procedure for release of compensation in phases and in line with the Concessionaire Agreement i.e reimbursement of O&M Expenses and Interest Cost. The tolling resumed on December 3, 2016 with an increased patronage for RFID tags, Credit / Debit Card transactions and other non-cash payment wallets. The Company had tied up with the respective agencies and mobilized Point of Sales (POS) in a short period of time along with ramping up the RFID handhelds and RFID enabled lanes at all the plazas. The challenge was handled exceptionally well by the Company and currently there are 13.79% of non-cash transactions as compared to the period prior to Demonetization. The Company has realized ₹.1.25 crore towards 90% of interest cost for the period of 24 days where the toll had been suspended. The Company has initiated steps to realize the balance O&M & Interest Costs with NHAI.

CAPITAL EXPENDITURE

As at March 31, 2017 the gross fixed and intangible assets including leased assets, stood at ₹ 309.2 crore and the net fixed and intangible assets, including leased assets, at ₹ 165.68 crore. Capital Expenditure during the year amounted to ₹ 0.35 crore.

CAPITAL & FINANCE

The Company not raised any funds during the financial year. During the year, the Company redeemed Non-Convertible Debentures worth ₹ 2.00 crore.

DEPOSITS

The Company has not accepted deposits from the public, hence no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY / ASSOCIATE/ JOINT VENTURE COMPANIES

The Company does not have any Subsidiary/Associate/Joint Venture, Companies.

PARTICULARS OF LOAN GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 of the Companies Act, 2013 (Act) except sub-section (1) are not applicable to the Company. However the details of loans given, investments made and guarantees/securities provided by the Company are given in the Notes 3 & 5 of the audited financial statements.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All related party transactions (RPT) during the year have been approved in terms of the Act, which are at ordinary course of business and at arm's length basis. The Company will adhere to the RPT Policy of the Holding Company and the guidelines thereunder.

The disclosure as per Form AOC-2 of Companies Act, 2013 is given in this Report as ***Annexure I***.

AMOUNT TRANSFERRED TO RESERVES

An amount of ₹.7.89 crore has been transferred to the Debenture Redemption Reserve during the year.

DIVIDEND

The Directors do not recommend payment of dividend for the financial year in view of losses incurred by the company during the year.

MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF REPORT

No material changes and commitments have occured affecting the financial position of the Company between the end of the financial year and the date of this report.

DETAILS OF SIGNIFICANT AND MATERIAL ORDERS

No significant and material orders have been passed by the regulators or courts or tribunals impacting the going concern status of the Company and the Company's operations in future.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

In view of the nature of activities which are being carried on by the Company, Section 134(3)(m) of the Act read with Rule 8(3) of the Companies (Accounts) Rules, 2014, conservation of energy and technology absorption does not apply to the Company.

FOREIGN EXCHANGE EARNINGS AND OUTGO

The details of foreign exchange expenditure of the company for the financial year 2016-17 is as follows:

Nature of Expenses	Foreign Currency Expenditure		Gain/Loss (₹)
	Amount in Euro	Amount in INR	
Toll Software Support Services (AMC)	6,276.00	4,17,490.00	39,666.00
GS1 24 Digit RFID Tag Upgradation	11,650.00	8,47,980.00	2,02,417.00
Toll Software Support Services (AMC)	3,138.50	1,76,316.00	-2,454.96
Total	**21,064.50**	**14,41,786.00**	**2,39,628.04**

There were no foreign exchange income during the year.

RISK MANAGEMENT POLICY

The Company in its Meeting of the Audit Committee held on 21st July, 2015 had reviewed and adopted a Risk Management Policy and the same has been implemented. Risks that are faced by the Company are identified, monitored and appropriate mitigation actions are taken at various levels as needed. There are no Risks in the opinion of the Audit Committee that may threaten the existence of the Company.

CORPORATE SOCIAL RESPONSIBILITY

Since your Company does not exceed any of the threshold limits specified under section 135 of the Act, it is not required under the said Act to spend during the year any amount on Corporate Social Responsibility.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Your Company has designed and implemented a process-driven framework for Internal Controls on Financial Reporting System within the meaning of the explanation to Section 134(5)(e) of the Act. For the year ended March 31, 2017, the Board is of the opinion that the Company has adequate internal controls commensurate with the nature and size of its business operations and these are operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Statutory Auditors of the Company have reviewed the adequacy of the Internal Financial Control over Financial Reporting of the Company and the operating effectiveness of such control are reported in "Annexure A" to Auditor's Report for the financial year 2016-17.

ANNEXURE III

FORM NO. MR-3

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR 2016-17

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To
The Members,
WESTERN ANDHRA TOLLWAY LIMITED
P.O. BOX NO.979, MOUNT POONAMALLEE ROAD
MANAPAKKAM, CHENNAI-600089

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **WESTERN ANDHRA TOLLWAY LIMITED (here-in-after called the 'Company')** for the financial year ending on **31st March 2017**. Secretarial Audit was conducted in a manner that provided me/us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report :-

That in my opinion, the company has, during the audit period has complied with the applicable statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year under the provisions of

(i) The Companies Act, 2013 (the Act) and the rules made there under;

(ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder – **Not Applicable;**

(iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder - **Not Applicable;**

(iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings - **Not Applicable;**

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

   a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011- **Not Applicable;**

   b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992- **Not Applicable;**

   c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 - **Not Applicable;**

   d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 - **Not Applicable;**

   e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 - **Not Applicable;**

   f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client - **Not Applicable ;**

   g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 - Not Applicable;

   h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 - Not Applicable;

I have also examined whether adequate systems and processes are in place to monitor and ensure compliance with general laws like labour laws, competition laws, environment laws etc.

In respect of financial laws like Tax laws, etc. I have relied on the audit reports made available during our audit for us to have the satisfaction that the Company has complied with the provisions of such laws

I have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards issued by The Institute of Company Secretaries of India. - Applicable

(ii) The Listing Agreements entered into by the Company with stock Exchanges for securities-Not Applicable

During the Audit period the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above

I further report that:-

The Board of Directors & the Committees of the Company are duly constituted. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through and there were no dissenting views by any of the Board members during the year.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has complied with all requirements under the new Companies Act 2013 to the extent notified and applicable with respect to all events/actions having a major bearing on the Companies affairs.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF WESTERN ANDHRA TOLLWAY LIMITED

Report on the Financial Statements

We have audited the accompanying Ind AS financial statements of Western Andhra Tollway Limited ('the Company'), which comprise the balance sheet as at 31 March 2017, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31 March, 2017, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure, a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   (c) the balance sheet, the statement of profit and loss, the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;

   (d) in our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rule issued there under;

   (e) on the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act;

   (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure -A"; and

(g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The company has not pending litigation which would impact its financial position;

ii. The company did not have any long-term contract including derivative contract for which there were any material foreseeable losses;

iii. There were no amounts which were required by the company to be transferred to the Investor Education and Protection Fund, and;

iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November, 2016 to 30 December, 2016 and these are in accordance with the books of accounts maintained by the Company. However we are unable to obtain sufficient and appropriate audit evidence to report on whether the disclosures with respect to currency held other than SBNs are in accordance with books of account maintained by the company and as produced to us by the management. ANNEXURE-B

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Western Andhra Tollway Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my /our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Basic and Diluted EPS (₹)	A / B	1.74	0.11
Face value per equity share (₹)		10.00	10.00

10 Disclosure pursuant to Ind AS 36 "Impairment of Assets"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

11 Disclosures as per Ind AS 37 – "Provisions, Contingent Liabilities and Contingent assets "

a) Nature of provisions:

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (NHAI) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per industry practice, the periodic maintenance is expected to occur after 5-7 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching cost concept and based on technical estimates, a provision for major maintenance expenses is reviewed and is provided for in the accounts annually.

b) Movement in provisions:

Particulars	**Major maintenance provision**	
	2016-17	*2015-16*
Opening balance	**190,013,446**	*169,363,375*
Additional provision	**101,600,000**	*10,639,851*
Utilised	**–**	*–*
Unwinding of discount and changes in discount rate	**18,183,978**	*10,010,220*
Total (Closing balance)	**309,797,424**	*190,013,446*

Disclosure in respect of contingent liabilities is given as part of Note F to the Balance Sheet.

12 Disclosure as per Ind AS 1 - "Presentation of Financial Statements"

For the purpose of the company's capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

(Ind AS 1 requires the company to make quantitative and qualitative disclosures regarding objectives policies and processes for managing capital. Also, if comparitive amounts are reclassified, nature amount and reason to be disclosed and not just the fact of reclassification.)

13 First time adoption of Ind AS

These financial statements, for the year ended 31 March 2016, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2015, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2017, together with the comparative period data as at and for the year ended 31 March 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2016.

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan approximate fair value as the instruments are at prevailing market rate.

19 **Financial Risk Management**

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

A) **Market risk**

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i **Foreign Currency Risk**

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing or no material payables in foreign currency.

ii **Interest rate risk**

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate, which is an inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	31.03.2017	*31.03.2016*	*01.04.2015*
Senior Debt from Banks - Variable rate borrowings	**2,215,627,313**	*2,283,985,400*	*2,462,278,598*

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	**Impact on profit/ loss after tax**	
	FY 2016-17	*FY 2015-16*
Increase or decrease in interest rate by 25 basis points	**5,624,516**	*5,932,830*

Note: Profit will increase in case of decrease in interest rate and vice versa

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	**Note No.**	**31.03.2017**	*31.03.2016*	*01.04.2015*
Investments in Mutual Funds		**412,068,972**	*287,024,614*	*234,956,801*

Sensitivity Analysis

	Impact on profit/ loss after tax	
	31.03.2017	*31.03.2016*
Increase or decrease in NAV by 1%	**4,120,690**	*2,870,246*

Note: In case of decrease in NAV profit will reduce and vice versa.

B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The following are the contractual maturities of financial liabilities

As at March 31, 2017	**Carrying Amount**	**upto 1 year**	**1 - 2 years**	**2 - 5 years**	**> 5 years**
Non Derivative Financial Liability

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

C) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. Hence, the management believes that the company is not exposed to any credit risk.

20 Disclosure pursuant to Appendinx - A to Ind AS 11 - " Service Concession Arrangements"

20.1 Description and classification of the arrangment

Krishnagiri Thopur Tollroad Limited is a Special Purpose Vehicle (SPV) incorporated for the purpose of the strengthening and widening the existing 86 kms road on NH-7 from Krishnagiri to Thopur in the state of Tamil Nadu , under Build, Operate and Transfer (BOT) basis based on the Concession Agreement dated 17th January 2006 with National Highways Authority of India. The Company had completed construction on February 6th , 2009 and commenced commerial operation from that date. The concession period is 20 years which shall end on 17th January 2026.

20.2 Significant Terms of the arrangements

i) Revision of Fees:

Fees shall be revised annually on September 1 subject to the provisions Schedule G of the Concession Agreement (CA) dated January 17, 2006

ii) Concession Fee, Other Fees and Excess Revenue Sharing:

As per Article VII of the CA, the company is required to ₹1 and concession fee per annum. As per Article XXIII of CA, the company is also required to pay an amount of ₹ 360.59 Cr as Negative grant to the authority within a period of 13 years from the date of signing the concession

iii) Rights of the Company for use Project Highway

a To demand, collect and appropriate, Fee from vehicles and perosns liable for payment of Fee for using the Project Highway or any part thereof and refuse entry of any vehicle if the Fee due is not paid

b Right of Way, access and licence to the site

iv) Obligation of the Company

a The comapny shall not assign, transfer or sublet or create any lien or Encumbrance on the CA or the Concession granted or on the whole or any part of the Project Highway nor transfer, lease or part possession thereof, save and except as expressly permitted by CA or the Substitution Agreement.

b The company is under obligation to carry out the routine and periodic maitenance of Project Highway as per CA

v) Details of any assets to be given or taken at the end of concession period

At the end of the Concession period the company shall deliver the actual or constructive possession of the Project Highway, free and clear of all encumbrances.

vi) Details of Termination

CA can be terminated on account of default of the company or NHAI in the circumstances as specified under Chapter VI and VII of the CA.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

I. SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1 Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act.

These financial statements are the first financial statements of the Company under IndAS. Refer H (12) and H (13) for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations
Assets held for sale	fair value less costs to sell

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc.

(d) Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 (“the Act”). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash Flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to nearest rupee in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards is accounted on cash basis.

b) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate. Interest Income on non-performing assets is recognised upon realization, as per guidelines issued by the Reserve Bank of India.

c) License fees for way-side amenities are accounted on accrual basis.

d) Contract revenue for fixed price contracts is recognised only to the extent of cost incurred that it is probable will be recoverable till such time the outcome of the job cannot be ascertained reliably. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

Percentage of completion is determined based on the proportion of actual cost incurred to the total estimated cost of the project. The percentage of completion method is applied on a cumulative basis in each accounting period to the current estimates of contract revenue and contract costs. The effect of a change in the estimate of contract revenue or contract costs, or the effect of a change in the estimate of the outcome of a contract, is accounted for as a change in accounting estimate and the effect of which are recognised in the Statement of Profit and Loss in the period in which the change is made and in subsequent periods.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

For the purposes of recognising revenue, contract revenue comprises the initial amount of revenue agreed in the contract, the variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

For this purpose, actual cost includes cost of land and developmental rights but excludes borrowing cost. Expected loss, if any, on the construction activity is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense in the Statement of Profit and Loss in the period in which such probability occurs."

e) Fair value gains on current investments carried at fair value are included in Other income.

f) Other items of income are recognised as and when the right to receive arises.

4 Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Freehold land is carried as historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items. Land acquired under long term lease is classified as "Property, Plant and equipment" and is depreciated over the period of lease.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	**Estimated useful life (in years)**
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Category of Property, plant and equipment	Estimated useful life (in years)
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Wind power generating plant	20
Electrical installations	10

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

7 Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the straight line method prescribed under Schedule II to the Companies Act, 2013. Under the straight line method, the asset is amortised over the period of 20 years in accordance with the concession agreement as they represent right to collect Toll revenue during the concession period.

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 Exceptional items

On certain occasions, the size, type or incidence of an item of income or expense is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

9 Intangible assets

a) Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India (“NHAI”)/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

b) Other intangible assets

Specialized software is amortized over a period of three to six years on straight line basis from the month in which the addition is made.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the assets' revised carrying amount over its remaining useful life.

10 Foreign currency transactions and translations

a) Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

b) Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are :

(i) adjusted in the cost of fixed assets specifically financed by the borrowings contracted, to which the exchange differences relate.

c) Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Consolidated Statement of Profit and Loss.

11 Investments

Trade investments comprise investments in entities in which the Group has strategic business interest.

Investments, which are readily realizable and are intended to be held for not more than one year, are classified as current investments. All other investments are classified as long term investments.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of cost model.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

12 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

'The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

13 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Consolidated Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Consolidated Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

14 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Finance leases:

(a) Property, plant and equipment acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

(b) Property, plant and equipment given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

15 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

16 Income taxes

The income tax expense or credit for the year is the tax payable on current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates, positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and provisions are established where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However deferred income tax is not accounted if it arises from the initial recognition of an asset or liability that at the time of the transaction affects neither the accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset/liability is realised or settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and deferred tax liabilities are offset, when the entity has a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same authority.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity wherein the related tax is also recognised in other comprehensive income or directly in equity.

17 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and (b) an intangible asset that is amortized over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the higher of the fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cash flows have not been adjusted.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised."

18 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material)

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognsied as an asset if it is virtually certain that the reimbursement will be received and the amount of the receivable can be measured reliably.

Contingent liabilities are disclosed in notes in case of a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation or a present obligation arising from past events, when no reliable estimate is possible . Contingent assets are disclosed in the financial statements where an inflow of economic benefits are probable.

19 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

a) Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost (unless the same are designated as fair value through profit or loss (FVTPL)):

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (unless the same are designated as fair value through profit or loss)

- The asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments at FVTPL is a residual category for debt instruments and all changes are recognised in profit or loss.

Investments in equity instruments are classified as FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in OCI for equity instruments which are not held for trading.

Interest income, dividend income and exchange difference (on debt instrument) on FVTOCI debt instruments is recognised in profit or loss and other changes in fair value are recognised in OCI and accumulated in other equity. On disposal of debt instruments FVTOCI the cumulative gain or loss previously accumulated in other equity is reclassified to profit & loss. However in case of equity instruments at FVTOCI cumulative gain or loss is not reclassified to profit & loss on disposal of investments.

A financial asset is primarily derecognised when:

i. the rights to receive cash flows from the asset have expired, or

ii. the group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with a)the group has transferred substantially all the risks and rewards of the asset, or b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets: The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables and other contractual rights to receive cash or other financial asset and financial guarantees not designated as at FVTPL. For the purpose of measuring expected credit loss allowance for businesses other than financial services for trade receivables, the Company has used a provision matrix which takes into account historical credit loss experience and adjusted for forward looking information as permitted under Ind AS 109.

b) Financial Liabilities

Financial liabilities are classified at initial recognition, as financial liabilities as fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Loans and borrowings are subsequently measured at amortised costs using Effective Interest Rate method.

Financial liabilities at fair value through profit or loss (FVTPL) are subsequently measured at fair value.

Financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

20 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

21 Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

22 Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

NOTES ACCOMPANYING THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

23 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

(i) Estimated amount of contracts remaining to be executed on capital account and not provided for

(ii) Uncalled liability on shares and other investments partly paid

(iii) Funding related commitment to subsidiary, associate and joint venture companies and

(iv) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

Note A: First time adoption of Ind AS

The Company has prepared opening balance sheet as per Ind AS as of April 1, 2015 (transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below:

1. The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01 April 2015 (transition date).
2. The Company has opted to continue with the carrying value for all of its PPE & investment property as recognised in its previous GAAP financial as deemed cost at the transition date.
3. The company has assessed all contracts and arrangements for embedded leases based on conditions in place as at the date of transition.
4. The estimates as at 01 April 2015 and at 31 March 2016 are consistent with those made for the same dates in accordance with the Indian GAAP.
5. The Company has decided to continue with the revenue based amortisation method for existing road concessions.

BOARD REPORT (SECTION 134)

Dear Members,

The Directors have pleasure in presenting their Audit report and Audited Accounts for the period from 24.02.2016 to 31st March, 2017.

1. **FINANCIAL RESULTS/FINANCIAL HIGHLIGHTS:**

Particulars	**For the period from 01.04.2016 to 31.03.2017**	*For the period from 24.2.2016 to 31.03.2016*
	USD	*USD*
Profit Before Depreciation, exceptional and extra ordinary items & Tax	**(5,439,682)**	*(77,221)*
Less: Depreciation, amortization and obsolescence	**–**	–
Add: Transfer from Revaluation Reserve	**–**	–
Profit before exceptional and extraordinary items and tax	**(5,439,682)**	*(77,221)*
Add: Exceptional Items	**–**	–
Profit before extraordinary items and tax	**(5,439,682)**	*(77,221)*
Add: Extraordinary items	**–**	–
Profit / (Loss) before tax	**(5,439,682)**	*(77,221)*
Less: Provision for tax	**–**	–
Profit after tax from continuing operations	**(5,439,682)**	*(77,221)*
Profit from discontinued operations	**–**	–
Total expenses on discontinued operations	**–**	–
Profit from discontinued operations (after tax)	**–**	–
Profit for the period carried to the balance sheet	**–**	–
Add: Balance brought forward from previous year	**(77,221)**	‘–
Less: Dividend paid for the previous year (Including dividend distribution tax)	**–**	–
Balance carried forward	**(5,516,903)**	*(77,221)*

2. **SUBSIDIARY/ASSOCIATE/JOINT VENTURE COMPANIES:**

The Company acquired 1,829 shares of Larsen and Toubro International FZE for a consideration of USD 171,521,791 from Larsen & Toubro Limited. The details of investment are as under:

A) **Shares acquired during the year:**

Name of the Company	**Type of Shares**	**No. of shares**
Larsen and Toubro	Equity	1,829
International FZE		

3. **RISK MANAGEMENT POLICY:**

The Company has formulated a risk management policy and has in place a mechanism to inform the Board Members about risk assessment and minimization procedures and periodical review to ensure that executive management controls risk by means of a properly designed framework.

4. **DETAILS OF DIRECTORS AND KEY MANAGERIAL PERSONNEL APPOINTED / RESIGNED DURING THE YEAR:**

Mr. N. Hariharan – Director

Mr. R. Govindan – Director

Mr. S. Ananthasubramanian – Director

Mr. A. Ravindran - Director

Mr. Shrinath Rao - Director

5. **NUMBER OF MEETINGS OF THE BOARD OF DIRECTORS:**

During the period from 24.02.2016 to 31.03.2017 Three(3) Board meetings were held on 25th Feb 2016, 09th June 2016 and 17th Dec 2016.

The Agenda of the Meeting is circulated to the Directors in advance. Minutes of the Meetings of the Board of Directors are circulated amongst the Members of the Board for their perusal.

6. ADEQUACY OF INTERNAL FINANCIAL CONTROLS:

The Company has designed and implemented a process driven framework for Internal Financial Controls ('IFC') within the framework of the parent company, Larsen and Toubro Limited.

7. DIRECTORS RESPONSIBILITY STATEMENT:

The Board of Directors of the Company confirms:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit / loss of the Company for that period;

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The Directors have prepared the Annual Accounts on a going concern basis

e) The Directors have laid down an adequate system of internal financial control with respect to reporting on financial statements and the said system is operating effectively.

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

8. PROTECTION OF WOMEN AT WORKPLACE:

The parent company Larsen & Toubro Limited (L&T) has formulated a policy on 'Protection of Women's Rights at Workplace' which is applicable to all group companies. The Company does not have any female employees and hence this policy is currently not applicable to the Company.

9. AUDITORS:

M/s PKF are the auditors of the company. They will continue to be the auditors of the Company for the ensuing financial year.

10. ACKNOWLEDGEMENT

Your Directors acknowledge the invaluable support extended by the Government authorities in Dubai and in Sharjah, U.A.E and take this opportunity to thank them as well as the customers, supply chain partners, employees, Financial Institutions, Banks and all the various stakeholders for their continued co-operation and support to the Company.

Your Directors also wish to record their appreciation for the continued co-operation and support received from the Joint Venture partners / Associates.

For and on behalf of the Board

S. ANANTHASUBRAMANIAN	**A. RAVINDRAN**
Director	*Director*

INDEPENDENT AUDITOR'S REPORT

To the Shareholder of L&T Global Holdings Limited

Modified Opinion

We have audited the financial statements of L&T Global Holdings Limited (the "Company"), which comprise the statement of financial position as at 31 March 2017, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 March 2017, and of its financial performance and its cash flows for the year then ended, and except for non-presentation of consolidated financial statements as mentioned in the Basis for Modified Opinion section of our report, in accordance with International Financial Reporting Standards (IFRSs).

Basis for Modified Opinion

International Financial Reporting Standard 10: Consolidated Financial Statements requires the Company to present consolidated financial statements in which it consolidates its investments in subsidiaries and associates in accordance with that standard. As stated in Note 2 (a) (ii) in the financial statements, the Company, being an intermediate parent, does not present consolidated financial statements as the ultimate parent company presents consolidated financial statements in accordance with accounting standards prevailing in India.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the UAE, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged With Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

  Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

1. LEGAL STATUS AND BUSINESS ACTIVITY

a) L&T GLOBAL HOLDINGS LIMITED (the "Company") was incorporated and registered on 24 February 2016 in the Dubai International Financial Centre ("DIFC") as a Company limited by shares under the DIFC Law no. 2 of 2009.

b) The Company is a wholly owned subsidiary of Larsen and Toubro Limited, a company incorporated in India, which is the sole shareholder.

c) The Company operates as a holding company, holding investment in a subsidiary currently.

2. BASIS OF PREPARATION

a) Statement of compliance

i) The financial statements are prepared in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB) and which are effective for accounting periods beginning on or after 1 April 2016.

ii) The Company, being an intermediate parent, does not present consolidated financial statements as the ultimate parent company presents consolidated financial statements in accordance with accounting standards prevailing in India.

b) Basis of measurement

The financial statements are prepared using historical cost. Historical cost is based on the fair value of the consideration given to acquire the asset or cash or cash equivalents expected to be paid to satisfy the liability. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) Going Concern

The financial statements are prepared on a going concern basis.

When preparing financial statements, management makes an assessment of an entity's ability to continue as a going concern. Financial statements are prepared on a going concern basis unless management either intends to liquidate the entity or to cease trading, or has no realistic alternative but to do so.

The Company incurred a loss of USD 5,439,682 for the year ended 31 March 2017 and at that date the accumulated losses aggregated to USD 5,516,903. These events or conditions, indicate that a material uncertainty exist that may cast significant doubt on the Company's ability to continue as a going concern.

However, the subsidiary has agreed to provide necessary financial and other support to the Company on an ongoing basis in order to enable the Company to settle its liabilities as and when they fall due. Accordingly, these financial statements are prepared on a going concern basis.

d) Adoption of new International Financial Reporting Standards

Standards and interpretations effective for the current year

The International Financial Reporting Standards, amendments thereto and Interpretations that became effective for the current reporting period and which are applicable to the Company are as follows:

- Amendment to IAS 27: Equity Method in Separate Financial Statements

  The amendments will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. Entities already applying IFRS and electing to change to the equity method in its separate financial statements will have to apply that change retrospectively. For first-time adopters of IFRS electing to use the equity method in its separate financial statements, they will be required to apply this method from the date of transition to IFRS. These amendments will not have any impact on the Company's consolidated financial statements.

- Amendments to IAS 1 Disclosure Initiative

  The amendments to IAS 1 Presentation of Financial Statements clarify existing IAS 1 requirements.in relation to :

- The materiality requirements in IAS 1
- That specific line items in the statement of profit or loss and other comprehensive income and the statement of financial position may be disaggregated
- That entities have flexibility as to the order in which they present the notes to financial statements

New and revised IFRSs in issue but not yet effective

The following International Financial Reporting Standards, amendments thereto and Interpretations that are assessed by management as likely to have an impact on the financial statements, have been issued by the IASB prior to the date the financial statements were authorised for issue, but have not been applied in these financial statements as their effective dates of adoption are for future accounting periods.

- Amendments to IAS 7 Disclosure Initiative (1 January 2017)

  The amendments require the disclosure that enable the users to evaluate the changes in liabilities arising from financing activities, including changes arising from cash flow and non cash changes.

- IFRS 9: Financial instruments (1 January 2018)

  IFRS 9 requires financial assets to be classified into two measurement categories: those measured at fair value and those measured at

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

amortised cost. The determination is made at initial recognition. For financial liabilities, the standard retains most of the IAS 39 requirements. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the profit or loss, unless this creates an accounting mismatch.

d) Adoption of new International Financial Reporting Standards (Contd.)

- IFRS 15: Revenue from Contracts with Customers (1 January 2018)

  The International Accounting Standard Board (IASB) has published its new revenue Standard, IFRS 15 'Revenue from Contracts with Customers'. IFRS 15 specifies how and when an IFRS reporter will recognise revenue as well as requiring such entities to provide users of financial statements with more informative, relevant disclosures. The standard supersedes IAS 18 'Revenue', IAS 11 'Construction Contracts' and a number of revenue-related interpretations. Application of the standard is mandatory for all IFRS reporters and it applies to nearly all contracts with customers: the main exceptions are leases, financial instruments and insurance contracts.

- Annual Improvements 2014-2016 Cycle

  o IFRS 12: Disclosure of interests in Other Entities: Clarification of the scope of the Standard (1 January 2017)

- IFRS 16: Leases (1 January 2019)

  IFRS 16 introduces a number of significant changes to lease accounting model. It eliminates the classification of leases as either operating lease or finance lease for a lessee and instead all the leases are treated similar to a finance lease. The standard however, does not require an entity to recognise assets and liabilities for a) Short- term leases (for a period of twelve months or less) and b) Leases of low value assets.

e) Functional and presentation currency

Although the currency of the country of domicile is UAE Dirhams ("AED"), these financial statements are presented in US Dollars ("USD") which is considered to be the functional currency of the Company.

The Company's financial statements as of 31 March 2016 were presented in Indian Rupees (INR) which was considered as the functional currency of the Company, however in the current year management has concluded that the functional currency is USD not INR, and accordingly, these financial statements are presented in USD.

3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted, and which have been consistently applied, are as follows:

a) Investments in subsidiaries

Subsidiaries are entities over which the Company exercises control. Control is achieved when the Company is exposed, or has rights, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Investments in subsidiaries are accounted at cost less impairment losses, in these separate financial statements.

b) Revenue

Revenue is recognised to the extent that it is probable that economic benefits will flow to the company and revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, returns and other similar allowances.

Interest income

Interest income is recognised on accrual basis using the effective interest method, when it is probable that the economic benefits will flow to the company and the interest can be measured reliably.

c) Leases

Leases under which substantially all the risks and rewards of ownership of the related asset remain with the lessor are classified as operating leases and the lease payments are charged to profit or loss on a straight-line basis over the period of the lease.

d) Foreign currency transactions

Transactions in foreign currencies are translated into Indian Rupees at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into Indian Rupees at the rate of exchange ruling at the reporting date.

Gains or losses resulting from foreign currency transactions are taken to profit or loss.

e) Borrowing costs

Borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing costs are calculated using the effective interest method as described in IAS 39 Financial Instruments: Recognition and Measurement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

f) Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of receivable can be measured reliably.

g) Financial instruments

Financial assets and financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the instrument.

Financial assets are de-recognised when, and only when, the contractual rights to receive cash flows expire or when substantially all the risks and rewards of ownership have been transferred.

Financial liabilities are de-recognised when, and only when, they are extinguished, cancelled or expired.

Financial assets

Loans and receivable

Related party receivables

Related party receivables are classified as loans and receivables and stated at cost, as the interest that would be recognised from discounting future cash receipts over the short credit period is not considered to be material. These are reduced by appropriate allowances for estimated irrecoverable amounts. Interest on overdue balances is recognised as it accrues.

Cash and cash equivalents

Cash and cash equivalents comprise cash, bank current accounts, bank deposits free of encumbrance with a maturity date of three months or less from the date of deposit and highly liquid investments with a maturity date of three months or less from the date of investment that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

Financial liabilities

At amortised cost

Accruals

Accruals are stated at cost, as the interest that would be recognised from discounting future cash payments over the short credit period is not considered to be material.

Related party payables

Related party payables are stated at cost, as the interest that would be recognised from discounting future cash payments over the short credit period is not considered to be material.

Interest-bearing liabilities

Interest-bearing liabilities are initially recognized at fair value, net of transaction costs incurred. Subsequently these are stated at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating the interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability.

Equity

Share capital is recorded at the value of proceeds received towards interest in the share capital of the Company.

Impairment of financial assets

All financial assets are assessed for indicators of impairment at each reporting date. Impairment losses and reversals thereof are recognised in profit or loss.

Offsetting

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

h) Fair value measurement

The Company discloses the fair value of financial instruments measured at amortised cost.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in their best economic interests.

i) Tax

Income tax is not levied presently in the U.A.E. No provision is made for income tax, if any, attributable to the Company's profit in other jurisdictions as this will be made by the parent company.

4. SIGNIFICANT JUDGMENTS EMPLOYED IN APPLYING ACCOUNTING POLICIES

The significant judgments made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as follows:

Impairment

At each reporting date, management conducts an assessment of all financial assets to determine whether there are any indications that they may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made. In the case of loans and receivables, if an amount is deemed irrecoverable, it is written off to profit or loss or, if previously a provision was made, it is written off against the provision. Reversals of provisions against loans and receivables are made to the extent of the related amounts being recovered.

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

Key assumptions made concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are as follows:

Impairment

Assessments of net recoverable amounts of all financial assets are based on assumptions regarding future cash flows expected to be received from the related assets.

6. INVESTMENTS

Investment in a subsidiary

	31.3.2017	*31.3.2016*
	USD	*USD*
100% ownership interest in Larsen & Toubro International FZE	**171,521,791**	*171,521,791*

Larsen & Toubro International FZE, a free zone establishment with limited liability incorporated under the Hamriyah Free Zone Implementing Rules and Regulations issued pursuant to Sharjah Emiri Decree No. 6 of 1995, operates as a holding company, holding investments in various subsidiaries and associates.

7. PREPAYMENTS AND DEPOSITS

	31.3.2017	*31.3.2016*
	USD	*USD*
Prepaid expenses (refer note below)	**3,023,429**	*2,578,251*
Deposits	**4,428**	*3,309*
	3,027,857	*2,581,560*

Note: Includes loan arrangement fees of USD 3,019,576 paid to a bank which are deferred over the term of the respective loans based on the effective interest method.

8. RELATED PARTIES

The Company enters into transactions with entities that fall within the definition of a related party as contained in International Accounting Standard 24. The management considers such transactions to be in the normal course of business and are at prices determined by the management.

Related parties comprise the parent company, fellow subsidiaries and directors.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

At the reporting date significant balances with related parties were as follows:

	Parent company USD	**Subsidiaries USD**	**Total 31.3.2017 USD**	**Total 31.3.2016 USD**
Loans to a related party	–	107,400,000	107,400,000	434,303
	–	–		–
Amounts due to related parties	1,544	4,307,058	4,308,602	
	1,544	10,840		12,384

All balances are unsecured and are expected to be settled in cash.

The Company has given 5 loans, of USD 39,900,000, USD 30,000,000, USD 29,500,000, USD 7,900,000 and USD 100,000, to Larsen & Toubro International FZE. The maturity date of these loans is 31 March 2018. The first three loans are interest-free whereas the last two loans carry interest at 2.5% per annum.

The only significant transaction during the year comprises interest income of USD 184,303 (Prior period USD Nil) on the loans to the subsidiary.

9. CASH AND CASH EQUIVALENTS

	31.3.2017 USD	*31.3.2016 USD*
Bank balance in current account	**37,817**	*958,164*

10. SHARE CAPITAL

	31.3.2017 USD	*31.3.2016 USD*
Authorised capital		
100,000 shares of US$ 100 each (prior period 10,000 shares of US$ 100 each)	**10,000,000**	*1,000,000*
Issued and paid up		
80,000 shares of US$ 100 each (prior period 1,000 shares of US$ 100 each)	**8,000,000**	*100,000*

By a resolution of the shareholder, the authorised share capital was increased to USD 10,000,000 by the creation of an additional 90,000 shares of USD 100 each and the issued and paid up capital was increased to USD 8,000,000 by issue of 79,000 shares of USD 100 each.

11. LONG-TERM LOANS FROM A BANK

The loans from Standard Chartered Bank, Singapore Branch are secured by a letter of comfort from the ultimate parent, Larsen & Toubro Limited, India, and are subject to certain financial covenants including debt/equity ratio, current asset/current liability ratio and minimum net worth.

A maturity analysis of the loans is as follows:

	31.3.2017 USD	*31.3.2016 USD*
Maturity date		
0 – 1 year	**60,000,000**	–
Presented as current liabilities	**60,000,000**	–
1 year – 5 years	**215,000,000**	*175,000,000*
Total	**275,000,000**	*175,000,000*

12. MANAGEMENT OF CAPITAL

The Company's objectives when managing capital are to ensure that the Company continues as a going concern and to provide the shareholder with a rate of return on investment commensurate with the level of risk assumed.

Capital comprises equity funds as presented in the statement of financial position. Debt comprises total amounts owing to third parties, net of cash and cash equivalents.

The Company is exposed to externally imposed capital requirements as per the terms of the bank facilities availed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

13. FINANCIAL INSTRUMENTS

The net carrying amounts as at the reporting date of financial assets and financial liabilities are as follows:

	Loans and receivables		At amortised cost	
	31.3.2017	*31.3.2016*	**31.3.2017**	*31.3.2016*
	USD	*USD*	**USD**	*USD*
Deposits	**4,428**	*3,309*	–	–
Amounts due from related parties	**107,400,000**	–	–	–
Cash and cash equivalents	**37,817**	*958,164*	–	–
Accruals	–	–	**191,320**	*26,352*
Amounts due to related parties	–	–	**4,308,602**	*12,384*
Loans from a bank	–	–	**275,000,000**	*175,000,000*
	107,442,245	*961,473*	**279,499,922**	*175,038,736*

Management of risk

The management conducts and operates the business in a prudent manner, taking into account the significant risks to which the business is or could be exposed.

The primary risks to which the business is exposed, comprise credit risks, liquidity risks and market risks (including cash flow interest rate risks).

Credit risk is managed by assessing the creditworthiness of the counter parties and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

Management continuously monitors its cash flows to determine its cash requirements and makes comparison with its funded and un-funded facilities with banks in order to manage exposure to liquidity risk.

Borrowing facilities are regularly reviewed to ensure that the Company obtains the best available pricing, terms and conditions on its borrowings.

Exposures to the aforementioned risks are detailed below:

Credit risk

Financial assets that potentially expose the Company to concentrations of credit risk comprise principally bank accounts and loans to a related party.

The Company's bank accounts are placed with a high credit quality financial institution.

Interest rate risk

Long-term borrowings are subject to floating interest rates linked to LIBOR and are therefore exposed to cash flow interest rate risk.

At the reporting date, if interest rates had been 1% higher or lower, interest expense on variable rate debt would have been higher or lower in the amount of USD 2,750,000 (previous period - USD 1,858,692) resulting in equity being higher or lower by the same amount.

Fair values

The fair value of a financial instrument is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. The fair values of the financial assets and financial liabilities which are required to be stated at cost or at amortised cost approximate to their carrying values.

14. COMPARATIVE INFORMATION

a) Amount accounted to sundry expenses in prior period, USD 20,000, has been reclassified to finance cost as it is considered that the revised grouping/classification more fairly presents the results of operations.

b) The previous accounting period was for one month and therefore the comparative financial information is not entirely comparable.

BOARD REPORT (SECTION 134)

Dear Members,

The Directors have pleasure in presenting their Audit report and Audited Accounts for the year ended 31st March, 2017.

1. **FINANCIAL RESULTS/FINANCIAL HIGHLIGHTS:**

Particulars	April 2016-March 2017 (12M)	Jan 2015-March 2016 (12M)
	USD	USD
Profit Before Depreciation, exceptional and extra ordinary items & Tax	(5,012,145)	(59,563,538)
Less: Depreciation, amortization and obsolescence	–	(619)
Add: Transfer from Revaluation Reserve	(2,019,421)	(2,177,667)
Profit before exceptional and extraordinary items and tax	(2,992,724)	(61,741,824)
Add: Exceptional Items	–	–
Profit before extraordinary items and tax	(2,992,724)	(61,741,824)
Add: Extraordinary items	–	–
Profit / (Loss) before tax	(2,992,724)	(61,741,824)
Less: Provision for tax	–	–
Profit after tax from continuing operations	(2,992,724)	(61,741,824)
Profit from discontinued operations	–	–
Total expenses on discontinued operations	–	–
Profit from discontinued operations (after tax)	–	–
Profit for the period carried to the balance sheet	–	–
Add: Balance brought forward from previous year	(148,230,150)	(86,646,572)
Balance carried forward	(151,222,874)	(148,230,150)

2. **SUBSIDIARY/ASSOCIATE/JOINT VENTURE COMPANIES:**

   During the year under review, the Company fully/redeemed its investment in Golden Trident Fund.

3. **PARTICULARS OF LOANS GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY:**

   The Company has disclosed the full particulars of the loans given, investments made or guarantees given or security provided on note 7, 8 (a) and Note 22 of the annual financial statements.

4. **STATE OF COMPANY AFFAIRS:**

   The gross sales for the financial year under review were USD 1,811,867 while the interest received amounted to USD 3,642,419. After considering purchases of USD 1,793,040, operating expenses of USD 128,369, interest cost of USD 785,749, and positive change in fair value of asset of USD 275,411, the profits of the Company amounted to USD 3,022,539.

   Based on the performance of the subsidiary companies under its purview, the Company was required to impair its investments and financial assets to the tune of USD 5,721,684 resulting in a net operating loss of USD 5,012,145.

5. **DIVIDEND:**

   Considering the loss during the financial year, the Directors do not propose payment of any dividend during the year/period.

6. **MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY, BETWEEN THE END OF THE FINANCIAL YEAR AND THE DATE OF THE REPORT:**

   There are no changes or commitments which are affecting the financial position of the company between the end of the financial year and the date of the report.

7. **RISK MANAGEMENT POLICY:**

   The Company has formulated a risk management policy and has in place a mechanism to inform the Board Members about risk assessment and minimization procedures and periodical review to ensure that executive management controls risk by means of a properly designed framework.

8. DETAILS OF DIRECTORS AND KEY MANAGERIAL PERSONNEL APPOINTED / RESIGNED DURING THE YEAR:

Two directors have been inducted into the Board during the year under review,

The Directors and the Key Managerial Personnel of the Company as on date are:

Mr. N. Hariharan – Director

Mr. R. Govindan – Director

Mr. A. Ravindran – Director

Mr. Shrinath Rao -- Director

Mr. S. Ananthasubramanian – Director & Secretary

9. NUMBER OF MEETINGS OF THE BOARD OF DIRECTORS:

The meetings of the Board are held at regular intervals. During the year/Period under review Two (2) meetings were held on 8th June 2016 and 17th December 2016..

The Agenda of the Meeting is circulated to the Directors in advance. Minutes of the Meetings of the Board of Directors are circulated amongst the Members of the Board for their perusal.

10. FINANCIAL STATEMENTS:

The auditor's report to the shareholders does not contain any Qualifications/observations or adverse comments.

11. ADEQUACY OF INTERNAL FINANCIAL CONTROLS:

The Company has designed and implemented a process driven framework for Internal Financial Controls ('IFC') within the framework of the parent company, Larsen and Toubro Limited.

12. DIRECTORS RESPONSIBILITY STATEMENT:

The Board of Directors of the Company confirms:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit / loss of the Company for that period;

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;

d) The Directors have prepared the Annual Accounts on a going concern basis;

e) The Directors have laid down an adequate system of internal financial control with respect to reporting on financial statements and the said system is operating effectively; and

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

13. PROTECTION OF WOMEN AT WORKPLACE:

The parent company Larsen & Toubro Limited (L&T) has formulated a policy on 'Protection of Women's Rights at Workplace' which is applicable to all group companies. The Company does not have any female employees and hence this policy is currently not applicable to the Company.

14. AUDITORS:

M/s PKF are the auditors of the company. They will continue to be the auditors of the Company for the ensuing financial year. The Auditors' Report does not contain any qualifications.

15. ACKNOWLEDGEMENT

Your Directors acknowledge the invaluable support extended by the Government authorities in Sharjah, U.A.E and take this opportunity to thank them as well as the customers, supply chain partners, employees, Financial Institutions, Banks and all the various stakeholders for their continued co-operation and support to the Company.

Your Directors also wish to record their appreciation for the continued co-operation and support received from the Joint Venture partners / Associates.

For and on behalf of the Board

INDEPENDENT AUDITORS' REPORT

THE SHAREHOLDER
LARSEN & TOUBRO INTERNATIONAL FZE

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Modified Opinion

We have audited the financial statements of Larsen & Toubro International FZE, (the "Entity"), which comprise the statement of financial position as at 31 March 2017, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Entity as at 31 March 2017, and of its financial performance and its cash flows for the year then ended, and except for non-presentation of consolidated financial statements as stated in basis for modified opinion paragraph below, in accordance with International Financial Reporting Standards (IFRSs).

Basis for Modified Opinion

International Financial Reporting standard 10: Consolidated Financial Statements requires the Entity to present consolidated financial statements in which it consolidates its investments in subsidiaries and associates in accordance with that standard. As stated in Note 2 (a) (ii) in the financial statements, these are the separate financial statements and the Entity does not present consolidated financial statements.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Entity in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in the UAE, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged With Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

We further confirm that these financial statements comply with the Implementing Rules and Regulations issued by the Hamriya Free Zone Authority pursuant to Sharjah Emiri Decree No. 6 of 1995.

The accompanying notes form an integral part of these financial statements.

The report of the independent auditor is set forth on page 2742.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

1. LEGAL STATUS AND BUSINESS ACTIVITY

a) LARSEN & TOUBRO INTERNATIONAL FZE (the "Entity") was incorporated on 25 September 2001 in the Hamriyah Free Zone, Sharjah, as a Free Zone Establishment with Limited Liability under the Hamriyah Free Zone Implementing Rules and Regulations issued pursuant to Sharjah Emiri Decree No. 6 of 1995. The registered office is PO Box 41558, Hamriyah Free Zone, Sharjah, UAE.

b) The Entity is a wholly owned subsidiary of L & T Global Holdings Limited, a company incorporated in Dubai International Financial Centre, Dubai, UAE which is the parent company and the ultimate parent company is Larsen and Toubro Limited, India.

c) The Entity operates as a holding company, holding investments in various subsidiaries and associates.

2. BASIS OF PREPARATION

a) Statement of compliance

i) The financial statements are prepared in accordance with International Financial Reporting Standards issued or adopted by the International Accounting Standards Board (IASB) and which are effective for accounting periods beginning on or after 1 April 2016.

ii) These financial statements are the separate financial statements of the Entity which are required to be submitted under implementing Rules and Regulations issued by the Hamriyah Free Zone Authority pursuant to Sharjah Emirate Decree No. 6 of 1995. The Entity does not present consolidated financial statements as the ultimate parent company presents consolidated financial statements in accordance with accounting standards prevailing in India.

b) Basis of measurement

The financial statements are prepared using historical cost except for the long-term loans to subsidiaries which are stated at fair value. Historical cost is based on the fair value of the consideration given to acquire the asset or cash or cash equivalents expected to be paid to satisfy the liability. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) Going concern

The financial statements are prepared on a going concern basis.

When preparing financial statements, management makes an assessment of an entity's ability to continue as a going concern. Financial statements are prepared on a going concern basis unless management either intends to liquidate the entity or to cease trading, or has no realistic alternative but to do so.

The Entity's loss for the year ended 31 March 2017 amounted to USD 2,992,724 and at 31 March 2017, the Entity's accumulated losses aggregated to USD 151,222,874. These events or conditions, indicate that a material uncertainty exists that may cast significant doubt on the Entity's ability to continue as a going concern. However, the directors are formulating a plan to dispose of certain subsidiaries within the next twelve months which is expected to generate sufficient cash to settle the Entity's liabilities on their due dates. Accordingly, these financial statements are prepared on a going concern basis.

However, the ultimate parent company has agreed to provide necessary funds on an ongoing basis in order to enable the Entity to settle its liabilities as and when they fall due. Accordingly, these financial statements are prepared on a going concern basis.

d) Adoption of new International Financial Reporting Standards

Standards and interpretations effective for the current year

The International Financial Reporting Standards, amendments thereto and Interpretations that became effective for the current reporting period and which are applicable to the Entity are as follows:

- Amendment to IAS 27: Equity Method in Separate Financial Statements

  The amendments will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. Entities already applying IFRS and electing to change to the equity method in its separate financial statements will have to apply change retrospectively. For first-time adopters of IFRS electing to use the equity method in its separate financial statements, they will be required to apply this method from the date of transition to IFRS. These amendments will not have any impact on the company's consolidated financial statements.

- Amendments to IAS 1 Disclosure Initiative

  The amendments to IAS 1 Presentation of Financial Statements clarify existing IAS 1 requirements in relation to:

  - The materiality requirements in IAS 1
  - That specific line items in the statement of profit or loss and other comprehensive income and the statement of financial position may be disaggregated
  - That entities have flexibility as to the order in which they present the notes to financial statements
  - That the share of other comprehensive income of associates and joint ventures accounted for using the equity method must be presented in aggregate as a single line item, and classified between those items that will or will not be subsequently reclassified to profit or loss

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

- Amendments to IFRS 10. IFRS 12 and IAS 28 Investment entities: Applying the Consolidation Exception

  The amendments clarify that the exemption from presenting consolidated financial statements is available to a parent entity that is subsidiary of an investment entity, even if the investment entity measures all its subsidiaries at fair value in accordance with IFRS 10. The amendments also require that an investment entity should provide disclosure required by IFRS 12.

- Amendments to IAS 7 Disclosure Initiative

  The amendments require the disclosure that enable the users to evaluate the changes in liabilities arising from financing activities, including changes arising from cash flow and non cash changes.

New and revised IFRSs in issue but not yet effective

The following International Financial Reporting Standards, amendments thereto and Interpretations that are assessed by management as likely to have an impact on the financial statements, have been issued by the IASB prior to the date the financial statements were authorised for issue, but have not been applied in these financial statements as their effective dates of adoption are for future accounting periods.

- IFRS 9: Financial instruments: (1 January 2018)

  IFRS 9 requires financial assets to be classified into two measurement categories: those measured at fair value and those measured at amortised cost. The determination is made at initial recognition. For financial liabilities, the standard retains most of the IAS 39 requirements. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the profit or loss, unless this creates an accounting mismatch.

  IFRS 15: Revenue from Contracts with Customers (1 January 2018)

  The International Accounting Standard Board (IASB) has published its new revenue Standard, IFRS 15 'Revenue from Contracts with Customers'. IFRS 15 specifies how and when an IFRS reporter will recognise revenue as well as requiring such entities to provide users of financial statements with more informative, relevant disclosures. The standard supersedes IAS 18 'Revenue', IAS 11 'Construction Contracts' and a number of revenue-related interpretations. Application of the standard is mandatory for all IFRS reporters and it applies to nearly all contracts with customers: the main exceptions are leases, financial instruments and insurance contracts.

- Clarifications to IFRS 15: Revenue from Contracts with Customers (1 January 2018)
- IFRS 16: Leases (1 January 2019)

  IFRS 16 introduces a number of significant changes to lease accounting model. It eliminates the classification of leases as either operating lease or finance lease for a lessee and instead all the leases are treated similar to a finance lease. The standard however, does not require an entity to recognise assets and liabilities for a) Short- term leases (for a period of twelve months or less) and b) Leases of low value assets.

e) Functional and presentation currency

Although the currency of the country of domicile is UAE Dirhams ("AED"), these financial statements are presented in US Dollars ("USD") which is considered to be the functional currency of the Entity.

3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted, and which have been consistently applied, are as follows:

a) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost less estimated residual value, where material, is depreciated from the date the asset is available for use until it is derecognised, using the straight-line method over the estimated useful lives of the assets as follows:

Leasehold improvements	10 years
Plant & machinery	2 to 10 years
Furniture, fixtures and office equipment	3 years
Motor vehicles	5 to 8 years

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset as appropriate only when it is probable that future economic benefits associated with the expenditure will flow to the company and such cost can be measured reliably. Such cost includes the cost of replacing part of the property, plant and equipment. When significant parts of property, plant and equipment are required to be replaced at intervals, the company recognises such parts as individual assets with specific useful lives and depreciates them accordingly. The carrying amount of replaced parts is derecognised.

All other repairs and maintenance costs are charged to profit or loss during the financial period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

An assessment of depreciation method, useful lives and residual values is undertaken at each reporting date and, where material, if there is a change in estimate, an appropriate adjustment is made to the depreciation charge.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are recognised within 'other operating income/expenses' in profit or loss.

b) Investments in subsidiaries

Subsidiaries are entities over which the Entity exercises control. Control is achieved when the company is exposed, or has rights, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The investment in subsidiaries is accounted for at cost less impairment losses, if any.

c) Investments in associates

Investments where the Entity has the power to exert significant influence i.e. participate in the financial and operating policy decisions of the investee company but does not have control over those policies are treated as associates.

Investments in associates are accounted at cost less impairment losses, in these separate financial statements.

d) Staff end-of-service benefits

Provision is made for end-of-service benefits payable to employees at the reporting date in accordance with the local labour laws.

e) Revenue

Revenue is recognised to the extent that it is probable that economic benefits will flow to the company and revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, returns and other similar allowances.

Sale of goods

Revenue is recognised when persuasive evidence exists, usually in the form of an executed sales agreement, that significant risks and rewards of ownership have been transferred to the buyer.

The sales are high sea sales, i.e. the supplier ships goods directly to the customers. Revenue is recognised when significant risks and rewards relating to the ownership of goods concerned are transferred to the customer and is based on amount invoiced to customers for high sea sales made during the year.

Interest income

Interest income is recognised on accrual basis using the effective interest method, when it is probable that the economic benefits will flow to the company and the interest can be measured reliably.

Dividend income

Dividend income is accounted when the right to receive dividend is established.

f) Leases

Leases under which substantially all the risks and rewards of ownership of the related asset remain with the lessor are classified as operating leases and the lease payments are charged to profit or loss on a straight-line basis over the period of the lease.

g) Foreign currency transactions

Transactions in foreign currencies are translated into U.S. Dollars at the rate of exchange ruling on the date of the transactions.

Monetary assets and liabilities expressed in foreign currencies are translated into U.S. Dollars at the rate of exchange ruling at the reporting date.

Gains or losses resulting from foreign currency transactions are taken to profit or loss.

h) Borrowing costs

Borrowing costs are recognized as an expense in the period in which they are incurred except those that are attributable to the acquisition and construction of an asset that necessarily takes a substantial period to get ready for its intended use ("qualifying asset"). Such borrowing costs are capitalised as part of the related qualifying asset upto the date the qualifying asset is ready for use.

i) Provisions

A provision is recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of receivable can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

j) Financial instruments

Financial assets and financial liabilities are recognised when, and only when, the Entity becomes a party to the contractual provisions of the instrument.

Financial assets are de-recognised when, and only when, the contractual rights to receive cash flows expire or when substantially all the risks and rewards of ownership have been transferred.

Financial liabilities are de-recognised when, and only when, they are extinguished, cancelled or expired.

Financial assets

Available for sale financial assets

Investments in quoted equity shares in which the Entity does not actively trade are classified as available for sale and are stated at fair value by reference to quoted market prices. Changes in fair value are recognised in a fair value reserve in equity, which the management does not consider to be distributable. If it is determined that such assets are impaired, the amount of impairment is removed from the fair value reserve and recognised in profit or loss. On disposal of such assets, any related amount remaining in the fair value reserve is transferred to profit or loss.

Loans and receivables

Non-current receivables

Non-current financial assets that have fixed or determinable payments and for which there is no active market, which comprise non-current loans receivable and non-current retentions receivable are classified as loans and receivables and stated at amortised cost using the effective interest method.

Trade and other receivables

Trade and other receivables are classified as loans and receivables and stated at cost, as the interest that would be recognised from discounting future cash receipts over the short credit period is not considered to be material. These are reduced by appropriate allowances for estimated irrecoverable amounts. Interest on overdue balances is recognised as it accrues.

Related party receivables

Related party receivables are classified as loans and receivables and stated at cost, as the interest that would be recognised from discounting future cash receipts over the short credit period is not considered to be material. These are reduced by appropriate allowances for estimated irrecoverable amounts. Interest on overdue balances is recognised as it accrues.

Other current financial assets

Other current financial assets which comprise deposits under encumbrance and deposits with a maturity date of more than three months from the date of deposit are classified as loans and receivables and stated at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents comprise cash, bank current accounts, bank deposits free of encumbrance with a maturity date of three months or less from the date of deposit and highly liquid investments with a maturity date of three months or less from the date of investment that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value [net of temporary bank overdrafts].

Financial liabilities

At amortised cost

Trade and other payables

Trade and other payables are stated at cost, as the interest that would be recognised from discounting future cash payments over the short credit period is not considered to be material.

Related party payables

Related party payables are stated at cost, as the interest that would be recognised from discounting future cash payments over the short credit period is not considered to be material.

Interest-bearing liabilities

Interest-bearing liabilities are initially recognized at fair value, net of transaction costs incurred. Subsequently these are stated at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating the interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability.

Equity

Share capital is recorded at the value of proceeds received towards interest in share capital of the Entity.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

Impairment of financial assets

All financial assets, except for those at fair value through profit or loss, are assessed for indicators of impairment at each reporting date. Impairment losses and reversals thereof are recognised in profit or loss.

Offsetting

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

k) Fair value measurement

The Entity discloses the fair value of financial instruments measured at amortised cost.

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using assumptions that the market participants would use when pricing the asset or liability, assuming that the market participants act in their best economic interests.

l) Tax

Tax on services rendered/transactions occurred outside U.A.E. is based on the respective tax laws in those jurisdictions and accounted as an expense. Income tax is not levied presently in the U.A.E. No provision is made for income tax, if any, attributable to the Entity's profit in other jurisdictions as this will be made by the parent company.

4. SIGNIFICANT JUDGMENTS EMPLOYED IN APPLYING ACCOUNTING POLICIES

The significant judgments made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are as follows:

Classification of investments

Management decides on acquisition of an investment whether it should be classified as held-for-trading or as available-for-sale or as held-to-maturity based on management's intentions relating to those investments. The management classifies investments as held for trading if they are acquired primarily for the purpose of making short term gains through trading. Investments are designated as available-for-sale if management has the positive intention and ability to hold them to gain from capital appreciation and to earn dividend income. Investments are designated as held-to-maturity, if management has the positive intention and ability to hold them till their maturity.

Impairment

At each reporting date, management conducts an assessment of property, plant, equipment and all financial assets to determine whether there are any indications that they may be impaired. In the absence of such indications, no further action is taken. If such indications do exist, an analysis of each asset is undertaken to determine its net recoverable amount and, if this is below its carrying amount, a provision is made. In the case of loans and receivables, if an amount is deemed irrecoverable, it is written off to profit or loss or, if previously a provision was made, it is written off against the provision. Reversals of provisions against loans and receivables are made to the extent of the related amounts being recovered.

Investments in associates

Management considers that it exercises significant influence over Larsen & Toubro Hydrocarbon International Limited even though it holds less than 20% of the voting rights.

5. KEY SOURCES OF ESTIMATION UNCERTAINTY

Key assumptions made concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are as follows:

Impairment of loans and receivables

Management regularly undertakes a review of the amounts of loans and receivables owed to the Entity either from third parties, (see note 9) or from related parties (see note 10) and assesses the likelihood of non-recovery. Such assessment is based upon the age of the debts, historic recovery rates and assessed creditworthiness of the debtor. Based on the assessment assumptions are made as to the level of provisioning required.

Impairment

Assessments of net recoverable amounts of property, plant, equipment and all financial assets other than loans and receivables (see above) are based on assumptions regarding future cash flows expected to be received from the related assets.

The entire trade and other payables are due for payment in one year.

19. MANAGEMENT OF CAPITAL

The Entity's objectives when managing capital are to ensure that the Entity continues as a going concern and to provide the shareholder with a rate of return on investment commensurate with the level of risk assumed.

Capital, which is unchanged from the previous year, comprises equity funds as presented in the statement of financial position. Debt comprises total amounts owing to third parties, net of cash and cash equivalents.

The Entity is exposed to externally imposed capital requirements as required by Implementing Rules and Regulations issued by Hamriyah Free Zone Authority pursuant to Sharjah Emiree Decree No.6 of 1995.

Management of risk

The management conducts and operates the business in a prudent manner, taking into account the significant risks to which the business is or could be exposed.

The primary risks to which the business is exposed, which are unchanged from the previous year, comprise credit risks and currency risks.

Credit risk is managed by assessing the creditworthiness of the counterparties and the potential for exposure to the market in which they operate, combined with regular monitoring and follow-up.

The Entity hires items of plant and equipment to related parties in foreign currencies. Exposure is minimised where possible by denominating such transactions in AED which is pegged to the USD.

Exposures to the aforementioned risks are detailed below:

Credit risk

Financial assets that potentially expose the Entity to concentrations of credit risk comprise principally bank accounts, trade and other receivables and amounts due from related parties.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (Contd.)

The Entity's bank accounts are placed with high credit quality financial institutions.

At the reporting date 100% of trade receivables was due from a related party in the contracting industry (previous year 100% due from two customers in the contracting industry including a related party).

Exchange rate risk

There are no significant exchange rate risks as substantially all financial assets and financial liabilities are denominated in US Dollars or UAE Dirhams which has a fixed parity with the US Dollar.

Reasonably possible changes to exchange rates at the reporting date are unlikely to have had a significant impact on profit or equity.

Fair values

The fair value of a financial instrument is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

The fair values of the financial assets and financial liabilities which are required to be stated at cost or at amortised cost approximate to their carrying values, except for a long term loan to a subsidiary, which due to the terms, has fair value lower than the carrying value.

23. CONTINGENT LIABILITIES

		31.3.2017	*31.3.2016*
		USD	*USD*
a)	Banker's letters of guarantee	**34,279**	*377,013*
b)	Letters of credit	**179,304**	*1,508,436*

c) In addition to (a) and (b) above, letters of awareness aggregating to USD 212,419,000 (31 March 2016 – USD 146,119,000), letters of comfort aggregating to USD 32,034,000 (31 March 2016 – USD 33,026,000) and corporate guarantees aggregating to USD 322,386,000 (31 March 2016 – USD 345,774,000) have been issued to banks with respect to facilities availed by subsidiary companies.

24. COMPARATIVE INFORMATION

Previous year's amounts have been regrouped/reclassified as follows as it is considered that the revised grouping/classification more fairly presents the state of affairs/results of operations:

Item	Reclassified from	Reclassified to	Amount
			USD
1)	Amount due from related party	Shareholder's current account	10,840
2)	Amount due from related party	Trade Receivable	1,687,353
3)	Amount due to related party	Trade Payable	1,676,040
4)	Trade Receivable	Amount due from related party	1,228,800

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF LARSEN & TOUBRO LLC

We have audited the accompanying balance sheets of Larsen & Toubro LLC ('the Company') as at March 31, 2017 and March 31, 2016 and the related statements of income, members' equity, and cash flows for the years then ended, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of the Company as of March 31, 2017 and March 31, 2016 and the results of its operations and the cash flows for the years then ended, in accordance with the accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

(All amounts in United State Dollars, unless otherwise stated)

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements are as follows:

1. Business description

Larsen & Toubro LLC ("the Company" or "L&T LLC") is a limited liability company incorporated in Delaware, United States ("US") on January 10, 2001. The limited members are Larsen & Toubro Limited owning ninety-five percent of the membership interest and L&T Cutting Tools Limited (formerly known as Tractor Engineers Limited) owning five percent of the membership interest.

The Company was primarily a distributor of gate, globe and check valves,manufactured by Audco India Ltd.(an affiliate company) and Larsen & Toubro Ltd.

In 2012, the Company discontinued its valve distribution business and moved to a New Jersey location to perform software development and consulting services.

2. Basis of presentation

a. The accompanying financial statements are prepared under the historical cost convention on the accrual basis of accounting in accordance with the accounting and reporting requirements of generally accepted accounting principles in the United States ('US GAAP') to reflect the financial position, results of operation and cash flows of the Company. The Company meets the definition of a nonpublic entity and accordingly relaxations from specific disclosures have been considered wherever available.

b. The financial statements are for the years April 1, 2016 to March 31, 2017 and April 1, 2015 to March 31, 2016.

c. All amounts are stated in United States Dollars, except as otherwise specified.

d. Certain reclassifications, regroupings and reworking have been made in the financial statements of prior periods to conform to the classifications used in the current year. These changes had no impact on previously reported net income or members' equity.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. The management's estimation relating to unsettled transactions and events at the balance sheet date represent certain of these particularly sensitive estimates. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.

4. Risk and uncertainties

The Company's future results of operations involve several risks and uncertainties.

Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, competitive factors, including but not limited to pricing pressures; deterioration in general economic conditions; the Company's ability to effectively manage operating costs and increase operating efficiencies; declines in revenues; technological and market changes; the ability to attract and retain qualified employees and the Company's ability to execute on its business plan.

5. Revenue recognition

The Company recognizes revenue with respect to time-and-material service contracts as related services are performed applying the contracted rates, specifically when all the following conditions are met:

(a) persuasive evidence of an arrangement exists;

(b) the price is fixed or determinable;

(c) delivery of services has occurred, and

(d) there is reasonable assurance of collectability.

The Company provides consulting services to its clients and bills to its clients based on the hours worked. The Company has a statement of work for every consultant/employee which determines the rates at which hourly billing is done. Revenue recognized under this method is included in unbilled revenue if it is not invoiced by the year end. Billings in advance of work performed are included in deferred revenue.

6. Cash and cash equivalents

Cash and cash equivalents includes current balances on bank accounts and highly liquid, short-term deposits with an original maturity of three months or less.

7. Allowance for doubtful accounts

The Company provides allowance for doubtful accounts equal to the estimated collection losses that will be incurred in collection of all receivables. Management estimates the losses based on historical collection experience coupled with review of the current status of existing receivables. Management believes all receivables are deemed to be collectible and no provision is required.

NOTES TO FINANCIAL STATEMENTS (Contd.)

8. Income taxes

The limited liability company has elected to be taxed as a C-Corporation for federal taxes. Amounts provided for federal income taxes are based on the earnings reported for financial statement purposes, adjusted for permanent differences between reported financial and taxable incomes. Deferred federal and state income taxes relate to items of revenue and expense, which are reported in different periods of federal and state income tax and financial statement purposes. Currently there are no timing differences being reflected in the deferred taxes.

The Corporation recognizes liabilities for uncertain tax positions based on a two step process. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount which is more than 50% likely of being realized upon ultimate settlement. The Company recognizes interest and penalties related to uncertain tax positions within the provision for income taxes.

9. Fair values measurements and financial instruments

The Company adopted the accounting standard for applying fair value measurements to certain assets, liabilities and transactions that are periodically measured at fair value. The adoption did not have a material effect on the Company's financial position, results of operations or cash flows.

Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels which are directly related to the amount of subjectivity associated with the inputs to the valuation of these assets or liabilities are as follows:

- Level 1 – unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access as of the measurement date.
- Level 2 – inputs other than quoted prices included within Level 1 that are directly observable for the asset or liability or indirectly observable through corroboration with observable market data.
- Level 3 – unobservable inputs for the asset or liability only used when there is little, if any, market activity for the asset or liability at the measurement date.

This hierarchy requires the Company to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

10. Commitments and contingencies

Liabilities for loss contingencies arising from claims, assessments, litigation, fines, and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred.

NOTE B - CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise of:

	As at 31.03.2017	*As at 31.03.2016*
Cash at bank	**384,582**	*426,672*
Total	**384,582**	*426,672*

Cash balances on deposits with bank are insured by the Federal Deposit Insurance Corporation up to an aggregate of $ 250,000. As at March 31, 2017 and 2016, the Company had $134,582 and $176,672 cash at risk, respectively.

NOTE C – ACCOUNTS RECEIVABLE

The Company's accounts receivables primarily pertain to the time and material billings to its major customer for software support and implementation services. Management estimates the allowance for doubtful accounts based on historical collection experience coupled with review of the current status of existing receivables. As of March 31, 2017, and 2016, accounts receivable consists of the following:

	As at 31.03.2017	*As at 31.03.2016*
Accounts receivable	**126,200**	*80,315*
Less: allowance for doubtful accounts	**–**	*–*
Accounts receivable, net	**126,200**	*80,315*

There is a $ Nil (March 31,2016: $ Nil) movement in the allowance for doubtful accounts.

NOTES TO FINANCIAL STATEMENTS (Contd.)

NOTE D – OTHER CURRENT LIABILITIES

	As at 31.03.2017	*As at 31.03.2016*
Provision for income tax	**196**	-
Accrued expenses	**53,057**	*9,814*
Total	**53,253**	*9,814*

NOTE E – INCOME TAXES

The limited liability company has elected to be taxed as a C-Corporation for federal taxes. The Company files tax returns on a separate entity basis. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

The components of the provision for income taxes are as follows:

	For the years ended	
	As at 31.03.2017	*As at 31.03.2016*
Federal tax		
Current	**1,720**	*6,000*
State tax		
Current	**1,181**	*3,508*
Total	**2,901**	*9,508*

As of March 31, 2017, and March 31, 2016, no differences were noted and accordingly the Company does not have any deferred tax asset or deferred tax liability as on March 31, 2017 and March 31, 2016.

NOTE F – UNCERTAIN TAX POSITIONS

The Company recognizes the benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. Interest and penalties, if incurred, are recognized in the statement of income. The Company has no unrecognized tax positions at March 31, 2017 and March 31, 2016.

The tax years of 2013 through 2015 remain subject to examination by the taxing authorities.

NOTE G – RELATED PARTY TRANSACTIONS

A. Related parties with whom transactions have taken place during the years:

a. Larsen & Toubro Infotech Limited – An affiliate company

Summary of transactions with related parties are as follows:

	31.03.2017	*31.03.2016*
Services rendered by:		
– Larsen & Toubro Infotech Limited – services	**413,501**	*782,156*
– Larsen & Toubro Infotech Limited (USA Branch – Management fees	**8,000**	*8,000*
Payable to:		
– Larsen & Toubro Infotech Limited – services	**80,109**	*124,415*
– Larsen & Toubro Infotech Limited (USA Branch) – Management fees	**8,000**	*8,000*

The Company has the following contractual and other arrangements with its affiliates pursuant to which the above expenses, payments and services were incurred or paid:

1. Subcontracting Agreement, dated April 25, 2007, between Larsen & Toubro Infotech Limited and Larsen & Toubro, LLC

- **Marketing arrangement:**

  L&T LLC carries out business development and sales activities for one of the customers and subcontracts the work through L&T Infotech Limited (hereinafter referred to as LTIL).

  In respect of the orders received by L&T LLC, the Company retains marketing fees of 5% of the value of customer order.

NOTES TO FINANCIAL STATEMENTS (Contd.)

- **Term of agreement:**

  The marketing and subcontracting agreement was effective from April 01, 2007 for the period of five years and was again renewed in the year 2012 for further period of five years.

2. **Agreement for Management Support & Operations, dated December 26, 2014, between Larsen & Toubro Infotech Limited and Larsen & Toubro, LLC**

   This agreement was effective from January 01, 2014 for a period of five years for operations and management support services. The New Jersey office of LTIL provides accounting, banking, operations and reporting to L&T LLC. The agreement was amended on December 23, 2015 in order to reduce the service charge to $ 2,000 per quarter.

NOTE H – CONCENTRATION OF RISKS

The Company holds cash and time deposits with a local bank. The balances during the year exceeded the Federal Depository Insurance Corporation (FDIC) limit.

The concentration of service activity is 100% with one customer for the year ended March 31, 2017(March 31, 2016: 60%)

If the financial condition or operations of the Company's customers deteriorate, the risk associated with selling on credit increases substantially. To reduce credit risk, management performs ongoing credit evaluations of its customers and allowances for potential credit losses.

NOTE I – SUBSEQUENT EVENTS

The Company evaluated all events and transactions that occurred after March 31, 2017 through May 05, 2017;the date the financial statements are issued. Further, based on its evaluation, the Company is not aware of any events or transactions that would require recognition or disclosure in the financial statements.

BOARD'S REPORT

The Directors of your Company are pleased to present their Report and the Company's audited financial statement for the financial year ended March 31, 2017.

FINANCIAL RESULTS

The Company's financial performance for the year ended March 31, 2017 is summarised below:

(₹ in crore)

Particulars	**2016-17**	*2015-16*

Debenture Redemption Reserve	**20.41**	*3.59*
Balance carried to Balance Sheet	**(189.58)**	*(206.79)*

STATE OF COMPANY'S AFFAIRS

The Company's name was changed from "L&T Krishnagiri Thopur Toll Road Limited" to "Krishnagiri Thopur Toll Road Limited" as approved by the Registrar of Companies with effect from October 20, 2016.

The gross revenue (toll revenue) and other income for the financial year under review were ₹132.90 crore as against ₹ 128.19 crore for the previous financial year registering an increase of 3.67%. The profit before tax from operations including extraordinary and exceptional items was ₹21.06 crore and the profit after tax of ₹20.42 crore for the financial year under review as against ₹0.55 crore and ₹(2.31) respectively for the previous financial year.

The Government of India, on November 8, 2016 declared the cancellation of legal tender of ₹500 and ₹1000 currency notes. The order was followed with a set of restrictions on exchange and withdrawal with Banks. To minimize the shortage of cash difficulties, the Ministry of Road Transport & Highways (MoRTH) had directed and suspended tolling operations in National Highways from November 9, 2016 till the Midnight of December 2, 2016.

Though the Concessionaires were hopeful of a direct Loss of Revenue compensation, MoRTH and the National Highway Authority of India (NHAI) had issued a standard operating procedure for release of compensation in phases and in line with the Concessionaire Agreement i.e reimbursement of O&M Expenses and Interest Cost. The tolling resumed on December 3, 2016 with an increased patronage for RFID tags, Credit / Debit Card transactions and other non-cash payment wallets. The Company had tied up with the respective agencies and mobilized Point of Sales (POS) in a short period of time along with ramping up the RFID handhelds and RFID enabled lanes at all the plazas. The challenge was handled exceptionally well by the Company and currently there are 16.51% of non-cash transactions as compared to the period prior to Demonetization. The Company has realized ₹1.77 crore towards 90% of interest cost for the period of 24 days where the toll had been suspended. The Company has initiated steps to realize the balance O&M & Interest Costs with NHAI.

CAPITAL EXPENDITURE

As at March 31, 2017 the gross fixed and intangible assets including leased assets, stood at ₹682.09 crore and the net fixed and intangible assets, including leased assets, stood at ₹ 365.47 crore. Capital Expenditure during the year amounted to ₹0.27 crore.

CAPITAL & FINANCE

The Company has not raised any funds during the financial year. During the year, the Company redeemed Non-Convertible Debentures worth ₹ 0.10 crore.

DEPOSITS

The Company has not accepted deposits from the public hence no amount on account of principal or interest on public deposits was outstanding as on the date of the balance sheet.

TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND

The Company did not have any requirement to transfer funds to Investor Education and Protection Fund during the year.

SUBSIDIARY / ASSOCIATE/ JOINT VENTURE COMPANIES

The Company does not have any Subsidiary/Associate/Joint Venture, Companies.

PARTICULARS OF LOAN GIVEN, INVESTMENTS MADE, GUARANTEES GIVEN OR SECURITY PROVIDED BY THE COMPANY

Since the Company is engaged in the business of developing infrastructure facility, the provisions of Section 186 except sub-section (1) of the Companies Act, 2013 (Act) are not applicable to the Company. However the details of loans given, investments made and guarantees/securities provided by the Company are given in the Note 8 of the audited financial statements.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All related party transactions (RPT) during the year have been approved in terms of the Act which are at Arm's length and in ordinary course of business. The Company will adhere to the RPT Policy of the Holding Company and the guidelines thereunder.

The Company has not entered into any material contracts or arrangements during 2016-17 and the disclosure as per Form AOC-2 of Companies Act, 2013 is given in this Report as **Annexure I**.

AMOUNT TRANSFERRED TO RESERVES

An amount of ₹20.42 crore has been transferred to the Debenture Redemption Reserve during the year.

DIVIDEND

The Directors do not recommend payment of dividend for the financial year in view of losses incurred by the company during the year.

MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF REPORT

No material changes or commitments adversely affecting the financial position of the Company between the end of the financial year and the date of this report.

DETAILS OF SIGNIFICANT AND MATERIAL ORDERS

No significant and material orders have been passed by the regulators or courts or tribunals impacting the going concern status of the Company and the Company's operations in future.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

In view of the nature of activities which are being carried on by the Company, Section 134(3)(m) of the Act read with Rule 8(3) of the Companies (Accounts) Rules, 2014, conservation of energy and technology absorption does not apply to the Company.

FOREIGN EXCHANGE EARNINGS AND OUTGO

The details of foreign exchange expense of the company for financial year 2016-17 is as follows:

Nature Of Expenses	Foreign Currency Expenditure		Gain/Loss(₹)
	Amount In Euro	Amount In INR	
Toll Software Support Services (AMC)	6,277.00	5,02,788.00	1,35,673.00
Toll Software Support Services (AMC)	6,277.00	5,02,788.00	1,57,925.00
Total	**12,554.00**	**10,05,576.00**	**2,93,598.00**

RISK MANAGEMENT POLICY

Krishnagiri Thopur Toll Road Limited in its Meeting of the Audit Committee on July 20, 2015 has reviewed and adopted a Risk Management Policy and the same has been implemented. Risks that are faced by the Company are identified, monitored and appropriate mitigation actions are taken at various levels as needed. There are no Risks in the opinion of the Audit Committee that may threaten the existence of the Company.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Your Company has designed and implemented a process-driven framework for Internal Controls on Financial Reporting System within the meaning of the explanation to Section 134(5)(e) of the Companies Act, 2013. For the year ended March 31, 2017, the Board is of the opinion that the Company has adequate internal controls commensurate with the nature and size of its business operations and these are operating effectively and no material weaknesses exist. The Company has a process in place to continuously monitor the same and identify gaps if any, and implement new and / or improved controls wherever the effect of such gaps would have a material effect on the Company's operations. The Statutory Auditors of the Company have reviewed the adequacy of the Internal Financial Control over Financial Reporting of the Company and the operating effectiveness of such control are reported in "Annexure A" to Auditor's Report for the financial year 2016-17.

CORPORATE SOCIAL RESPONSIBILITY

During the financial year 2015-16, the net profits of the company was more than ₹ 5 crore, hence pursuant to Section 135 of the Act, the company is required to constitute Corporate Social Responsibility Committee. Accordingly Corporate Social Responsibility Committee was constituted with Mr. N.Raghavan, Mr. Karthikeyan T.V and Dr. Esther Malini as Members of the Committee. However, since the average net profits for the previous three years is negative, the Company need not spend on Corporate Social Responsibility.

DETAILS OF DIRECTORS AND KEY MANAGERIAL PERSONNEL (KMP) APPOINTED/RESIGNED DURING THE YEAR

Changes in Directors and KMP

Dr. Esther Malini was liable to retire by rotation in the Annual General Meeting held on September 29, 2016 and was reappointed as Director of the Company.

- An Action Taken Report is presented to the Board

Presentations are made regularly to the Board (minutes of meetings are circulated to the Board). Presentations, inter alia cover business strategies, management structure, HR policy, management development and planning, half-yearly and annual results, budgets, treasury, review of Internal Audit, risk management, operations of subsidiaries and associates, etc. Independent Directors have the freedom to interact with the Company's management.

AUDIT COMMITTEE

The Company had constituted an Audit Committee in terms of the requirements of the Act. The Members of the Audit Committee are Mr. N.Raghavan, Dr.Ashwin Mahalingam and Dr. Esther Malini.

During the year under review, 6 meetings were held. The details of the meetings conducted during the year under review are given below:

Date	Strength of the Committee	No. of members present
April 29, 2016	3	3
July 13, 2016	3	3
September 16, 2016	3	3
October 18, 2016	3	2
January 17, 2017	3	2
March 16, 2017	3	3

In accordance with the requirements of the Companies Act, 2013, the Company has established a Vigil Mechanism framework for Directors and employees to report genuine concerns. The Chief Internal Auditor of the Holding Company was the co-ordinator for the Vigil Mechanism and responsible for receiving, validating, investigating and reporting to the Audit Committee during the year.

The Whistle Blower Policy of the Company meets the requirement of the Vigil Mechanism framework under the Act.

COMPANY POLICY ON DIRECTOR APPOINTMENT AND REMUNERATION

The Company had constituted the Nomination and Remuneration Committee in accordance with the requirements of the Companies Act, 2013 read with the rules made thereunder. The Members of the Nomination and Remuneration Committee are Mr. N.Raghavan, Dr. Ashwin Mahalingam and Dr. Esther Malini.

During the year, 2 nomination and remuneration committee meeting were held and the details are given below:

Date	Strength of the Committee	No. of members present
April 29, 2016	3	3
July 13, 2016	3	3

The Committee has formulated a policy on Director's appointment and remuneration including recommendation of remuneration of the key managerial personnel and other employees and the criteria for determining qualifications, positive attributes and independence of a Director.

DECLARATION OF INDEPENDENCE

The Company has received a declaration of independence as stipulated under Section 149(7) of the Companies Act, 2013 confirming that he/she is not disqualified from continuing as an Independent Director.

EXTRACT OF THE ANNUAL RETURN

The extract of the annual return in Form No. MGT - 9 is enclosed in this Report as **Annexure II**.

DIRECTORS RESPONSIBILITY STATEMENT

The Board of Directors of the Company confirms that:

a) In the preparation of Annual Accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures.

b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for that period.

c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.

d) The Directors have prepared the Annual Accounts on a going concern basis.

e) The Directors had laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively.

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and were operating effectively.

PERFORMANCE EVALUATION OF THE BOARD, ITS COMMITTEES AND DIRECTORS

The Nomination and Remuneration Committee and the Board have laid down the manner in which formal annual evaluation of the performance of the Board, committees and individual directors has to be made.

It includes circulation of questionnaires to all Directors for evaluation of the Board and its Committees, Board composition and its structure, its culture, Board effectiveness, Board functioning, information availability, etc. These questionaries' also cover specific criteria and the grounds on which all directors in their individual capacity will be evaluated.

The Independent Directors Meeting was proposed to be held during December 2016. However, due to non-availability of Independent Directors, the Meeting could not be scheduled. The Independent Directors at the meeting held on March 16, 2017, reviewed the performance of Board, Committees, and Non-Executive Directors. The performance evaluation of the Board, Committees and Directors was also reviewed by the Nomination and Remuneration Committee and the Board of Directors.

DISCLOSURE OF REMUNERATION

There are no employees in the company covered by the provisions Section 197 of the Act read with rule 5(2) of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

COMPLIANCES WITH SECRETARIAL STANDARDS ON BOARD AND ANNUAL GENERAL MEETINGS

The Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Board Meetings and Annual General Meetings.

PROTECTION OF WOMEN AT WORKPLACE

A policy on 'Protection of Women's Rights at Workplace' was adopted by the Company at the Board Meeting held on July 13, 2016. This has been widely disseminated. There were no cases of sexual harassment received in the Company during the year 2016-17.

AUDITOR AND AUDITOR'S REPORT

Statutory Auditors

M/s. M.K.Dandeker & Co, Chartered Accountants, hold office until the conclusion of the ensuing Annual General Meeting ("AGM"). ANNEXURE III

FORM NO. MR-3

SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31.03.2017.

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
KRISHNAGIRI THOPUR TOLL ROAD LIMITED
Mount Poonamalle Road, Manapakkam, Chennai - 600089

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Krishnagiri Thopur Toll Road Limited (hereinafter called the "Company").

The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the secretarial audit, We hereby report that, in our opinion, the Company has, during the audit period covering the financial year ended on 31st March 2017, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2017 according to the provisions of:

(i) The Companies Act, 2013 (the Act) and the rules made thereunder;

(ii) *The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

(iii) *The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

(iv) *Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

(a) *The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

(b) *The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

(c) *The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

(d) *The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;

(e) *The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

(f) *The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

(g) *The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and

(h) *The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

(vi) The other laws applicable specifically to the company: Nil

We have also examined whether adequate systems and processes are in place to monitor and ensure compliance with general laws like labour laws, competition laws, environment laws etc

In respect of financial laws like Tax laws, etc we have relied on the audit reports made available during our audit for us to have the satisfaction that the Company has generally complied with the provisions of such laws

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards issued by The Institute of Company Secretaries of India.

(ii) * Listing Obligations and Disclosure Regulations of Securities Exchange Board of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except the following:

1. The Company has not complied with the requirements of Section 203 for appointment of Whole-time Company Secretary.

Note:

*** Denotes "NOT APPLICABLE".**

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Directors, Women Director and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the company had the following major transactions/ events:

1. During the year the Company has changed its name from "L & T KRISHNAGIRI THOPUR TOLL ROAD LIMITED" to "KRISHNAGIRI THOPUR TOLL ROAD LIMITED" with the requisite approval of the members of the Company.
2. The Company has altered the Articles of Association by Annexing a Part-A comprising of Clauses 1 to 13 with the approval of members of the Company by a special Resolution. The alteration has been made pursuant to investment agreement entered into by the holding Company, L&T Infrastructure Development Projects Limited with CPP Investment Board Singaporean Holdings 1 PTE Ltd based on which a perpetual deed was entered into between the shareholders of the Company and CPP Investment Board Singaporean Holdings 1 PTE Ltd , which required the said alteration. The alteration seeks in substance to define the modus operandi of appointment of Directors on the Board of the Company.
3. The Company has satisfied charges in respect of consortium Credit facilities from State Bank of India and seven other banks during the year for an amount of ₹ 389 Crores (App.)

This report has to be read along with our statement furnished in Annexure A

TO THE MEMBERS OF KRISHNAGIRI THOPUR TOLL ROAD LIMITED (Formerly Known as L&T Krishnagiri Thopur Toll Road Limited)

REPORT ON THE IND AS FINANCIAL STATEMENTS

We have audited the accompanying Ind AS financial statements of **Krishnagiri Thopur Toll Road Limited** (Formerly Known as L&T Krishnagiri Thopur Toll Road Limited) ("the Company"), which comprise the Balance Sheet as at 31st March 2017, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Changes in Equity, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE IND AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at 31st March 2017, its financial performance including Other Comprehensive Income, changes in equity and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we enclose in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the said order.
2. As required by Section 143 (3) of the Act, we report that:
    (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
    (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
    (c) The Balance Sheet, the Statement of Profit and Loss, the statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
    (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.
    (e) In our opinion, the Company is a going concern as mentioned in Note H (16) in the Ind AS financial statements.

(f) On the basis of the written representations received from the directors as on 31st March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.

(g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of Our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. The Company has provided requisite disclosures in its Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November 2016 to 30th December 2016 and these are in accordance with the books of accounts maintained by the Company. Refer Note H (15) to the Ind AS financial statements.

ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

1. a. The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;

   b. The Fixed Assets have been physically verified by the Management at regular Intervals and no material discrepancies were noticed on such verification.

   c. The title deeds of immovable properties are held in the name of the Company.

2. The Company is engaged in the business of infrastructure development and maintenance and hence clause 3 (ii) of the Companies (Auditor's Report) Order 2016 relating to inventory is not applicable.

3. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.

4. According to the information and explanations given to us, provisions of section 185 and 186 of the Companies Act, 2013 are complied with in respect of loans, investments, guarantees and securities given by the Company, if any.

5. The Company has not accepted deposits and the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under are not applicable to the Company.

6. The Company is maintaining the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act in respect of services carried out by the Company.

7. a. According to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with the appropriate authorities.

   b. According to the information and explanation given to us, the Company has no statutory dues which have not been deposited on account of disputes.

8. The Company has not defaulted in repayment of loans or borrowings to a financial institution, bank, Government or dues to debenture holders.

9. The Company did not raise any money by way of debt instruments and term loans during the year. Accordingly, clause 3 (ix) of the Companies (Auditor's Report) Order, 2016 is not applicable.

10. Based on the information and explanation given to us, no material fraud by the Company or any fraud on the Company by its officers or employees has been noticed or reported during the year.

11. According to the information and explanations given to us and based on our examination of the records of the Company, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Companies Act 2013.

12. The Company is not a Nidhi Company and hence clause 3 (xii) of the Companies (Auditor's Report) Order 2016 is not applicable.

13. According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 where applicable and the details of such transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.
14. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
16. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in our Report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of **Krishnagiri Thopur Toll Road Limited** (Formerly Known as L & T Krishnagiri Thopur Toll Road Limited) ("the Company") as of March 31, 2017 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

10 Disclosure pursuant to Ind AS 36 "Impairment of Assets"

Based on a review of the future discounted cash flows of the project facility, the recoverable amount is higher than the carrying amount and hence no provision for impairment is made for the year.

11 Disclosures as per Ind AS 37 - "Provisions, Contingent Liabilities and Contingent assets "

a) Nature of provisions:

The company is required to operate and maintain the project highway during the entire concession period and hand over the project back to the Authority (NHAI) as per the maintenance standards prescribed in Concession agreement.

For this purpose, a regular maintenance along with periodic maintenances is required to be performed. Normally periodic maintenance includes resurface of pavements, repairs of structures and other equipments and maintenance of service roads.

As per industry practice, the periodic maintenance is expected to occur after 5-7 years. The maintenance cost / bituminous overlay may vary based on the actual usage during maintenance period. Accordingly on the grounds of matching cost concept and based on technical estimates, a provision for major maintenance expenses is reviewed and is provided for in the accounts annually.

NOTES FORMING PART OF ACCOUNTS (Contd.)

b) Movement in provisions:

Particulars	Major maintenance provision	
	2016-17	*2015-16*

c) Contingent Liabilities :

Disclosure in respect of contingent liabilities is given as part of Note no. F to the Balance Sheet.

12 Disclosure as per Ind AS 1 - "Presentation of Financial Statements"

For the purpose of the company's capital management, capital includes issued equity capital, convertible preference shares, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the company's capital management is to maximise the shareholder value.

(Ind AS 1 requires the company to make quantitative and qualitative disclosures regarding objectives policies and processes for managing capital. Also, if comparitive amounts are reclassified, nature amount and reason to be disclosed and not just the fact of reclassification.)

13 First time adoption of Ind AS

These financial statements, for the year ended 31 March 2016, are the first the Company has prepared in accordance with Ind AS. For periods up to and including the year ended 31 March 2015, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 March 2016, together with the comparative period data as at and for the year ended 31 March 2015, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1 April 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1 April 2015 and the financial statements as at and for the year ended 31 March 2016.

NOTES FORMING PART OF ACCOUNTS (Contd.)

14 Transition adjustments

The following is a brief summary of the GAAP adjustments made by the Company on account of transition to IndAS from the previous GAAP.

(i) Borrowings

Under Indian GAAP, transaction costs incurred in connection with borrowings are amortised over the tenor of the loan. For transition to IndAS, such transaction costs are adjusted with the fair value of the borrowings on initial recognition. Interest on the borrowings is accounted under the Effective Interest Rate method (EIR). Accordingly borrowings as at 31 March 2015 have been reduced by ₹ 19,39,979. Consequently an amount of ₹ 19,39,979 has been adjusted to retained earnings.

(ii) Provisions

Under Indian GAAP, the Company had accounted for provisions, including the provision periodic major maintenance at the amounts expected to settle the obligation on an undiscounted basis since the previous GAAP prohibited discounting of provisions other than employee benefits. For transition to Ind AS, the provisions are recognised at the present value of the expenditure expected to be required to settle the obligation. The difference between the carrying amount of provisions under IndAS and IGAAP is accounted for in the opening reserves amounting to ₹ 6,60,00,000. Consequently, provision for periodic major maintenance as at the transition date is adjusted to the extent of ₹ 6,60,00,000

(iii) Negative Grant/Additional Concession fee payable

Under Indian GAAP, the amount of Negative Grant / Additional Concession fee payable over the concession period is capitalized as part of Toll Collection Rights on the “Commercial Operations Date”, on an undiscounted basis by recognising a Deferred payment liability to the extent of the amount of Negative Grant/Additional Concession fee payable. For transition to IndAS, the Deferred payment liability is restated to its present value by using a discount rate that matches with the tenor of the liability and that reflects market assessments of the interest payable on such liabilities. Consequently, the toll collection rights is reduced by ₹ 201,59,88,202.

(iv) Debt from the Holding Company at subsidized rates

The Company received loans at subsidized rates from the Holding Company under the Common Loan Agreement entered with the Project Lenders. As per the terms of the agreement, the loan was disclosed under Long term borrowings from related parties. For transition to IndAS, the difference between the amount received and fair value on initial recognition is recognised as “Equity Component of Other Financial Instruments” and included as part of “Other equity”. Consequently, the loans have been reduced by ₹ 11,39,12,502 by a corresponding adjustment to “Equity Component of Other Financial Instruments”.

(v) Current investments

Under Indian GAAP, investment in mutual funds were stated at lower of cost and fair value. Any gain/loss on disposal was accounted for in the statement of profit and loss. For transition, mutual fund investments are categorised as Financial instruments at Fair Value Through Profit or Loss (FVTPL). Any unrealised gains/losses are included in the carrying amount of such investments as at the reporting date. Consequently the carrying amount of mutual fund investments is increased by ₹ 20,37,303 with a corresponding increase in the reserves.

15 Details of Specified Bank Notes held and transacted during the period 09-Nov-2016 to 30-Dec-2016 provided in the table below:

Particulars	SBNs	Other Denomination notes	Total
Opening cash in hand as on 09-Nov-2016	1,103,500	2,215,000	3,318,500
(+) Permitted receipts	15,594,500	87,021,971	102,616,471
(-) Permitted payments	–	–	–
(-) Amount deposited in Banks	16,698,000	76,655,500	93,353,500
Closing cash in hand as on 30-Dec-2016	–	12,581,471	12,581,471

The amount disclosed as ‘permitted receipts’ in other than SBNs denote the net income to the company from toll collection through cash mode. Irrespective of the denomination in which the amount is received and amount which was returned as change to the users, the amount disclosed will contain only the net amount accounted by the company as toll collected through cash.

16 The Company operates in the infrastructure business sector which involves huge capital investments. The company’s net worth has been eroded. However the loss incurred so far is start up in nature and the Management expects that the Company’s revenue for the subsequent financial years will be sufficient to meet the expenditure and recoup the losses incurred thereby strengthening the financial position of the Company. Accordingly, the financial statements have been prepared on going concern basis.

Default and breaches

There are no defaults with respect to payment of principal interest, sinking fund or redemption terms and no breaches of the terms and conditions of the loan.

There are no breaches during the year which permitted lender to demand accelerated payment.

18 Fair value of Financial asset and liabilties at amortized cost

Particular	Note no.	As at March 31, 2017		As at March 31, 2016		As at April 01, 2015	
		Carrying amount	Fair value	Carrying amount	Fair value	Carrying amount	Fair value
Financial Assets							
Security Deposits	6	850,550	850,550	704,960	704,960	643,800	643,800
Cash and cash equivalents	9	21,593,353	21,593,353	11,357,361	11,357,361	36,672,393	36,672,393
Total Financial Assets		22,443,903	22,443,903	12,062,321	12,062,321	37,316,193	37,316,193
Financial liability							
Term Loan from Banks	12	3,863,562,059	3,863,562,059	4,296,991,799	4,296,991,799	4,117,414,175	4,117,414,175
Term Loan from related parties	12	–	–	–	–	350,893,170	350,893,170
Short term borrowings	12	–	–	73,308,482	73,308,482	–	–
Other Current Financial Liabilities	13	621,919,571	621,919,571	628,523,954	628,523,954	890,392,056	890,392,056
Trade Payables	16	21,707,494	21,707,494	75,022,909	75,022,909	30,070,421	30,070,421
Total Financial Liabilities		4,507,189,124	4,507,189,124	5,073,847,144	5,073,847,144	5,388,769,822	5,388,769,822

The carrying amount of current financial assets and current trade and other payables measured at amortised cost are considered to be the same as their fair values, due to their short term nature.

The carrying amount of Security Deposit measured at amortized cost is considered to be the same as its fair value due to its insignificant value.

The carrying value of Rupee Term Loan approximate fair value as the instruments are at prevailing market rate.

20 Financial Risk Management

The company's activities expose it to variety of financial risks : market risk, credit risk and liquidity risk. The company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established a risk management policy to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management systems are reviewed periodically to reflect changes in market conditions and the Company's activities. The Board of Directors oversee compliance with the Company's risk management policies and procedures, and reviews the risk management framework.

A) Market risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk.

i Foreign Currency Risk

Foreign currency risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate.

The company is not exposed to foreign currency risk as it has no borrowing or no material payables in foreign currency.

ii Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

NOTES FORMING PART OF ACCOUNTS (Contd.)

The Interest risk arises to the company mainly from Long term borrowings with variable rates. The company measures risk through sensitivity analysis.

Currently, Lending by Commercial Banks is at variable rate, which is an inherent business risk.

The company's exposure to interest rate risk due to variable interest rate borrowings is as follows:

Particulars	**31.03.2017**	*31.03.2016*	*01.04.2015*
Senior Debt from Banks - Variable rate borrowings	**3,239,177,814**	*3,254,468,946*	*2,998,048,405*

Sensitivity analysis based on average outstanding Senior Debt

Interest Rate Risk Analysis	**Impact on profit/ loss after tax**	
	FY 2016-17	FY 2015-16
Increase or decrease in interest rate by 25 basis points	8,117,058	7,815,647

Note: Profit will increase in case of decrease in interest rate and vice versa

iii Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk).

The company measures risk through sensitivity analysis.

The company's risk management policy is to mitigate the risk by investments in diversified mutual funds.

The company's exposure to price risk due to investments in mutual fund is as follows:

Particulars	**Note No.**	**31.03.2017**	**31.03.2016**	**01.04.2015**
Investments in Mutual Funds	**6**	**354,102,438**	293,678,652	176,101,064

Sensitivity Analysis

	Impact on profit/ loss after tax	
	31.03.2017	31.03.2016
Increase or decrease in NAV by 1%	3,541,024	2,936,787

Note - In case of decrease in NAV profit will reduce and vice versa.

B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets.

The company is exposed to liquidity risk due to bank borrowings and trade and other payables.

The company measures risk by forecasting cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due without incurring unacceptable losses or risking damage to the Company's reputation. The Company ensures that it has sufficient fund to meet expected operational expenses, servicing of financial obligations.

The following are the contractual maturities of financial liabilities

As at March 31, 2017	**Carrying Amount**	**upto 1 year**	**1 - 2 years**	**2 - 5 years**	**> 5 years**
Non Derivative Financial Liability					
Senior Debt from Banks	3,239,177,814	16,275,056	16,275,056	1,026,295,255	2,180,332,447
Trade Payables	21,707,494	21,707,494			
Derivative Financial Liability	**NIL**	**NIL**	**NIL**	**NIL**	**NIL**

As at March 31, 2016	**Carrying Amount**	**upto 1 year**	**1 - 2 years**	**2 - 5 years**	**> 5 years**
Non Derivative Financial Liability					
Senior Debt from Banks	3,254,468,946	385,875,000	16,275,056	371,881,222	2,480,437,668
Trade Payables	75,022,909	75,022,909			
Derivative Financial Liability	**NIL**	**NIL**	**NIL**	**NIL**	**NIL**

NOTES FORMING PART OF ACCOUNTS (Contd.)

As at April 01, 2015	Carrying Amount	upto 1 year	1 - 2 years	2 - 5 years	> 5 years
Non Derivative Financial Liability					
Senior Debt from Banks	2,998,048,405	286,100,000	385,875,000	1,913,625,000	412,448,405
Trade Payables	30,070,421	30,070,421			
Derivative Financial Liability	**NIL**	**NIL**	**NIL**	**NIL**	**NIL**

C) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

The company generally does not have trade receivables as collection of toll income coincide as and when the traffic passes through toll - plazas. Hence, the management believes that the company is not exposed to any credit risk.

21 Disclosure pursuant to Appendinx - A to Ind AS 11 - " Service Concession Arrangements"

21.1 Description and classification of the arrangment

Krishnagiri Thopur Tollroad Limited is a Special Purpose Vehicle (SPV) incorporated for the purpose of the strengthening and widening the existing 86 kms road on NH-7 from Krishnagiri to Thopur in the state of Tamil Nadu , under Build, Operate and Transfer (BOT) basis based on the Concession Agreement dated 17th January 2006 with National Highways Authority of India. The Company had completed construction on February 6th , 2009 and commenced commerial operation from that date. The concession period is 20 years which shall end on 17th January 2026.

21.2 Significant Terms of the arrangements

i) Revision of Fees:

Fees shall be revised annually on September 1 subject to the provisions Schedule G of the Concession Agreement (CA) dated January 17, 2006

ii) Concession Fee, Other Fees and Excess Revenue Sharing:

vi) Details of Termination

CA can be terminated on account of default of the company or NHAI in the circumstances as specified under Chapter VI and VII of the CA.

NOTE I

SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1 Basis of preparation

(a) Compliance with IndAS

The Company's financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

NOTES FORMING PART OF ACCOUNTS (Contd.)

The financial statements upto to the year ended 31 March 2016 were prepared in accordance with the accounting standards notified under the Companies (Accounting Standard) Rules, 2006 as amended and other relevant provisions of the Act.

These financial statements are the first financial statements of the Company under IndAS. Refer H (12) and H (13) for an explanation on how the transition from previous GAAP to IndAS has affected the Company's financial position, financial performance and cash flows.

(b) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items

Items	**Measurement basis**
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations
Assets held for sale	fair value less costs to sell

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with IndAS requires the management to make estimates and assumptions considered in the reported amounts of assets, liabilities (including contingent liabilities), income and expenses. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize. Estimates include the useful lives of property plant and equipment and intangible fixed assets, allowance for doubtful debts/ advances, future obligations in respect of retirement benefit plans, provisions for resurfacing obligations, fair value measurement etc.

(d) Measurement of fair values

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- **Level 1** inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- **Level 2** inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- **Level 3** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees rounded off to nearest rupee in line with the requirements of Schedule III. Per share data are presented in Indian Rupees to two decimal places.

3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

a) Toll collections from the users of the infrastructure facility constructed by the Company under the Service Concession Arrangement is accounted for based on actual collection, net of revenue share payable under the Concession agreement wherever applicable. Revenue from sale of smart cards is accounted on cash basis.

b) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate. Interest Income on non-performing assets is recognised upon realization, as per guidelines issued by the Reserve Bank of India.

c) License fees for way-side amenities are accounted on accrual basis.

d) Fair value gains on current investments carried at fair value are included in Other income.

e) Other items of income are recognised as and when the right to receive arises.

4 Cash and bank balances

Cash and bank balances also include fixed deposits, margin money deposits, earmarked balances with banks and other bank balances which have restrictions on repatriation. Short term highly liquid investments being not free from more than insignificant risk of change are not

NOTES FORMING PART OF ACCOUNTS (Contd.)

included as part of cash and cash equivalents. Bank overdrafts which are part of the cash management process is included as part of cash and cash equivalents.

5 Cash flow statement

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

(a) transactions of a non-cash nature;

(b) any deferrals or accruals of past or future operating cash receipts or payments and,

(c) all other items of income or expense associated with investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement. Those cash and cash equivalents which are not available for general use as on the date of Balance Sheet are also included under this category with a specific disclosure.

6 Property, plant and equipment (PPE)

Freehold land is carried as historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and cumulative impairment. Historical cost includes expenditure that is directly attributable to acquisition of the items. Land acquired under long term lease is classified as “Property, Plant and equipment” and is depreciated over the period of lease.

Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. Properties in the course for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes expenditure that is directly attributable and for qualifying assets, borrowing costs capitalised in accordance with the Company’s accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and assets under construction) less their residual values over their useful lives using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives of the assets are as follows:

Category of Property, plant and equipment	**"Estimated “useful life “(in years)"**
Buildings including ownership flats	50
Plant and equipment:	
DG Sets	12
Air-conditioning and refrigeration equipment	12
Split AC and Window AC	4
Furniture and fixtures	10
Vehicles:	
Motor cars (other than those under the Company owned car scheme)	7
Motor cars (under the Company owned car scheme)	5
Motor cycles, scooters and other mopeds	10
Tractors and other vehicles	8
Office equipment:	
Multifunctional devices, printers, switches and projectors	4
Other office equipments	5
Computers:	
Servers and systems	6
Desktops, laptops, etc,	3
Wind power generating plant	20
Electrical installations	10

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

NOTES FORMING PART OF ACCOUNTS (Contd.)

Depreciation charge for impaired assets is adjusted in future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

7 Amortisation of intangible assets

Toll collection rights in respect of road projects are amortized over the period of concession using the straight line method prescribed under Schedule II to the Companies Act, 2013. Under the straight line method, the asset is amortised over the period of 20 years in accordance with the concession agreement as they represent right to collect Toll revenue during the concession period.

For transition to IndAS, the Company has availed the option to continue with the Revenue based amortisation method prescribed under Schedule II to the Companies Act, 2013 for toll collection rights recognised under service concession arrangements recognised for the period ending immediately before the beginning of the first IndAS reporting period as per the previous GAAP.

8 Exceptional items

On certain occasions, the size, type or incidence of an item of income or expense is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

9 Intangible assets

a) Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Toll Projects (Right to charge users)

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue during the concession period in respect of Build-Operate-Transfer (“BOT”) project undertaken by the Company. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India (“NHAI”)/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development. The revenue from toll collection/other income during the construction period is reduced from the carrying amount of intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as “Change of Scope”) is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/State authorities are reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

b) Other intangible assets

Specialized software is amortized over a period of three to six years on straight line basis from the month in which the addition is made.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods so as to allocate the assets’ revised carrying amount over its remaining useful life.

10 Foreign currency transactions and translations

a) Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

b) Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are :

(i) adjusted in the cost of fixed assets specifically financed by the borrowings contracted, to which the exchange differences relate.

c) Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Consolidated Statement of Profit and Loss.

11 Investments

Trade investments comprise investments in entities in which the Group has strategic business interest.

Investments, which are readily realizable and are intended to be held for not more than one year, are classified as current investments. All other investments are classified as long term investments.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the requirements of cost model.

NOTES FORMING PART OF ACCOUNTS (Contd.)

For transition to IndAS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 01, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost on the transition date.

12 Employee benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

(i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under :

(a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

(ii) Post employment benefits

(a) Defined contribution plans:

The Company's superannuation scheme and State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

(b) Defined benefit plans:

The employees' gratuity fund scheme and the provident fund scheme managed by the trust of the Holding Company are the Group's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the return on plan assets (excluding net interest) and any change in the effect of asset ceiling (if applicable) are recognised in other comprehensive income and is reflected immediately in retained earnings and is not reclassified to profit & loss.

The interest element in the actuarial valuation of defined benefit plans, which comprises the implicit interest cost and the impact of changes in discount rate, is classified under finance cost. The balance charge is recognised as employee benefit expenses in the Statement of Profit and Loss.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Company recognises related restructuring costs or termination benefits.

(iii) Other long term employee benefits:

The obligation for other long term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned in (ii)(b) above.

(iv) Termination benefits

Termination benefits such as compensation under Voluntary Retirement cum Pension Scheme are recognised as expense and a liability is recognised at the earlier of when the Company can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

13 Borrowing costs

Borrowing costs include interest calculated using the effective interest method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Consolidated Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for acquisition, construction or production of qualifying assets,

NOTES FORMING PART OF ACCOUNTS (Contd.)

pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Consolidated Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

14 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

Operating leases:

(a) Property, plant and equipment acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on a straight line basis over the term of the relevant lease.

(b) Property, plant and equipment leased out under operating leases are continued to be capitalised by the Company. Rental income is recognised on a straight-line basis over the term of the relevant lease.

15 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

16 Income taxes
